Manufacturers of

INSIDE & OUTSIDE BLINDS

Specially constructed DARK BLINDS designed for Hospitals, X-Ray Rooms, Clinics, etc., and for other scientific purposes.

Electrically operated BLINDS (Interior or Exterior) for Lecture Halls, Skylights, etc.

This blind
can now
be fitted
with a
SPECIAL
VENTILATING
HEAD

Ready for fixing by any handy man PRICE upon application.

DARK-BLIND (Type A)

Fitted in Light-Tight Box with Grooved Wood-Casings

NOTICE: We have now supplied and fixed over 400 Hospitals and Schools including Cambridge and Oxford Universities, with above type of LIGHT-EXCLUDING BLIND

In perfect accord with modern trends

The definite tendency of modern taste towards severity of outline and clear cut dignity of design, focuses attention on integrity of construction. In this respect Bratt Colbran fireplaces are unique. Although available in a variety of widely different treatments, all

possess a certain inspired simplicity of character, justified by the clever use of fine materials. And, needless to say, the "Heaped" Fire can be recommended and installed with complete confidence on the merit of its outstanding efficiency.

L CONSTRUCTION OF FLOORS

Frazzi Limited have behind them 30 years' experience in floor construction. Not in just one type of floor designed to make use of a particular shape or size of hollow block, or concrete beam, or reinforcement, but in the choice and construction of the best possible type for the job. Actually, two types of floor are instandingly successful: the hollow block floor, and the self-bentering floor. Which is better is simply a matter of ingineering knowledge and careful costing calculation. Where our experience and knowledge can be of any service, it is laced freely at the disposal of any Architect or Surveyor.

100,000 Midhurst Whites used every day

We are all the more pleased when the "stars who use this Gaumont Film Studio are as British as the bricks used—Midhurst Whites. Indeed, Shepherd's Bush, as a district, is far from being one of London's architectural show-places, and this fine studio, built with bricks which closely

resemble Portland Stone, does shine out like a good deed well done. But it is not purely on the æsthetic side that Midhurst Whites please. There are practical considerations of strength, of low porosity, of cost, of endurance, of light-effection—and on each of these counts Midhurst Whites will more than satisfy the enquiring architect.

MIDHURST WHITES

The Midhurst Brick Co. Ltd., Windsor House, Victoria Street, London, S.W.1.

The CLAY BRICK

ANCIENT IT IS-

and has come down to us from times before Memphis—from times before Tyre.

INEVITABLE IT IS-

and takes its place with the great primary inventions of mankind—the wheel, the ball, the lever, and the hinge.

INDISPENSABLE IT IS—

and has been part of all fashions, part of all periods, part of all styles.

MODERN IT IS—

and if, by some strangeness, it were forgotten to=day, it would be in=vented again for TO=MORROW.

THE DORKING BRICK CO. LTD.

North Holmwood—DORKING

SPEARPOINT FLOOR CLIPS

Spearpoint Floor Clips are inserted into the concrete whilst it is plastic; shoulders and raised bosses give complete anchorage. Nailing flanges lie perfectly flat until joists are to be laid. Supplied in four sizes, to suit $1\frac{1}{2}$ in, 2 in, 3 in, and 4 in, joists.

ABSO

This is the trade-mark of the Abbey Building Supplies Co., who are specialists in all forms of anchorages to concrete. Full detailed information and samples of any of our products will gladly be sent on application.

LLOYD WALLBOARDS

make their contribution to sound planning and good design

Lloyd Insulation Board besides ensuring warm, y, sound-absorbing walls, makes an excellent foundation for plaster, plastic paint or wall-paper and makes possible these large, clean surfaces that are such a feature of modern planning.

Lloyd Hardboard is an excellent material for wall-lining and interior fittings of all kinds—its hard, smooth

surface can be treated without preparation or can be left in its natural state. Lloyd Hardboard bends easily so that it conforms readily to those sweeping curves that modern architecture demands and it comes in such large sizes and standard qualities and thickness that broad surfaces can be covered very quickly.

LLOYD WALLBOARDS. The Modern Material for good design. Particulars of Lloyd Insulation Board; Bituminous Board; Medium, Hard and Super-Hard board; and the Lloyd-Kemsley Flush Doors are readily available from Edward Lloyd Wallboards Ltd., Shell Mex House, Strand, W.C.2. Telephone: Temple Bar 9221.

SCIENTIFIC DESIGN

GIVES ADDED GRACE Designed primarily as efficient heat-diffusers, 'Pall Mall' Radiators achieve at the same time a slim grace that is perfectly in keeping with modern ideals of interior decoration. The curves of the columns are 'hypercycloidal,' to ensure that from each column a maximum of radiated heat passes into the room and the waterway is cast to the Crane patent design. The Crane Shield, too, which directs the heated air outwards into the room at body level, is far neater and more cleanly than the elaborate devices elsewhere offered for the same purpose.

LEAD GLAZING

FOR ROOFS, SKYLIGHTS & HORTICULTURAL WORK

Will solve most of the difficulties of ordinary glazing. No putty or outside painting required. Absolute permanence. The Simplex Glazing system possesses

three outstanding advantages:

SIMPLICITY.
ADAPTABILITY.
DURABILITY.

The increase infirst cost over ordinary putty glazing is soon repaid by the subsequent economy in maintenance, and we believe it to be the cheapest effective patent glazing on the market.

THE SYSTEM IS USED ON A VARIETY OF STRUCTURES AND IN INCREASING QUANTITIES. FULL DETAILS AND INSTRUCTIONAL LEAFLETS SUPPLIED ON REQUEST. VARIOUS SECTIONS SUITABLE FOR DIFFERENT TYPES OF WORK ARE ILLUSTRATED ABOVE.

SIMPLEX STEEL BAR GLAZING

Rolled Bars, Type 90, for spans up to 71/2

FRANKI PILING SYSTEM FOR EVERY PURPOSE

Architects, faced with any sort of foundation problem due to the absence of good carrying strata, can make sure of a perfectly sound and economical job by specifying the appropriate Franki Piling System. Franki Piles have been driven successfully in all parts of the world, and are to-day safely carrying some of the largest and heaviest structures erected on bad ground.

STANDARD PILES Cast-in-Situ, by means of driving tubes, concrete in Franki Standard Piles can be stopped at approximate point required, eliminating expensive cutting off. Their enlarged base, great diameter of shaft, and rough surface ensure maximum skin friction. They carry an average working load of 80 to 110 tons per pile, so reducing number of piles required.

LIGHTWEIGHT PILES For buildings with lighter stanchion loads Franki efficiency can be combined with maximum economy by using one of the two types of Franki Lightweight Piles, which have average working loads up to 45 tons and 65 tons respectively.

FORUM PILES In situations where vibration, noise and fumes must be avoided, Franki Forum Piles, sunk quietly and rapidly by hand, are ideal. They are extremely economical, need only a few feet of head room, and can be sunk right up against existing property without fear of damage. Average working load 35 tons per Pile.

The Lightest Partition Block in the World

Fosalsil Partitions show a net saving of 6d. per yard super on the use of old type building materials, the crection of Partitions of 3 in. thickness saving approximately 100 lbs. of dead weight per yard super. This saving reduces steelwork and foundation costs, and the use of Fosalsil gives better heat, cold, and sound insulation. Write for fullest particulars, and constructional details.

The most efficient method of Flue . . . Construction

Flue gas temperatures have increased greatly, and the old type of cavity construction is found inadequate to cope with them. The solution to the problem is the elimination of the cavity by using Fosalsil Flue Bricks bonded back into ordinary bricks. This method of construction has become standard, and shows a saving in crection cost and a dead weight saving of sixty pcc cent. Have all the facts and figures before you by sending for folder No. 152A.

FORM FOR BEQUEST OF LEGACY.

I GIVE AND BEQUEATH to the Royal Institute of British Architects, Incorporated by Royal Charters 7 Will. IV., 50 Vict., 8 Edw. VII., and 15 Geo. V., the sum of

free of duty,* to be applicable [in the discretion of the Council of the said Institute, for the general purposes or for such special purposes as the said Council shall determine],† AND I DIRECT and declare that the said Legacy shall be paid to the President for the time being of the said Institute, whose receipt shall be an effectual and sufficient discharge for the same.

- If it is not desired that the legacy be given free of duty the words " free of duty " should be omitted.
- † If any special directions or conditions are to be attached to the legacy the part in brackets to be omitted and the special matter inserted.

FORM FOR BEQUEST OF RESIDUE.

I GIVE, DEVISE, AND BEQUEATH my residuary estate to the Royal Institute of British Architects, Incorporated by Royal Charters 7 Will. IV., 50 Vict., 8 Edw. VII., and 15 Geo. V., to be applied [in the discretion of the Council of the said Institute, to the general purposes thereof or to such special purposes as the said Council shall determine].‡

† NOTE.—If any special directions or conditions are to be attached to the residuary bequest the part in brackets to be omitted and the special matter inserted.

THE ROYAL INSTITUTE OF BRITISH ARCHITECTS

INCORPORATED BY ROYAL CHARTERS WILLIAM IV, VICTORIA, EDWARD VII, AND GEORGE V.

66 PORTLAND PLACE, LONDON, W.1.

Tel. Welbeck 5721 [4 lines]. T.A. "RIBAZO, WESDO, LONDON."

103rd Session

1936-1937

The Secretary of the Institute: SIR IAN MACALISTER, M.A.Oxon.

All communications should be addressed: The Secretary, R.I.B.A., at the Offices of the Institute, 66 Portland Place, London, W.I.

INTRODUCTION. T.

HISTORICAL SKETCH.

HE earliest English architectural society of which we have record was a club called the Architects' Club, which was founded in 1791, and held its meetings at the Thatched House Tavern. The treasurer was Samuel Pepys Cockerell, father of Professor Cockerell (second President of the Institute), and grandfather of Frederick Pepys Cockerell (for many years Honorary Secretary). Among the original members were Sir William Chambers, Robert Adam, Robert Milne, John Soane, Thomas Hardwick,

James Wyatt, George Dance, S. P. Cockerell.*

Later we find the London Architectural Society, established in 1806, probably the first institution formed by professional men with aims and objects similar to those of the present Royal Institute. By the rules of this Society members were required to produce annually, according to a rotation and time agreed upon, an architectural design never before in any way made public, consisting of at least one plan, elevation, and section, and accompanied with observations, critical and explanatory, under forfeiture of two guineas; also an essay on some subject connected with civil architecture, under forfeit of half-a-guinea. These designs, observations, and essays were discussed at General Meetings, and every member absenting himself for two successive nights was fined 5s., and also 5s. for every additional night of absence unless prevented by illness or a distance of ten miles from the place of meeting. The Society probably became extinct before the formation, in 1831, of the Architectural Society, which had for its governing body in 1834-35 William Barnard Clarke as President, Thomas Henry Wyatt as one of the Vice-Presidents, George Mair as Honorary Secretary, with Benjamin Ferrey among the ordinary members. The primary objects were the advancement and diffusion of architectural knowledge, and its ultimate intent to form a British School, with Library, Museum, Professorships and periodical exhibitions, the want of which was then beginning to be greatly felt by * students. This existed in Lincoln's Inn Fields, when in 1834 it became evident to a few architects of established reputation that the profession required a more influential representative institution than that which already existed, and an Address was circulated among the profession pointing out that though few of the arts and sciences were left without a Body associated for their promotion and cultivation, Architecture, as an art embracing the whole circle of the sciences, was in this country destitute of such an establishment. The R.I.B.A. thus came into being, and the junction of the Architectural Society with it was effected in 1842.

The first meeting of the founders of the Institute was held at the Thatched House Tavern, St. James's Street, on the 2nd July 1834, when the Address setting forth the aims and objects of the proposed Institute was adopted.

^{*}See article by Mr. Harry Sirr, Journal R.I.B.A., 7th January 1911.

Endeavour was made to secure as members architects of prominent position and unimpeachable character, educated for and following their profession as an art, and free from those conflicting relations with trade which frequently existed in the early part of the century and prevented that implicit confidence on the part of the public which should enable a client to regard his architect not only as his agent, but as his friend and adviser. A prominent part in the foundation was taken by Professor T. L. Donaldson, whose letter convening the preliminary Meeting was as follows:—

7 Hart Street, Bloomsbury Square: 8th May 1834.

DEAR SIR,—Some of the following gentlemen, all of whom, as well as yourself, have received a circular from Mr. Robinson, are anxious to have a preliminary Meeting to talk over and consider the objects and prospects of the proposed Institution of British Architects, and will meet at Mr. Rainy's room, 14 Regent Street, on Tuesday evening next, at half-past seven o'clock, when the favour of your attendance is earnestly desired. The chair will be taken at eight o'clock precisely.—I am, my dear Sir, yours very faithfully,

THOS. L. DONALDSON.

The names appended were Messrs. Atkinson, Barry, Basevi, Bellamy, Blore, Decimus Burton, Cresy, Fowler, Goldicutt, Gwilt, Hardwick, Kay, Kendall, Lee, Papworth, Parker, Sir John Rennie, Rhodes, Robinson, Seward, Taylor, and Wallen. The italics denote those who attended.

A second meeting, for the enrolment of members, was held on the 6th August 1834; and the Council, elected by ballot on the 3rd December following, and consisting of Messrs. Robinson, Kay, and Gwilt as Vice-Presidents, Messrs. Donaldson and Goldicutt as Honorary Secretaries, and Messrs. Barry (afterwards Sir Charles Barry), Basevi, Decimus Burton, Fowler, Philip Hardwick, Kendall, J. B. Papworth, and Rhodes, met for the first time on the 10th December at the Thatched House Tavern. A few weeks afterwards the Earl de Grey was elected President.

The opening General Meeting of the Institute was held on the 15th June 1835. The President's Address, with that afterwards delivered by Professor Donaldson, will be found in the Institute Transactions. Sir John Soane, Professor of Architecture at the Royal Academy, evinced his sympathy with the newly established body by giving a donation of £750 for such purposes as might appear most conducive to its advantage. Professor Donaldson was the last surviving original member of the Institute, and died in 1885.

The Royal Charter was granted by King William IV on the 11th January 1837. On the 8th August of the same year Queen Victoria became Patron, and was subsequently associated with the Prince Consort, who at all times manifested his interest in the Institute's proceedings, on one occasion, in 1842, acting as Chairman of the Council Meeting and afterwards presiding at the General Meeting.

A further and lasting mark of the Royal favour was shown in 1848 by the foundation by Queen Victoria of the Royal Gold Medal, since annually conferred by the Sovereign on some distinguished architect, or man of

science or letters connected with architecture, on the recommendation of the Institute.

On the 18th May 1866 by Royal command the style of the Institute was altered to the "Royal" Institute of British Architects.

King Edward VII, Patron from 1863 till his death in 1910, and King George V, Patron from 1910 till his death in 1936, continued the presentation of the Annual Gold Medal.

His Majesty King Edward VIII, on his accession to the Throne, graciously intimated his pleasure to continue the Royal Patronage and the presentation of the Gold Medal.

In 1887, in order to bring the powers of the Institute more into line with the work it aspired to accomplish, and to render the fact of membership to a certain extent a test of proficiency, the Supplemental Charter of the 50th Victoria, conferring among other privileges power to hold examinations and issue certificates or diplomas, was granted, the document receiving the Royal Sign Manual on the 28th March 1887.

A further Supplemental Charter (8th Edward VII), granted 11th January 1909, provided for a temporary class of Licentiates to be elected by the Council, made fresh provisions respecting the qualifications of candidates for Fellowship and the granting of diplomas, and extended the educational functions of the Institute.

In 1924 the proposals of the Council for the amalgamation of the R.I.B.A. and The Society of Architects with a view to the unification of the profession and the promotion of a Registration Bill were approved by the general body of the R.I.B.A. and by The Society of Architects.

The Supplemental Charter enabling the amalgamation agreement to be carried into effect received His Majesty's sanction in February 1925. Among other important provisions the new Charter also enabled Licentiates to be constituted as full corporate members, gave equal voting rights to all Fellows, Associates and Licentiates, and entitled them to use the title "Chartered Architect." It further provided for the formation of a non-corporate class of subscribers, and gave the Council power to take a Referendum on important issues.

The new Bye-laws were approved at a meeting of the Privy Council on the 4th March 1925, and among certain other improvements in the machinery of the R.I.B.A. provided for the reconstitution of the Council, so as to secure representation for all sections of membership and for the Allied Societies.

Following on the completion of the provisions of the amalgamation agreement The Society of Architects went into voluntary liquidation in June 1925, and thereupon property of the value of over £10,000 was transferred to the R.I.B.A. This included the Society's leasehold premises at No. 28 Bedford Square, and invested funds amounting to £4,588, of which £3,263 was earmarked for developing and maintaining architectural scholarships.

In 1928 proposals were formulated for obtaining the sanction of the Privy Council to the reopening of the Licentiate Class under the same conditions of admission as existed in 1910–1912, and for certain reforms in the method of government of the R.I.B.A.

Extensive alterations in the existing Bye-laws were necessary in order to bring the proposals into effect, and in June 1929 draft revised Bye-laws embodying the proposals were approved, under the provisions of the

Supplemental Charter of 1925, by a postal vote of all the members in the United Kingdom and the Irish Free State, and the revised Bye-laws were

sanctioned by the Privy Council on the 2nd July 1930.

Further minor amendments to the Bye-laws were considered in 1930, including provision for the formation of a Class of Retired Associates and Retired Licentiates. These amendments were approved by the Privy Council on the 23rd February 1931.

In 1932 amendments revising the Forms of Declaration to be signed by Members were approved. In 1933 further amendments affecting the period of office of Vice-Presidents, providing for the election of an Hon. Treasurer, and the addition of the Chairman of the Architects' Registration Council

as ex-officio Members of Council, were also approved.

In 1934 amendments in the Bye-laws governing the Council's procedure in the investigation of charges affecting professional conduct, and providing for the addition of the Chairman of the Competitions Committee as an ex-officio member of the Council, were approved.

In 1935 a further amendment in the Bye-laws was made and approved in order to comply with the provisions of the Scientific Societies Act 1843.

The Registration Bill was passed in the Parliamentary Session of 1930-1931, and the Royal Assent was given on 31st July 1931. effect on 1st January 1932.

THE INSTITUTE PREMISES.

The first rooms of the Institute, engaged early in 1835, were at 43 King Street, Covent Garden, better known as Evans's Hotel, a building said to have been designed by Inigo Jones, and immortalised by Thackeray in The Newcomes, in the description of "The Cave of Harmony." In 1837 rooms were taken at No. 16 Grosvenor Street, where for twenty-two years the work of the Institute was carried on. The necessity of acquiring larger and more convenient premises led eventually to the formation of the Architectural Union Company, which was established, in the terms of its articles of association, "for the purpose of providing accommodation for the different societies connected with architecture, and especially for the Royal Institute of British Architects and the Architectural Exhibition."

The Architectural Union Company purchased No. 9 Conduit Street and the R.I.B.A. established itself there in 1859. In the course of time the Union Company died, and the R.I.B.A. took over the premises first as lessees of the City Corporation and later as freeholders and gradually added to the buildings by extending towards the rear of the site to make room for the growing

activities of the Institute.

Even before the war the problem of accommodation had become acute and the Council had considered making a move or rebuilding in Conduit Street; but about seven years ago it was realised that no extension or even rebuilding on the Conduit Street site could solve the problem and a serious search was made first for an existing building which could be adapted for the Institute and then for a site for an entirely new building.

In 1929 the Weymouth Street-Portland Place site was purchased on a 999 years building lease from the Howard de Walden estate, the competition for the new building was held in 1931-32 and Mr. Grey Wornum chosen as architect. The new building was opened on 6th November 1934 by King

George V.

The full history of the R.I.B.A. buildings has been told in the Centenary History* and the Centenary Number of the R.I.B.A. Journal† where it may be studied by anyone who wishes to learn more.

CODE OF PROFESSIONAL PRACTICE.

(As revised 24th June, 1935.)

A member of the R.I.B.A. is governed by the Charter and Bye-laws of the Royal Institute. The following clauses indicate in a general way the standard of conduct which members of the R.I.B.A. must adhere to, failing which the Council may judge a member guilty of unprofessional conduct, and either reprimand, suspend or expel him or her.

Cases of unprofessional conduct not specifically covered by these clauses are dealt with by the Council having regard to the particular circumstances

of the case.

1. An Architect is remunerated solely by his professional fees, and is debarred from any other source of remuneration in connection with the works and duties entrusted to him. It is the duty of an Architect to uphold in every way possible the Scale of Professional Charges adopted by the Royal Institute.

An Architect must not accept any work which involves the giving or receiving of discounts or commissions, nor must he accept any discount, gift or commission from contractors or tradesmen, whether em-

ployed upon his works or not.

An Architect may be architectural consultant, adviser, or assistant to building contractors, decorators, furniture designers, estate development firms or companies, or firms or companies trading in materials used in or whose activities are otherwise connected with the building industry, provided that:—

(a) He is paid by salary or fee and not by commission.

(b) He does not either directly or indirectly solicit orders for the

firm or company.

He may use his affix in connection with his appointment and his name and affix may appear on the stationery of the firm or company as architectural consultant or adviser.

His name and affix may appear in advertisements inserted by the firm or company in the press provided that it is done in an unostentatious manner.

An Architect may be a director of any company, including a building society registered under the Building Societies Acts, except a company trading in materials used in or whose activities are otherwise connected with the building industry or engaged in the financing or erection of buildings.1

^{* &}quot;The Growth and Work of the Royal Institute of British Architects," edited by J. A. Gotch.

[†] R.I.B.A. Journal. 6th November 1934. pp. 5-17.

Nor. The could be with record to discrete bins will come into force as from 23rd March 1935, but in rother above excepted trades or business. North The company rof the above excepted trades or busi-an Architect own or have a commercial interest either as a director of a company, or as a consultant or adviser or as a shareholder, in any material, device, or invention used in a building, he must inform his client thereof, and must obtain his sanction before specifying the use of it in works under his direction.

His name and affix may appear on the notepaper of the company. An Architect may not carry on or act as principal, partner or manager of any firm carrying on any of the above excepted trades or businesses.

- 3. (a) An Architect must not advertise nor offer his services by means of circulars or otherwise, nor may he make* paid announcements in the Press. He may, however, notify his correspondents by post once of any change of address.
- (b) Though there is no objection to an Architect allowing signed illustrations and descriptions of his work to be published in the Press, with reference to such illustrations or descriptions, it is contrary to professional ethics—
 - (1) To give monetary considerations for such insertions.
 - (2) To allow such insertions to be used by the publishers for extorting advertisements from unwilling contributors.
- (c) An Architect may consent to the publication of a series of illustrations either in circular, brochure or book form, with or without descriptive letterpress, of any building or buildings for which he has been responsible, provided that—
 - (1) if advertisements appear, Clause 3 (b) (2) of the Code is complied with, and
 - (2) there is no attempt to distribute the publication to potential clients.
- (d) An Architect may sign his buildings and may exhibit his name outside his office and on buildings in course of construction, alteration and/or extension provided that it is done in an unostentatious manner and the lettering does not exceed 2 inches in height.

If the client so desires the Architect's name may remain upon the building for a period not exceeding 12 months after its completion providing that the board does not display "To Let" or "For Sale" or similar notices. A notice may, however, indicate that the plans can be seen at the Architect's office.

Auctioning and House Agency are inconsistent with and must not form part of the practice of an Architect.

(e) Architects who are appointed Surveyors to recognised estates† may announce land or sites or premises for sale or letting in connection with their appointments.

When Architects are acting as Surveyors or Town Planners in connection with the development of land, announcements may be made in the Press and on notice boards in connection with such development, provided that such announcements are made in an unostentatious manner.

4. An Architect must not attempt to supplant another Architect, nor must he compete with another Architect by means of a reduction of fees or by other inducement.

^{*} Note.—This does not refer to advertisements or letters respecting appointments open or wanted, nor to the insertion of one notice of change of address in the professional press.
† The term "recognised estates" is intended to apply to family and trustee estates such as the Bedford, Grosvenor, Berners and Howard de Walden Estates.

- 5. An Architect on being approached to proceed with professional work upon which another Architect was previously employed shall notify the fact to such Architect.
- 6. In all cases of dispute between employer and contractor the Architect must act in an impartial manner. He must interpret the conditions of a contract with entire fairness as between the employer and the contractor.
- 7. An Architect must not permit the insertion of any clause in tenders, bills of quantities, or other contract documents which provides for payment to be made to him by the contractor whatever may be the consideration, unless with the full knowledge and approval of his client.
- 8. An Architect should not take any part in a competition as to which the preliminary warning of the Royal Institute has been issued, and must not take any part in a competition as to which the Council of the Royal Institute shall have declared by a Resolution published in the Journal of the Royal Institute that Members must not take part because the Conditions are not in accordance with the published Regulations of the Royal Institute for Architectural Competitions, nor must he be associated in any way with the carrying out of a design selected as the result of a competition as to which the Council shall have declared by a Resolution published in the Journal that Members must not take part.

Architects asked to take part in a limited competition must at once notify the Secretary of the R.I.B.A., submitting particulars of the competition.

- Note.—A formal invitation to two or more architects to prepare designs in competition for the same project is deemed a limited competition.
- 9. An Architect must not act as Architect or Joint Architect for a work which is or has been the subject of a competition in which he is or has been engaged as Assessor.

An Assessor must not act as Consulting Architect, unless he has been appointed as such before the inception of the competition, nor in any other professional capacity in any matter connected with the work which has been the subject of the competition, provided always that he may act as Arbitrator in any dispute between the Promoters and the selected Architect.

If an Architect is officially approached by the Promoters for advice as to the holding of a competition with a view to his acting as Assessor, and eventually it is decided not to hold a competition but to appoint an Architect to carry out the work, the Architect originally approached in an advisory capacity is precluded from acting as Architect for the work in question.

10. It is desirable that in cases where the Architect takes out the Quantities for his buildings he should be paid directly by the client and not through the Contractor except with the previous consent of the client.

For Scales of Charges and other documents see pp. 753 onward.

PAST PRESIDENTS.

The names of those deceased are printed in italics.

1835-59 EARL DE GREY. CHAS. ROBT. COCKERELL, R.A. 1861-63 SIR WILLIAM TITE. 1863-65 THOMAS L. DONALDSON. 1865-67 A. J. B. BERESFORD HOPE. 1867-70 SIR WILLIAM TITE. 1870-73 THOMAS HENRY WYATT. 1873-76 SIR G. GILBERT SCOTT, R.A. 1876-79 CHARLES BARRY. 1879-81 JOHN WHICHCORD. GEORGE EDMUND STREET, R.A.1882-84 SIR HORACE JONES. 1884-86 EWAN CHRISTIAN. 1886-87 EDWARD I'ANSON. 1888-91 ALFRED WATERHOUSE, R.A. 1891-94 J. MACVICAR ANDERSON. 1894-96 FRANCIS C. PENROSE. 1896-99 GEORGE AITCHISON, R.A. 1897-1902 SIR WILLIAM EMERSON 1902-04 SIR ASTON WEBB, P.P.R.A. 1904-06 JOHN BELCHER, R.A.

ROYAL GOLD MEDALLISTS.

The Royal Gold Medal for the promotion of Architecture, instituted by Queen Victoria in 1848, and continued by King Edward VII, King George V and by his present Majesty King Edward VIII, is annually conferred on some distinguished Architect, or man of Science or Letters, who has designed or executed a building of high merit, or produced a work tending to promote or facilitate the knowledge of Architecture or the various branches of science connected therewith. The following is a complete roll of the recipients:—

```
The names of those deceased are printed in italics.
 1848 CHAS. ROBT. COCKERELL, R.A.
                                                                                 1902 THOS. EDWARD COLLCUTT.
1849 LUIGI CANINA, Italy.
1850 SIR CHARLES BARRY, R.A.
1851 THOMAS L. DONALDSON.
1852 LEO VON KLENZE, Austria.
1853 SIR ROBERT SMIRKE, R.A.
1854 PHILIP HARDWICK, R.A.
                                                                                1903 CHAS. F. McKIM, U.S.A.
1904 AUGUSTE CHOISY, France.
1905 SIR ASTON WEBB, P.P.R.A.
1906 SIR L. ALIMA-TADEMA, R.A.
1907 JOHN BELCHER, R.A.
1908 HONORE DAUMET, France.
1855 J. I. HITTORFF, France.

1856 SIR WILLIAM TITE.

1857 OWEN JONES.

1858 AUGUST STULER, Germany.

1859 SIR G. GILBERT SCOTT, R.A.

1860 SYDNEY SMIRKE, R.A.
                                                                                 1909 SIR
                                                                                                    ARTHUR
                                                                                                                            JOHN
                                                                                                                                            EVANS.
                                                                                 D.Litt., M.A.Oxon., F.R.S., F.S.A.
1910 SIRTHOMASGRAHAM JACKSON,
                                                                                Bart., R.A.
1911 WILHELM DÖRPFELD, Germany.
1912 BASIL CHAMPNEYS
1861 J. B. LESUEUR, France.

1862 REV. ROBERT WILLIS.

1877 CHARLES BARRY.
                                                                                                  bre de l'Institut, France.
                                                                                1921 SIR EDWIN LANDSEER
LUTYENS, R.A.
1922 THOMAS HASTINGS, U.S.A.
                                                                                 1923 SIR JOHN JAMES BURNET, R.A.,
 1878 ALFRED WATERHOUSE, R.A.
1879 MARQUIS DE VOGUE, France.
                                                                                                  Ř.S.A.
                                                                                 1924 (Not awarded.)
1880 JOHN L. PEARSON, R.A.
1881 GEORGE GODWIN.
1882 BARON VON FERSTEL, Austria.
1883 FRAS. CRANNER PENROSE.
                                                                                 1925 SIR GILES GILBERT SCOTT, Hon.
                                                                                                  D.C.L., Hon. LL.D., R.A.
essor RAGNAR OSTBERG,
                                                                                 1926 Professor
                                                                                                  Sweden.
 1884 WILLIAM BUTTERFIELD.
                                                                                 1927 SIR HERBERT BAKER,
 1885 H. SCHLIEMANN, Germany.
                                                                                                   EDWARD
                                                                                 1928 SIR
                                                                                                                        GUY DAWBER,
 1886 CHARLES GARNIER, France.
                                                                                                  R.A., F.S.A.
1887 EWAN CHRISTIAN.
1888 BARON VON HANSEN, Austria.
1889 SIR CHARLES T. NEWTON.

THE COUNCIL DINNER CLUB.

The Council Dinner Club was founded during the presidency of the late Mr. Charles Barry (1876-79), to give Members of Council an opportunity of dining together in the interval between the close of a Council Meeting and the opening of a General Meeting of the Institute. All Members of the Council for the time being and past Members of Council are eligible for membership. One of the functions of the Club is to entertain overseas Architects of distinction visiting England, readers of Papers at General Meetings, and others whom the Institute would desire to honour. The Club is entirely self-supporting.

THE R.I.B.A. CHARTERS AND BYE-LAWS.

As a measure of economy the Council have decided to discontinue for the time being the insertion of the Charters and Bye-laws in the KALENDAR.

These documents can be obtained in pamphlet form on application to the Secretary R.I.B.A.

Full particulars of the amendment passed in 1935 were published in the JOURNAL on the 13th July 1935.

ENTRANCE FEES, SUBSCRIPTIONS AND CONTRIBUTIONS.

d. o
_
0
0

SUBSCRIPTIONS OF MEMBERS IN THE TRANSOCEANIC DOMINIONS WHO ARE ALSO MEMBERS OF ALLIED SOCIETIES IN THOSE DOMINIONS.

By a resolution of the Council dated 20th July 1931, the subscriptions of R.I.B.A. members in the transoceanic Dominions who are also members of Allied Societies in those Dominions are reduced to the following amounts as from 1st January 1932:—

_			£	s.	d.
Fellows	•••	•••	3	3	0
ASSOCIATES	•••	•••	2	2	0
LICENTIATES	•••	• • •	2	2	0

COMPOSITION OF SUBSCRIPTIONS FOR LIFE MEMBERSHIP.

Fellows, Associates and Licentiates of the Royal Institute may become Life Members by compounding their respective annual subscriptions on the following basis:—

For a Fellow by a payment of £73. 10s. (70 guineas).

For an Associate or Licentiate by a payment of £44. 2s. (42 guineas), with a further payment of £29. 8s. on being admitted as a Fellow.

In the case of members in the transoceanic Dominions who are members of Allied Societies in those Dominions, the following basis will operate:—

For a Fellow by a payment of £52. 10s. (50 guineas).

For an Associate or Licentiate by a payment of £31. 10s. (30 guineas), with a further payment of £21 (20 guineas) on being admitted as a Fellow.

Provided always that in the case of a Fellow or Associate the above compositions are to be reduced by £1. 1s. per annum for every completed year of membership of the Royal Institute after the first five years, and in the case of a Licentiate by £1. 1s. per annum for every completed year of membership of the Royal Institute, with a minimum composition of £6. 6s. in the case of Fellows and £4. 4s. in the case of Associates and Licentiates.

III. REGISTRATION OF ARCHITECTS

IN THE UNITED KINGDOM.

THE Architects (Registration) Bill, which was promoted by the Royal Institute of British Architects, received the Royal Assent on the 31st July 1931, and came into operation on the 1st January 1932. A further Act cited as the Architects (Registration) Act, 1934, received the Royal Assent on the 25th July 1934.

It has since been extended to Northern Ireland.

The Act establishes an Architects' Registration Council of the United Kingdom (constituted as laid down in the first Schedule), which controls the Register of Registered Architects, being persons who have satisfied the Admission Committee and the Council that they possess the qualifications laid down in the Act or prescribed by the Council. On the 1st July, 1936, there were 11,820 architects on the Register.

The following qualifications for registration are laid down in the Act: that the Council are satisfied on a report of the Admission Committee that a person:—

- (a) is a member of the Royal Academy or the Royal Scottish Academy; or
- (b) that his application for registration was made before the 1st January 1934, and that at the 1st January 1932, he was, or had been, practising as an architect in the United Kingdom; or
- (c) has passed any examination in architecture which is for the time being recognised by the Council.

The following qualification is prescribed by regulation 26 of the Council under Section 6(1) (d) of the Act: that the application for registration was made before the 31st December 1933, and that the applicant on the 1st January 1932, was an assistant architect, and at the time of his application had been engaged in the study and practice of architecture in the United Kingdom for at least ten years.

The following examinations are recognised by the Council as a qualification for registration under paragraph (c) above. (The Council has not yet hitherto exercised its power to direct the Board of Architectural Education to hold an examination in architecture under Section 6(4) of the Act).

- The Royal Institute of British Architects: Final Examination, Special Final Examination.
- The School of Architecture, Robert Gordon's Colleges, Aberdeen: Diploma Final Examination.
- The Birmingham School of Architecture, Central School of Arts and Crafts, Birmingham: Diploma Final Examination.

- The Welsh School of Architecture, The Technical College, Cardiff: Diploma Examination.
- The School of Architecture, Edinburgh College of Art: Diploma Final Examination.
- The Glasgow School of Architecture: Diploma Final Examination, University of Glasgow Degree of Bachelor of Science in Architecture Final Examination.
- The School of Architecture, Leeds College of Art: Diploma Examination.
- The Liverpool School of Architecture, University of Liverpool: Final Examination for the Degree of Bachelor of Architecture, Final Examination for the Diploma in Architecture.
- The School of Architecture, The Architectural Association, London: Diploma Final Examination.
- The Bartlett School of Architecture, University of London: Final Examination for the Degree of Bachelor of Arts in Architecture, Final Examination for the Diploma in Architecture.
- The School of Architecture, University of Manchester: Bachelor of Arts degree with Honours in Architecture Final Examination, Certificate Final Examination.
- The School of Architecture, Armstrong College (University of Durham), Newcastle-upon-Tyne: Degree of B.Arch. Final Examination, Diploma in Architecture Final Examination.
- The Department of Architecture, University of Sheffield: Degree of B.A. with Honours in Architecture Final Examination, Diploma Final Examination.

A registration fee of six shillings and eightpence is payable by every applicant at the time of his application (this fee is returnable should the application be refused). A retention fee of six shillings and eightpence is payable by every registered person on the 1st January in every year after admission to the Register.

There are three Statutory Bodies set up by the Act, and appointed annually by the Council, namely, the Board of Architectural Education (Section 5 and the second Schedule), the Admission Committee (Section 5 and the third Schedule), and the Discipline Committee (Section 7 (2)).

The duty of the Board is to recommend to the Council:—

- (a) The recognition of any examinations in architecture the passing of which ought, in the opinion of the Board, to qualify persons for registration under this Act; and
- (b) The holding of any examinations in architecture which ought, in the opinion of the Board, to be passed by applicants for registration under this Act;

and to hold examinations in architecture in accordance with this Act.

The duty of the Admission Committee is:-

To consider every application for registration and to report thereon to the Council as to whether, or not, the applicant is, in the opinion of the Committee, qualified for registration.

The duty of the Discipline Committee is:-

To inquire and report to the Council on any case in which it is alleged that a registered person has been guilty of conduct disgraceful to him in his capacity as an Architect.

A registered person who is convicted of a criminal offence, or after inquiry by the Discipline Committee is found guilty of conduct disgraceful to him in his capacity as an Architect may be removed from the Register by the Council. There is a right of appeal by the registered person to the High Court or Court of Session.

Registered persons are entitled to take and use the name or title of "Registered Architect," and there are penalties for the improper use of the title, and for obtaining registration by false representation.

The Registrar of the Council and Clerk of the Board of Architectural Education and of the Admission and Discipline Committees is:—Mr. Pembroke Wicks, C.B.E., LL.B., Barrister-at-Law. The Secretary of the Board of Architectural Education is:—Mr. Everard J. Haynes, B.A.Oxon.

The offices of the Council are at 68 Portland Place, London, W.1, Telephone: Welbeck 9738, where a copy of the Council's Regulations, together with the prescribed form of application containing details of qualifications and procedure, may be obtained, price one shilling.

ARCHITECTS (REGISTRATION) ACT 1931 FIRST SCHEDULE

CONSTITUTION OF THE COUNCIL, 1936-1937.

Fourteen members appointed by the Council of the Royal Institute of British Architects.

W. H. Ansell, M.C. [F.].
HENRY V. ASHLEY [F.].
PERCIVAL C. BLOW [A.].
T. A. DARCY BRADDELL [F.]

T. A. DARCY BRADDELL [F.].
JOHN DOWER, M.A.Cantab. [A.].
H. M. FLETCHER, M.A.Cantab. [F.].

C. LOVETT GILL [F.].

A. G. HENDERSON [F.]. A. B. KNAPP-FISHER [F.]. HUBERT LIDBETTER [F.].

A. H. Moberly, M.A. Cantab. [F.]. J. Alàn Slater, M.A. Cantab. [F.].

SYDNEY TATCHELL [F.]. E. BERRY WEBBER [A.].

Three members appointed by the Council of the Incorporated Association of Architects and Surveyors.

Major G. B. J. Athoe, f.i.a.a. J. L'Estrange Mackie, a.i.a.a. Sir R. I. Tasker, m.p., j.p., d.l., f.i.a.a.

Two members appointed by the Council of the Faculty of Architects and Surveyors.

H. Langford Moyle, f.f.a.s.

G. E. Mitchell, a.m.i.m. & cy.e.;

A.R.San.i.; A.F.A.s.

Four members appointed by the Council of the Architectural Association (London).
R. T. D. Acland, M.P.
E. W. Armstrong [F.].

L. H. Bucknell [F.].

Joseph Hill [F.].

One member appointed by the Council of the Association of Architects, Surveyors and Technical Assistants.

A. R. HASSELL.

Three members appointed by the Councils of the Provincial Associations.

Lieut.-Colonel E. H. FAWCKNER, R.E. (T.),
T.D. [F.].

R. S. REID [F.].

Seven members elected by "Unattached" Architects.

HAROLD BAILY.
DAVID W. BECK.
G. L. HEAD.
W. O. HUDSON.

G. W. Jackson. A. E. V. Newnham. S. T. Puzey.

One member appointed by the Council of the Royal Society of Ulster Architects

Kendrick Edwards, M.Inst.c.e. [F.].

One member appointed by the President of the Board of Education.

ROBERT STANFORD WOOD.

One member appointed by the Minister of Health.

E. H. Rhodes, c.b.e.

One member appointed by the Commissioners of Works. Sir J. G. West, o.B.E. [F.].

One member appointed by the Department of Health for Scotland.

John Wilson, F.R.S.Edin. [F.].

One member appointed by the Governor of Northern Ireland.

Adrian Robinson, Barrister-at-Law.

One member appointed by the Council of the Chartered Surveyors' Institution.

J. Gordon Elsworthy, f.s.i.

One member appointed by the Council of the Institution of Structural Engineers.

R. H. Harry Stanger, f.c.s., A.M.Inst.c.e., M.I.Struct.e.

One member appointed by the Council of the Institution of Municipal and County Engineers.

NORMAN SCORGIE, J.P., M.INST.C.E.

One member appointed by the Council of the Society of Engineers.

N. Hoskins, M.S.E., F.I.S.E.

One member appointed by the Council of the Institute of Builders.

P. J. SPENCER, M.A.

One member appointed by the Council of the National Federation of Building Trades Employers.

G. H. PARKER, F.I.O.B.

One member appointed by the Council of the National Federation of Building Trades Operatives.

RICHARD COPPOCK.

Chairman: Sydney Tatchell [F.].

Vice-Chairman: W. H. ANSELL, M.C. [F.].

Registrar: Pembroke Wicks, C.B.E., LL.B., Barrister-at-Law.

Secretary of the Board of Architectural Education: EVERARD J. HAYNES, B.A.Oxon.

FELLOWS (F.R.I.B.A.)

Subject to the provisions of this Our Charter no person shall be admitted a Fellow of the Royal Institute unless he shall at the time of such admission have attained the age of thirty years and be either

- (a) An Associate of the Royal Institute or a person who has passed an examination qualifying for admission to the class of Associates or
- (b) A Licentiate of the Royal Institute who has passed such examination or examinations as may from time to time be prescribed by the Council as a qualification for the admission of Licentiates to the class of Fellows,

and in either case has been engaged as a principal for at least seven successive years in the practice of architecture or

- (c) An Associate or Licentiate as hereinafter mentioned who is qualified to the satisfaction of the Council as follows and who has been approved by the Council for nomination, that is to say:—
 - An Associate not in private practice who is or has been in a position of responsibility for the design of architectural work or who is otherwise by his professional attainments considered eligible.
 - (ii) A Licentiate over 60 years of age who has been engaged as a principal for at least seven successive years in the practice of architecture or who is or has been in a position of responsibility for the design of architectural work.

2858§ || ABBOTT: Lieut.-Col. Albert Leich, M.C., T.D., R.E.;

6 Queen Anne's Gate, Westminster, S.W.1. [Whitehall

PROVIDED however that the Council shall have power to elect and admit as a Fellow any eminent active who shall have attained the age of 30 years and shall have been engaged as a principal for at least seven successive years in the practice of architecture and as to whom the Council may resolve that it is desirable to elect and admit him as a Fellow.—[Extract from the Supplemental Charter, 1925.]

FELLOWS RETIRED FROM PRACTICE

Any Fellow, Associate or Licentiate, who has reached the age of fifty-five and has retired from practice may, subject to the approval of the Council, be transferred without election to the class of "Retired Fellows," "Retired Associates," or "Retired Licentiates" as the case may be, but in such case his interest in, or claim against the property of, the Royal Institute shall cease. The amount of the annual subscription payable by such "Retired Fellow," "Retired Associate" or "Retired Licentiate" shall be £1.1s.0d., or such amount as may be determined by resolution of the Council, excepting in the case of those who have paid subscriptions as full members for thirty years, and who shall be exempt from further payment. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall have the right to use the affix of his class with the word "Retired" after it, shall be entitled to receive the Journal and Kalendar, shall be entitled to the use of the Library, and shall have the right to attend General Meetings, but shall not be entitled to vote. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall not engage in any avocation which in the opinion of the Council is inconsistent with that of architecture. Nothing contained in this Bye-law shall affect the rights of persons who at the date of the passing of this Bye-law are members of the classes of "Retired Fellows," and "Retired Members of the Society of Architects."—Extract from the Bye-laws.

ASSOCIATES RETIRED FROM PRACTICE

Any Fellow, Associate, or Licentiate, who has reached the age of fifty-five and has retired from practice may, subject to the approval of the Council, be transferred without election to the class of "Retired Fellows," "Retired Associates" or "Retired Licentiates" as the case may be, but in such case his interest in, or claim against the property of, the Royal Institute shall cease. The amount of the annual subscription payable by such "Retired Fellow," "Retired Associate" or "Retired Licentiate" shall be \$1.1 s.0d. or such amount as may be determined by resolution of the Council, excepting in the case of those who have paid subscriptions as full members for thirty years, and who shall be exempt from further payment. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall have the right to use the affix of his class with the word "Retired" after it, shall be entitled to receive the Journal and Kalendar, shall be entitled to the use of the Lihrary, and shall have the right to attend General Meetings, but shall not be entitled to vote. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall not engage in any avocation which in the opinion of the Council is inconsistent with that of architecture. Nothing contained in this Bye-law shall affect the rights of persons who at the date of the passing of this Bye-law are members of the classes of "Retired Fellows" and "Retired Members of the Society of Architects." —Extract from the Bye-laws. Any Fellow, Associate, or Licentiate, who has reached the age of fifty-five and has retired from practice

LICENTIATES RETIRED FROM PRACTICE

Any Fellow, Associate, or Licentiate, who has reached the age of fifty-five and has retired from practice may, subject to the approval of the Council, be transferred without election to the class of "Retired Fellows," "Retired Associates," or "Retired Licentiates" as the case may be, but in such case his interest in, or claim against the property of, the Royal Institute shall cease. The amount of the annual subscription payable hy such "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall be £1. 1s. 0£, or such amount as may be determined by resolution of the Council, excepting in the case of those who have paid subscriptions as full members for thirty years, and who shall be exempt from further payment. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall have the right to use the affix of his class with the word "Retired" after it, shall be entitled to receive the Journal and Kalendar, shall be entitled to the use of the Library, and shall have the right to attend General Meetings, but shall not be entitled to vote. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall not engage in any avocation which in the opinion of the Council is inconsistent with that of architecture. Nothing contained in this Bye-law shall affect the rights of persons who at the date of the passing of this Bye-law are members of the classes of "Retired Fellows" and "Retired Members of the Society of Architects."—Extract from the Bye-laws.

STUDENTS R.I.B.A.

The Council of the Royal Institute may elect as members of a non-corporate class of Students any persons studying or intending to study with the purpose of becoming professional architects and who have passed or received exemption from the examination or examinations which may from time to time be prescribed by the Royal Institute for admission to such class and who shall have satisfied such other requirements as the Council shall from time to time prescribe in respect of such election,—[Extract from the Supplemental Charter, 1925.]

All Students R.I.B.A. [unless residing overseas] are required to pay an Annual Registration Fee of £1 is. Students are entitled to use the Reference Library and Loan Collection of Books and to attend the Ordinary Meetings of the Royal Institute. They also receive the R.I.B.A. Journal and Kalendar.

* The asterisk denotes Students who have qualified for Associateship.

SUBSCRIBERS

The Council of the Royal Institute may elect as members of a non-corporate class of Subscribers any persons who are not professional architects, but who are interested in the Royal Institute and in architectural matters and are approved by the Council as persons eligible to become Subscribers.—[Extract from the Supplemental Charter, 1925.]

All "Subscribers" are required to pay an Annual Contribution of £1. 1s. od. They are entitled to use the Reference Library and Loan Collection of Books, to attend the Ordinary General Meetings of the Royal Institute, and to receive the Annual Report.

Elected.

General Secretary: F. R. Yerbury [Hon. A.].

Administrative Secretary H. J. W. Alexander.

THE Architectural Association (London), founded in 1847, is carried on under the authority of the Literary and Scientific Institutions Act 1854. objects are to provide facilities for the study of Architecture, and to serve as a medium of friendly communication between members and others interested in the study and progress of Architecture.

The President for the time being of the Architectural Association, providing he be a Fellow or an Associate of the Institute, is annually nominated as a member of the Council of the Royal Institute of British Architects.

The work of the Association is carried on at 34, 35, and 36 Bedford Square, W.C.1, where the General Meetings are also held. The Association possesses an extensive library which is available to members, arranges an annual excursion abroad and holds a continuous series of exhibitions, during the winter months, of modern architecture from other countries, decoration, etc., etc. The premises at No. 36 Bedford Square are equipped as a club, where there is a dining-room, members' reading-room, coffee-room, etc.

The School of Architecture, which is under the sole control of the Council of the Association, is under the direction of Mr. H. S. Goodhart-Rendel [F.], Director, with Mr. E. A. A. Rowse, A.M.T.P.I. [A.], Principal, assisted by qualified masters and staff.

The School provides for five years of study covering the entire field of

Design, Construction, Decoration, and Architectural Research.

The aim of the School is to provide for its students' instruction in the Design and Engineering sides of Architecture. The curriculum is so arranged that the students, during their instruction, may find ample opportunity to gain practical experience on building works or in the offices of practising architects. While the course is flexible enough to give full scope to the individual, the School is organised as a series of groups or units. Such an arrangement encourages a spirit of co-operation throughout the School and promotes intimate contact between the staff and students.

The Council of the R.I.B.A. accepts the Certificate issued upon satisfactory completion of the first three Years of the School, as granting exemption from the R.I.B.A. Intermediate Examination. The A.A. Diploma, issued on satisfactory completion of the full Five Years' Course, entitles the holder to exemption from the R.I.B.A. Final Examination. On securing this exemption the holder becomes eligible for nomination for Associateship of the R.I.B.A. subject to completion of twelve months' practical experience, and Registration under the Architects' (Registration) Act, 1931.

During 1934, the Council of the Architectural Association decided to found a School for Planning; as a result, in December of that year, the School of Planning and Research for National Development was brought

into being at 7 Bcdford Square.

The School is post-graduate in character. The two-year course, which consists of a junior and a senior Year, is so arranged to provide instruction for those who are already qualified as Architects, Surveyors, Engineers, Socio-

logists, Economists, or Public Administrators.

On three to four evenings a week lectures are given and discussions held. Experts in all branches of the subject attend the School to discuss problems and advise the members. The course has received the approval of the Town Planning Institute. The Diploma of the School carries with it exemption from the final examination for the Associate Membership of the Institute.

THE ARCHITECTURE CLUB.

THE purpose of the Architecture Club is to enlarge public appreciation of good architecture and the Allied Arts, and especially of the best work of to-day.

Members are either (a) architects, or (b) writers, or (c) persons interested in furthering good building, and membership is divided as near as may be equally among these three classes.

THE ARCHITECTS' AND SURVEYORS' APPROVED SOCIETY.

NATIONAL HEALTH AND PENSIONS INSURANCE.

(Approval Number 374.)

113 HIGH HOLBORN, LONDON, W.C.1.

This Society was formed in 1912, with the approval of the Ministry of Health, and accepts for membership men and women resident in England who come within the scope of National Health and Pensions Insurance, i.e., those in receipt of a salary not exceeding £250 per annum.

CONTRIBUTIONS.

The contribution for men is 1/6 per week, 9d. of which is payable by the employer; and for women 1/1 per week, 7d. of which is payable by the employer.

ORDINARY BENEFITS.

The ordinary benefits, as specified in the Acts, include sickness, disablement and maternity benefits; also pensions for widows and allowances for orphans. The Old Age Pension is payable for life at the rate of 10/- per week to an insured person on attaining the age of 65; also to the wife of an insured person after she and her husband have attained that age, irrespective of means.

ADDITIONAL BENEFITS.

The last Government valuation of the Society's assets having disclosed a large surplus, the following scheme of additional benefits has been brought into operation, with the sanction of the Ministry of Health:—

Sickness Benefit: 20/- per week for men, and 17/- per week for women. Disablement Benefit: 10/- per week for both men and women. Maternity Benefit: £2. 10s.

Grants are also made to members entitled to "additional benefits" towards the cost of any dental and optical treatment required. Such members requiring dental treatment should first of all apply to the Society for a "dental letter," and, in the case of the other treatment, etc., should submit an estimate of cost of same, before treatment is commenced. Grants are also made under this scheme towards the cost of glasses and artificial teeth.

As these "additional benefits" are paid out of the profits of past years those now joining the Society cannot expect to receive immediately such benefits.

Further particulars and forms of application for membership may be obtained from the undersigned.

HERBERT M. ADAMSON, Secretary.

Annual Subscriptions are urgently needed.

It is hoped that every Architect in active practice will become a subscriber. Subscribers would greatly assist the Society by each obtaining at least one additional Donor or Subscriber.

A.B.S. INSURANCE DEPARTMENT.

(INAUGURATED FEBRUARY 1923.)

The following is a list of the principal insurances which can be negotiated through the Insurance Department of the Architects' Benevolent Society:—

(1) Pension and Family Provision Scheme for Architects.

(2) THE ARCHITECTS' SPECIAL MOTOR CAR INSURANCE POLICY.

(3) Whole Life and Endowment Assurance: A special rebate allowed by the Society to the assured.

(4) GROUP SICKNESS AND ACCIDENT INSURANCE.

(5) House Purchase: Loans effected by means of Endowment Assurance; special terms for architects.

(6) The Insuring of Buildings in Course of Erection.

(7) HOME PROTECTION: Insurance against fire, burglary and accidents to domestic servants.

(8) Employers' Liability.

Every Insurance effected through the Architects' Benevolent Society means an increase in the funds at the disposal of the Council for distribution among those Members of the Architectural Profession and their Widows and Children who are in need of help.

The terms and conditions of any policy will be sent immediately on application to the Secretary, Architects' Benevolent Society, 66 Portland Place, W.1. [Welbeck 5721.]

Cover is given pending negotiations.

ARCHITECTURAL GRAPHIC RECORDS COMMITTEE.

THIS Committee was established in 1930 by representatives of the R.I.B.A. and other Societies interested in the preservation and indexing of architectural prints and drawings. About 20,000 entries referring to prints, etc. in London libraries have been made, and during the past year more than half of these have been transferred to the card index which the Institute has undertaken to maintain in the Library. Work will proceed on the remainder so far as funds permit. It is also desired to collect catalogues of prints and drawings in local libraries throughout England and a small beginning has been made.

THE TRIBUNAL OF APPEAL.

(London Building Acts, 1930 and 1935).

Clerk of the Tribunal: Mr. H. P. Mead.

Offices: 12 & 13 Great George Street, Westminster, S.W.1.

Telephone: Whitehall 5322.

THE Tribunal of Appeal, as constituted under sections 196 and 199 of the London Building Act 1930, is composed of three members—one appointed by a Secretary of State, one by the Council of the Royal Institute of British Architects, and one by the Council of the Chartered Surveyors' Institution. The members are appointed for a term of five years, and are eligible for re-appointment. Appeal may be made to the Tribunal under the several sections set out in the London Building Act 1930 (20 & 21 Geo. 5, Chap. clviii), the Tribunal having power to hear the parties interested in person, or by counsel, solicitor, or agent; to administer oaths; to hear and receive evidence; to require the production of documents or books; and to confirm, reverse, or vary any decision appealed against, and to make any such order as they may think fit, also to order costs in their discretion.

When any question of *law* is involved in any appeal submitted to them, the Tribunal may, on the request of the parties, and if ordered by the High Court, or a Judge thereof, on application in a summary manner made by any party to the appeal, shall state a case for the opinion of the High Court, which shall hear and determine any such question of law, and thereupon reverse, affirm, or amend the decision of the Tribunal, or remit the matter to them with the opinion of the Court on the case stated, or make such other order as to the matter and as to the costs of the case

as the Court sees fit.

Any order of the Tribunal may be enforced by the High Court as if it had been an order of that Court.

Copies of the Regulations made by the Tribunal, with the approval of the Lord Chancellor, as to the procedure to be followed in cases of appeal and as to fees to be paid to the Tribunal by appellants and others, may be obtained from the Clerk of the Tribunal on application (price 1s.).

Appeals are to be lodged at the Office of the Tribunal, and the fee thereon paid, within the periods (if any) prescribed by the Act, and where no period is so prescribed, within the time required by the Regulations.

The Tribunal consists of the following members:

Mr. ARNOLD INMAN, K.C., appointed by the Home Secretary (President of the Tribunal).

Mr. DENDY WATNEY, F.S.I., appointed by the Council of the Chartered Survevors' Institution.

Sir BANISTER (FLIGHT) FLETCHER, M.Arch., F.S.A., F.S.I., appointed by the Council of the Royal Institute of British Architects.

All communications should be addressed to the Clerk of the Tribunal. Office hours. 10 to 4.

ROYAL FINE ART COMMISSION.

THE Royal Fine Art Commission was set up under His Majesty's Royal Sign Manual in May 1924,

" to enquire into such questions of public amenity or of artistic importance as may be referred to them from time to time by any of our Departments of State, and to report thereon to such Department; and furthermore, to give advice on similar questions when so requested by public or quasi-public bodies, where it appears to the said Commission that their assistance would be advantageous;"

Under a Royal Warrant issued in August 1933, the terms of reference of the Commission were extended so that it is now open to the Commission. if they so desire,

"to call the attention of any of our Departments of State, or of the appropriate public or quasi-public bodies, to any project or development which in the opinion of the said Commission may appear to affect amenities of a national or public character."

Commissioners:

The Right Honourable The Earl of Crawford and Balcarres, K.T., P.C., F.R.S., LL.D., D.C.L., F.S.A., Hon.F.R.I.B.A., Chairman.

Professor Patrick Abercrombie, M.A.Livpl., F.R.I.B.A. Sir W. Reid Dick, K.C.V.O., R.A., P.R.B.S. Sir Alexander Gibb, G.B.E., C.B., M.Inst.C.E., F.R.S.[Edin.]. W. Curtis Green, Esq., R.A., F.R.I.B.A. Charles Holden, Esq., Hon.Litt.D.Mancr., F.R.I.B.A.

The Right Honourable The Viscount Lee of Fareham, P.C., G.C.B., G.C.S.I., G.B.E., LL.D., F.S.A., Hon.F.R.I.B.A. Sir Edwin Lutyens, K.C.I.E., R.A., LL.D., D.C.L., F.S.A.

R. C. Norman, Esq.

Sir William Rothenstein, LL.D., M.A.Sheffield, A.R.C.A.

Maps showing Districts of the Royal Institute of British Architects and of the Allied Societies in the United Kingdom and the Overseas Dominions.

ii. THE ALLIED SOCIETIES

See Map facing.

THE non-Metropolitan Societies allied to the Royal Institute of British Architects [see Bye-laws 76-80] are forty-eight in number, thirty-one being located in Great Britain and Ireland, four in South Africa, one in East Africa, one in Rhodesia, seven in Australia, and one each in New Zealand, Canada, India, and Malaya. Each Allied Society is the accredited centre of a district, and the agent of that district in its relations with the heart of the system in London. (See Presidential Address, 1893-94: Journal Vol. I, 3rd Ser., p. 4.)

ENGLAND.

THE BERKS, BUCKS AND OXON ARCHITECTURAL ASSOCIATION.

(Year of Alliance, 1921.)

[Province: The Counties of Berkshire, Buckinghamshire, and Oxfordshire.]

Hon. Secretary.

A. Buller West [F.], The Knowl, Abingdon, Berks.

The Berks, Bucks and Oxon Architectural Association was founded in June 1921, its objects being: (a) The advancement of architecture and the promotion and encouragement of its study and appreciation; (b) the care and protection of the interests of the architectural profession; (c) the provision of a medium of friendly communication between its members and others interested in architecture, and of mutual assistance, by consultation, advice or mediation, in professional questions amongst architects in the three counties. The membership consists of Fellows, Associates, Students, Associate Craftsmen, Hon. Members and Retired Fellows.

- (a) Fellows must be practising Architects, not combining any other business with their profession of Architecture except that of Land and Quantity Surveying or Civil Engineering, and must be Members of the Royal Institute of British Architects, must either have served Articles to Architects of recognised qualifications, or passed successfully through the Course at a "Recognised School." In any special case the Council may relax this rule.
- (b) Associates must be Architects' Assistants who have been engaged at least six years in the study or practice of Architecture. Associates who are Members of the R.I.B.A. shall be eligible for election as Fellows.

Provision is made in the Bye-laws for the formation of Branches either for the whole or any of the aforesaid counties with the capital town of the county as centre, or for Districts having an important city or town for centre, as may be determined by the localities affected, subject to the Council's approval. Branches already formed are the following:—

Berks Society of Architects (84 members). Bucks Society of Architects (78 members). Oxfordshire Society of Architects (82 members).

Each Branch has its own executive. The Council of the Association refunds to the respective Branches half the annual subscriptions received

from the members of each Branch, these sums to be used for Branch working expenses. Each county may appoint four representatives on the Council, not more than two representatives to be elected from one Branch. Any Branch having a membership of more than thirty (Fellows, Associates or Students) may appoint one additional representative for every fifteen additional members above thirty. The Council meets every three months, or upon request of three Members of Council, at Reading, Oxford or High Wycombe, as arranged by the Council. The Annual General Meeting of the Association is held either in Berks, Bucks or Oxfordshire in the month of April.

BIRMINGHAM AND FIVE COUNTIES ARCHITECTURAL ASSOCIATION.

(Year of Alliance 1890.)

[Province: Warwickshire, South Staffordshire, Shropshire (except Whitchurch). Herefordshire, Worcestershire. Centre: Birmingham.]

Hon. Secretaries.

A. M. McKewan [A.], 115 Colmore Row, Birmingham. C. E. M. Fillmore [A.], 8 Newhall Street, Birmingham.

Secretary: Owen W. Thompson, F.C.A., 11 Waterloo Street, Birmingham. [Birmingham Midland 5675.]

The Birmingham Architectural Association was founded in 1873 for the promotion of union and professional integrity among its several classes of members; the establishment, as far as possible, of uniformity of practice; the general advancement of architecture, and of the arts and sciences connected therewith. The Association consists of Fellows-architects who have been in practice at least three years; Associates-architects not eligible as Members and architects' assistants; Students-persons under twenty-one years of age engaged in the study of Architecture, articled pupils, or registered students of the Birmingham School of Architecture; Honorary Members—persons who are not architects, but interested in architecture and the allied arts; Subscribers—persons engaged in the various crafts connected with the architectural art. General Meetings are held fortnightly on Fridays from the months of October to March.

The Coventry Society of Architects has been formed into Chapter I of the Association.

Through the efforts of the Birmingham Architectural Association a School of Architecture has been founded at the Municipal School of Art, Birmingham, under the Directorship of Mr. George Drysdale [F.].

Sketching excursions are arranged for students, visits made to old buildings and to buildings in progress, and prizes offered for reports and sketches of the buildings visited. A permanent room is available for meetings, and the Library is open during the day.

Officers and Council.

Alfred Hale [F.], President [Member R.I.B.A. Council].

DEVON AND CORNWALL ARCHITECTURAL SOCIETY.

(Year of Alliance 1891.)

[Province: Devon and Cornwall. Headquarters: Exeter.]

Hon. Secretary.

John Challice, P.A.S.I. [A.], 7 Bedford Circus, Exeter.

The Devon and Cornwall Architectural Society, formerly known as the Devon and Exeter Architectural Society, was founded in 1890. The title was altered in 1926, when rules, in accordance with those suggested by the Royal Institute of British Architects, were adopted to take the place of those formerly in force. The objects of the Society are:

To advance the art and profession of Architecture.

To consider and safeguard matters of Professional Practice.

To maintain and uphold the code of professional charges as laid down by the Royal Institute of British Architects.

To promote and afford facilities for the study of Architecture and to serve as a medium of friendly communication between the members and others interested in the progress of Architecture.

The membership consists of Fellows, Associates, Students and Honorary Fellows must be practising Architects, not combining any other business with their profession of Architecture, except those of Land and Quantity Surveying, Land Agency and Valuing and Civil Engineering, and must either have served Articles to Architects of recognised qualifications, or be Members of the Royal Institute of British Architects, or Architects' Assistants who are Associates or Licentiates of the R.I.B.A. unless the

Council shall see reason to relax this rule in any special case. Associates must be Architects' Assistants over 21 years of age. Students must be Architects' Articled pupils, or day Students in any recognised Architectural School. Honorary Members must be persons who have rendered or may be in a position to render to Architecture and to the Devon and Cornwall Architectural Society such service as, in the opinion of the Council, entitle them to that distinction.

The area covered by the Society is divided into two districts, each forming a distinct branch. The branches are called "Exeter" and "Plymouth," and members may elect to belong to either branch. The centres are at Exeter and Plymouth respectively, and each branch has its own executive. Sessional Meetings are held from September to April. The Society is governed by a Council consisting of Officers elected annually and representatives nominated by the branches. The Society possesses a library for the use of members and prizes are offered annually to Associates and Students for Measured Drawings.

A School of Architecture has been established since 1028 at the Central School of Arts and Crafts, Plymouth, by the Plymouth Education Authority and the R.I.B.A. has recognised the school by exempting Students from submission of the prescribed testimonies of study for the Intermediate

Examination.

Officers and Council.

Captain E. E. Kemeys-Jenkin [F.], President [Member R.I.B.A. Council].

John Bennett [F.], Hon. Treasurer. G. S. Bridgman [A.]. J. C. C. Bruce [F.], Vice-President. E. Cannon [L.], Vice-President. E. G. Catchpole [A.], Past President. John Challice, P.A.S.I. [A.], Hon. EAST ANGLIAN SOCIETY OF ARCHITECTS.

(Year of Alliance 1929.)

[Province: Norfolk and Suffolk. Headquarters: Norwich.]

President.

F. H. Swindells [F.] [Member R.I.B.A. Council].

Hon. Secretaries.

E. H. Skipper [F.], 55 London Street, Norwich. Miss Hilda Mason [A.], Kings Knoll, Woodbridge.

The East Anglian Society of Architects was founded in 1929. It is an amalgamation of the two existing bodies, the Norfolk and Norwich Association of Architects, and the Suffolk Association of Architects.

NORFOLK AND NORWICH ASSOCIATION OF ARCHITECTS.

(Year of Alliance 1921.)

[Province: Norfolk (including Lowestoft). Headquarters: Norwich.]

Hon. Secretary.

E. H. Skipper [F.], 55 London Street, Norwich.

The Norfolk and Norwich Association of Architects was founded in 1921. The objects of the Association are the advancement of architecture, the promotion of efficiency, and the protection of the interests of the members, the maintenance of a code of professional charges and practice, and the affording of mutual assistance and the promotion of personal intercourse among the members.

The membership, which includes almost all the practising architects in the province of the Association, consists of three classes, viz.—Members: Members of the R.I.B.A. and architects who have been in practice on their own account for not less than two years. Associate Members: Architectural draughtsmen, architects' pupils, and architects engaged on the staffs of business firms. Honorary Members: Persons who by interest or ability appear to the Council able to render assistance in promoting the objects of the Association.

The annual meeting is held in January. Other meetings, lectures and outings are arranged by the Council. Students' competitions are held annually.

Officers and Council.

THE ESSEX, CAMBRIDGE AND HERTFORDSHIRE SOCIETY OF ARCHITECTS.

(Year of Alliance 1928.)

[Province: Essex, Cambridgeshire and Hertfordshire. Headquarters: Cambridge.]

Hon. Secretary.

Percival C. Blow [A.], Bank Chambers, St. Albans, Herts.

Hon. Assistant Secretary.

D. J. McP. Burton [L.], 3 Church Street North, Colchester.

Hon. Registrar.

Arthur C. Russell [L.], "Cleadon," Nelmes Way, Hornchurch.

The Essex Society of Architects was founded in 1927, and admitted to alliance with the Royal Institute in 1928. It was originally composed of four Chapters situated at Southend, Colchester, Chelmsford and West Essex. In 1929 the title of the Society was changed on the formation of Chapters in Cambridge and Hertfordshire. The Society is governed by a Council composed of representatives from each Chapter. The Bye-laws conform very closely to those enforced by the Berks, Bucks and Oxon Society, and the Society possesses the following classes of membership: -- Members, Associate Members, Students, Associate Craftsmen and Honorary Members.

Each Chapter has its own executive and the Council of the Society retains a certain proportion of the subscriptions received from members of the

Chapters, the balance being reserved for working expenses.

The Council meets four times in the year fourteen days before each General Meeting, and the Annual General Meeting is held in the area or Chapter possessing the President and Honorary Secretary for the year.

Lectures and visits to places of interest form part of the programme,

and much interest is taken in the cause of architectural education.

HAMPSHIRE AND ISLE OF WIGHT ARCHITECTURAL ASSOCIATION.

(Year of Alliance 1912.)

[Province: Hampshire, Isle of Wight and the Channel Islands. Headquarters: Southampton.

Hon. Secretary and Treasurer.

A. L. Roberts [F.], The Castle, Winchester. [Td.: Winchester 1005, Ext. 70; (House) 510.]

The Hampshire and Isle of Wight Architectural Association, founded in 1012, exists for the promotion of union and professional integrity among its several classes of members, the establishment as far as possible of uniformity of practice, and the general advancement of Architecture and the various Arts and Sciences connected therewith. The Association consists of three classes of members—(1) Fellows, who must be Chartered Architects, or Architects or Quantity Surveyors who have been engaged in practice for not less a period than three years; (2) Associates, being other Architects, Assistants, or Pupils engaged in architectural work; (3) Honorary Members, being persons other than practising Architects or Quantity Surveyors, who are interested in the art of Architecture.

No person engaged in any of the trades connected with building is eligible for admission as Fellow or Associate.

The Council meets quarterly. Six General Meetings are held during the vear, and are usually arranged in connection with visits to places of architectural interest in the summer months and lectures in the winter. The Annual General Meeting is held in April.

Officers and Council.

LEICESTER AND LEICESTERSHIRE SOCIETY OF ARCHITECTS.

(Year of Alliance 1889.)

[Province: Leicestershire and Rutlandshire. Centre: Leicester.]

Hon. Secretary.

G. A. Cope [A.], 22 Friar Lane, Leicester.

The Leicester and Leicestershire Society of Architects was founded in 1872.

The objects of the Society are:-

(1) The maintenance of the Alliance with the Royal Institute of British Architects; (2) The general advancement of Architecture and its kindred arts and sciences, the promotion of union and professional integrity among members of the profession, the establishment of uniformity of practice and the encouragement of Architectural Education; (3) To obtain and consider information respecting competitions and to secure recognition of the R.I.B.A. regulations for competitions and other matters affecting the profession, and, where practicable, to advise Committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards; (4) To afford mutual assistance, by advice or mediation, in cases of misunderstanding, either among Members themselves, or between them and their employers; or between the Members and those employed in works under their superintendence; and generally to promote personal acquaintance and good feeling amongst the Members of the Society; (5) To maintain an Architectural Reference Library for the use of the Members of the Society, and to advance their professional knowledge and interests in any way that may be deemed expedient.

The members consist of five classes, viz.: Hon. Members—Retired Architects and others; Full Members-Architects who are in practice on their own account as principals or officials in executive positions; Associate Members-Architects not less than thirty years of age who are not eligible as Full Members, or Associates or Licentiates of the R.I.B.A.; Student Members-Probationers of the R.I.B.A. who are taking the certificate course at the Leicester School of Architecture; and Assistant and Pupil Members-Assistants or Pupils not less than sixteen years of age in the office of an Architect within the Province or in the Architectural Department of a Local Governing Body within the Province. The Society possesses a Library to which all its members have access, and has issued a schedule of professional charges and practice. Prizes are awarded by the Council of the Society to pupils and others for the best Architectural Sketches, Measured Drawings, and other Competitions, particulars of which are published in the Society's Annual Report. The Annual General Meeting is held in April or May.

Officers and Council.

THE LIVERPOOL ARCHITECTURAL SOCIETY.

(Incorporated.)

Founded 1848. Incorporated 1901.

(Year of Alliance 1880.)

[Province: Parts of Lancashire and Cheshire, North Staffordshire, the town of Whitchurch (Salop), with the counties of Flint, Denbigh, Carnarvon, Anglesea, Merioneth, and Montgomery, and the Isle of Man. Centre: Liverpool.]

Rooms: Bluecoat Chambers, School Lane, Liverpool.

Hon. Secretary.

Wesley Dougill, M.A., B.ARCH.Liverpool, A.M.T.P.I. [A.], 127 Chatham Street, Liverpool.

Secretaries.

Messrs, Hodgson, Morris & Co., 41 North John Street, Liverpool. [T.A. "Esperanza," Liverpool.

The Liverpool Architectural Society was established in 1848, and incorporated in 1901 under the Companies Acts, 1862-1900, as a limited company, the Certificate of Incorporation bearing date 22nd August 1901. The Inaugural Meeting of the Society was held on the 1st March, 1848. The objects of the Society are:—(a) To undertake and encourage the general advancement of civil architecture, and to promote and facilitate the acquirement of the knowledge of the various arts and sciences connected therewith. (b) To promote professional integrity and honourable practice, and generally to promote honourable relations in the profession (c) To obtain information and to consider and discuss all subjects and questions connected directly or indirectly with the art, science, and professional practice of Architecture. (d) To support and protect the status of architects and of surveyors practising in, or in the vicinity of, the city of Liverpool, and for that purpose to confer with and advise public bodies and others on all matters affecting the interests of the profession, and, if necessary, to take active means to protect such interests. (e) To establish and maintain a library of architectural books and a collection of designs, prints, and other articles of interest to the profession. (f) To advance and encourage professional study by organising classes for study, competitions for prizes to be given by the Society, and the delivery of lectures, and by such other means as may be thought expedient.

The Society consists of two classes of members—viz., Fellows and Associates. The Fellows are architects or surveyors who have attained the age of twenty-eight years, and who for not less than three years have been engaged as principals in professional practice. The Associates are persons who have attained the age of twenty-one years and are engaged in the study or practice of Architecture or Surveying. There are honorary classes for Honorary Fellows, Retired Fellows and Honorary Associates,

and a class for Students.

The Society has a Library and Reading Room, which is open daily for the use of the members and students.

Sessional Meetings are held from October to April inclusive. The Annual General Meeting is held in April.

MANCHESTER SOCIETY OF ARCHITECTS.

(Year of Alliance 1889.)

16 St. Mary's Parsonage, Manchester, 3.

[Province: Westmorland, part of Lancashire, and part of Cheshire.

Centre: Manchester.]

Hon. Secretary. F. L. Halliday [A.], 14 John Dalton Street, Manchester, 2.

Secretary.
S. A. Gradwell, F.C.A.; 64A Bridge Street, Manchester, 3.

The Manchester Society of Architects (originally founded in 1865, and consisting exclusively of architects who at the time of their election had been in practice at least three years) was reconstructed in 1891 and incorporated under Section 23 of the Companies Act, 1867, as a limited company, the Articles of Association bearing date the 16th June 1891. The objects are:

(a) To support and protect the character, status and interests of architects practising in, or in the vicinity of Manchester, and to promote personal acquaintance and good feeling between members of the Society. (b) To establish and maintain an acknowledged code of professional practice and charges, etc. (c) To advance and encourage professional knowledge and study in the younger members of the profession by the foundation of classes for study, competition for prizes given by the Society, dclivering of lectures and other means. (d) To obtain and consider information respecting competitions and all other matters affecting the profession, etc. (e) To afford mutual assistance by advice and mediation in case of misunderstanding between members, or between members and their employers or those employed under them, and in any other way to promote honourable conduct in the profession generally. . . . (g) To establish, form, and maintain a Library or other collection of architectural works, and to acquire, by purchase or donation, books, designs, drawings, and other articles of interest in connexion with the profession.

The members consist of Fellows, who have been engaged in practice at least five years, and who are entitled to use the affix F.M.S.A.; Associates, who are at least twenty-three years of age, engaged in the study or practice of Architecture as a profession, and who are entitled to use the affix A.M.S.A.; Students, who are under twenty-three years of age and are engaged in the study of Architecture either as assistants or pupils. The Society possesses a Loan and Reference Library, containing some eleven hundred volumes, which is open to students, other than members, on Students' meetings are held during the Session, certain conditions. when Papers on architectural subjects are read. A large number of prizes are offered by the Society in competition to members of the Society, or to pupils or assistants in the offices of architects in Manchester or in the offices of members of the Society. The more important include (1) Senior Measured Drawings, hon. degree: Bradshaw Gass Prize, 1st, £8. 8s., 2nd, £4. 4s.; (2) Junior Measured Drawings: Society's Prize, £5. 5s.; (3) Sketch Prize: £3. 3s.; (4) Essay Prize: President's Prize, £5. 5s.; (5) Senior Design Prizes: Society's Prize, £10. 10s., 2nd Prize, 13. 3s. (J. H. Woodhouse Bequest); (6) Junior Design Prize: Society's Prize, £4. 4s. The Council meet every month; General Meetings of the Society are held every month from October to April (inclusive), and Sessional Paper Meetings are held during the winter. The Annual General Meeting is held in May.

NORTHAMPTONSHIRE, BEDFORDSHIRE AND HUNTINGDON-SHIRE ASSOCIATION OF ARCHITECTS.

(Year of Alliance 1912.)

[Province: Northamptonshire, Bedfordshire and Huntingdonshire. Headquarters: Northampton.

Hon. Secretary and Treasurer.

F. A. Coles [L.], 31 Market Square, Northampton.

This Association was originally the Northamptonshire Association of Architects and was instituted in 1911. In 1928 the Province was enlarged by the inclusion of Bedfordshire and Huntingdonshire, and the title altered accordingly. Its objects are the promotion of union and professional integrity among members, the establishment as far as possible of uniformity

of practice, and the general advancement of Architecture and the various arts and sciences connected therewith. Members are of four classes, viz. :-(1) Members, who must be engaged in practice as principals; (2) Associates, who must be engaged as architects' assistants or articled pupils; (3) Honorary Members: (4) Associated Craftsmen.

Officers and Council.

C. Croft, F.S.I. [L.], President. S. F. Harris [F.]. F. H. Allen [F.]. George P. Allen [F.] [Member R.I.B.A. W. H. G. Hubbard [L.], Vice-President. W. A. Lea [F.].

NORTHERN ARCHITECTURAL ASSOCIATION.

(Year of Alliance 1880.)

6 Higham Place, Newcastle-upon-Tyne.

[Province: Northumberland, Cumberland, Durham, and the County Borough of Middlesbrough. Centre: Newcastle.]

Hon. Secretary.

F. A. Child [A.], 22 Ridley Place, Newcastle-upon-Tyne.

The Northern Architectural Association was founded in 1858, and the rules and constitution were revised in 1885, and again in 1911 and 1921. The objects of the Association, as stated in the new rules, are to promote

union amongst the members; the elevation of the profession of Architecture; the establishment of uniformity of practice and professional charges; and the general advancement of the art and science of Architecture. There are 445 Members in the Association, consisting of four classes, viz.:-Members, architects in practice as principals, or as town or country architects, who have so practised for not less than three consecutive years immediately preceding their nomination; Associates, architects not yet eligible as Members or assistants (over twenty-one years of age) in the offices of gentlemen eligible as Members or Associates; Students, persons engaged in the study of Architecture who are registered as Probationers of the R.I.B.A. and not exceeding the age of twenty-one years, except when they are still pupils and exceed that age; and Honorary Members, gentlemen eminent for distinguished attainments recommended by the Council. Members and Associates only have the right to vote. Under the Glover Trust the Council offer:-

The Glover Travelling Studentship, the Glover Medal, and a Prize of Twenty-five Guineas open to Students or Associates for Architectural Study in the United

Kingdom, or abroad.

There is a Students' Club in connection with the Association, and a library. The session commences in October, and meetings, at which Papers are read and professional questions discussed, are held in each month up to and including March of the following year. The Annual General Meeting is held in May or June.

NOTTINGHAM, DERBY AND LINCOLN ARCHITECTURAL SOCIETY.

[Province: Nottingham and the South part of Nottinghamshire, Derby and the South part of Derbyshire, Lincoln and the South part of Lincolnshire. Centre: Nottingham.]

(Year of Alliance 1889.)

Hon. Secretary.

H. H. Goodall [L.], Brougham Chambers, Wheeler Gate, Nottingham.

Secretary and Treasurer.

W. L. Dunn, A.C.A., Park House, Friar Lane, Nottingham. [Nottingham 42381 (2 lines).]

The Nottingham Architectural Society was instituted in 1862. Derby Architectural Society was founded in 1908 and amalgamated with the Nottingham Society in 1913. The Rules were revised in 1914. The objects of the Society are the promotion of union and professional integrity among its several classes of members; the establishment as far as possible of uniformity of practice; and the general advancement of Architecture and the various arts and sciences connected therewith. The members consist of three classes, viz.: Members, architects engaged as principals not less than two years; Associates, architects not eligible as Members, architects' assistants and articled pupils; Students, who shall be under twenty years of age; and Honorary Members, gentlemen distinguished for their attainments. General Meetings are held during the year, besides Special General Meetings which may be convened at any time. The Annual General Meeting is held in April. Students' Competitions are held annually, and in addition the Council offer prizes for the best set of measured drawings of any building of interest, Classical or Mediæval. The Society possesses an interesting and useful Library.

SHEFFIELD, SOUTH YORKSHIRE AND DISTRICT SOCIETY OF ARCHITECTS AND SURVEYORS.

(Year of Alliance 1889.) The University, Sheffield.

[Province: Northern Derbyshire, Northern Lincolnshire, and part of South Yorkshire. Centre: Sheffield—The line between the Leeds and Sheffield Provinces has been determined as follows: -The Northern boundary of the Sheffield province will follow the County boundaries of Lancashire and Yorkshire to Penistone, Barnsley, Snaith and Goole (including all those towns) to the mouths of the Ouse and the Don.]

Hon. Secretary.

H. B. S. Gibbs, M.T.P.I. [F.], 15 St. James's Row, Sheffield.

The Sheffield, South Yorkshire and District Architectural Society was founded in 1886 for the advancement of the profession of architect and surveyor; for promoting and facilitating the acquisition of a knowledge of the various arts and sciences connected therewith, and the education of the junior members thereof; and for the consideration of questions of professional practice. The members consist of five classes: Honorary Members, Fellows, Associates, Students, and Lay Members. Fellows are practitioners who have been engaged as principals for not less than five years in their professions; Associates are principals or assistants over twenty-one years of age; Students are articled pupils; Honorary Members are distinguished patrons of the Arts and Sciences; Lay Members are gentlemen not practising but interested in Architecture or Surveying, and not following any of the building trades. Papers are read, and professional questions discussed, on the second Thursday in each month from October to April, both inclusive. The Annual General Meeting is held in April.

THE SOUTH-EASTERN SOCIETY OF ARCHITECTS.

(Year of Alliance 1928.)

[Province: The Counties of Kent, Surrey and Sussex.]

Hon. Secretary.

Colin H. Murray [F.].

General Secretary.

Miss Winifred Bate.

Headquarters: St. Moritz, The Upper Avenue, Eastbourne. [Eastbourne 2780.]

The South-Eastern Society of Architects was founded in 1928, as one of the Allied Societies of the Royal Institute of British Architects. Its members practise or reside in the Counties of Kent, Surrey, and Sussex. Its activities appeal to both professional and non-professional members. Its main objectives are: The beautifying of our surroundings and the preservation of Rural England. Its functions are :—(a) To maintain an intensive propaganda to enable the public to appreciate good architecture and to encourage its study and advancement. (b) To teach architectural design and construction. (c) To assist Local Authorities by advising on the external elevations of buildings.

Monthly social meetings are held for practising architects in the more important towns, where professional advice is exchanged. Atelier Clubs for developing architectural design are organised in Brighton, Canterbury, Croydon, Farnham, Guildford, Hastings and Worthing. These are intended primarily for assistants and others who are preparing for the R.I.B.A. examinations and who are unable to attend a regular architectural

course.

Members are strongly advised to join the Society's Correspondence School of Town Planning, which is obtaining most satisfactory results at the Town Planning Institute examinations.

Officers of the Society.

President: R. Goulburn Lovell, A.T.P.I. [F.] [Member R.I.B.A. Council].

Past Presidents:

H. V. Lanchester, M.T.P.I. [F.], John Walter Little, M.T.P.I. [F.].

Vice-Presidents:

H. Anderson [F.], Stanley Philpot [F.], Colonel C. R. B. Godman [F.], A. J. Stedman [F.], T. G. Crump [L.].

Hon. Treasurer: Cecil Burns [F.].

THE WESSEX SOCIETY OF ARCHITECTS.

(Year of Alliance 1923.)

[Province: Gloucestershire, Wiltshire, Somerset and Dorset. Centre: Bristol.]

Hon. Secretary.

Harold E. Todd [A.], 29 Orchard Street, Bristol.

Acting Hon. Secretary.

R. S. Redwood [A.], 25 Great George Street, Park Street, Bristol, 1.

The Wessex Society of Architects was founded in 1922 by the Federation of the Bristol Society of Architects and the Gloucestershire Architectural Association. A third branch, viz. the Wilts and Dorset Society of Architects, has now been formed.

The membership of the Society consists of the members (Fellows, Associates and Students) of the constituent bodies and Honorary

Members.

The first Honorary Fellow of the Society was the late Thomas Hardy, O.M.

BRISTOL SOCIETY OF ARCHITECTS.

(Year of Alliance 1889)

Hon. Secretary.

R. S. Redwood [A.], 25 Great George Street, Park Street, Bristol, 1.

The Bristol Society of Architects was established in 1850, and reorganised in 1888. The Society exists for the purpose of maintaining the interests of the profession; for the educational advancement of local students; for the formation of a Library; and for insuring a uniformity and respectability of practice. The Members consist of Fellows-architects who have attained the age of thirty years, and who have been engaged as principals for at least five successive years in the practice of architecture; Associatespersons engaged in the study or practice of architecture who have attained the age of twenty-one years; Honorary Associates—persons not professionally engaged in practice as architects, who, by reason of their interest or ability in art, science, literature, or archæology, or their experience in matters relating to architecture or building, may appear to the Council to be able to render assistance in promoting the objects of the Society; Studentspersons engaged in the study of architecture, and who are not less than sixteen years of age. Students have the privilege of attending ordinary meetings of the Society and of joining in discussions, but have no voice in the control of the Society's affairs. All Students are expected to qualify themselves for passing the Examinations of the R.I.B.A. The Annual General Meeting is held early in February, and monthly meetings are held from October to March, at which Papers are read and the business of the Society transacted. The Society, in collaboration with the Royal West of England Academy,

was instrumental during the year 1920-21 in establishing the School of Architecture of that Academy, opened by H.R.H. the Prince of Wales on 10th July 1921. The school is carried on at the premises at No. 25 Great George Street, Park Street, where the Bristol Society of Architects have their headquarters, and is open to students of Architecture irrespective of sex. It is affiliated with the school of the Architectural Association of London, and is now guaranteed financially by the Royal West of England Academy. It is controlled as to its educational policy and curriculum by a Council composed of members of the Council of the Society and Members of the Academy Council. The curriculum closely follows that of the school of the Architectural Association; the general system of education is, however, that of combined apprenticeship to a practising architect and school work, though special cases are dealt with on their merits, and apprenticeship and office work are not compulsory. The four years part-time and three years whole-time courses are recognised for exemption from the R.I.B.A. Intermediate Examination.

Officers and Council.

G. D. Gordon Hake, R.W.A. [F.], President.

R. H. Brentnall [A.].

B. F. Brueton [A.]. E. H. Button, A.R.W.A. [A.].

C. F. W. Dening, R.W.A. [F.].

J. Ralph Edwards [A.], Vice-President. Mowbray A. Green, R.W.A. [F.].

Sir George H. Oatley, LL.D., R W.A [F.]. R. S. Redwood [A.], Hon. Secretary. W. J. Stenner [F.] [Member R.I.B.A.

Council]. C. H. White [A.], Hon. Treasurer.

R.I.B.A.

WEST YORKSHIRE SOCIETY OF ARCHITECTS.

(Year of Alliance 1891.)

[Province: The West Riding and that part of the North Riding west of the railway line. Centre: Leeds. The line between the Leeds and Sheffield Provinces has been determined as follows:—The Northern boundary of the Sheffield Province will follow the County boundaries of Lancashire and Yorkshire to Penistone, Barnsley, Snaith and Goole (including all those towns) to the mouths of the Ouse and the Don. The line between the York and Leeds Provinces has been determined as follows :-From Goole following the south and west bank of the River Ouse to Cawood; thence at a radius of 10 miles from the centre of the City of York, south and west of the City of York, to the L.N.E.R. main railway line at Tollerton Station, thence following that railway line to the county boundary between Yorkshire and Durham.]

Hon. Secretary.

Norval R. Paxton, M.C. [A.], 33 Prudential Buildings, Park Row, Leeds.

Joint Hon. Secretary and Registrar.

Harold Conolly [A.], St. John's House, Merrion Street, Leeds.

The West Yorkshire Society of Architects was founded in 1876, and registered on the 10th November 1885, under Section 23 of the Companies Act, 1867. The objects of the Society are (a) to afford facilities for the study of Architecture; (b) to advance and protect the professional character, status, and interests of Architects, to promote honourable practice and to settle disputed points of practice within the Society's area; (c) to serve as a medium for friendly intercourse between Architects and others interested in the progress of art; (d) to encourage study by means of papers and discussions upon subjects of professional interest; the maintenance of a Lending Library on Architectural and cognate subjects; the provision of classes for the study of specific subjects and the award of prizes as encouragement for Architectural study; and by such other methods as the Council may determine from time to time.

The Society consists of three groups of members:—Life Members, Architectural Members and Non-Architectural Members. Life Membersshall be persons of distinction whom the Society wish to honour; Architectural Members:—(a) Fellows—Architects who have attained the age of 30 years, and have been engaged as Principals for seven consecutive years and are Fellows or Associates of the Royal Institute of British Architects; (b) Associates—Architects or Architects' Assistants who have attained the age of 21 years and have completed a suitable course of training in Architecture; (c) Students-Architects' Assistants or Students of Architecture not eligible for the Associates' class. Non-Architectural Members:—(a) Quantity Surveyors; (b) Honorary Members—persons interested in the Arts and Sciences associated with Architecture; (c) Subscribing Members—persons not being eligible for membership as Architectural Members but who wish to be identified with the activities of the Society.

YORK AND EAST YORKSHIRE ARCHITECTURAL SOCIETY.

(Year of Alliance 1893.)

[Province: The East Riding and that part of the North Riding to the east of the London and North Eastern Railway, including Northallerton. The line between the York and Leeds provinces has been determined as follows:—From Goole following the south and west bank of the River Ouse to Cawood: thence at a radius of 10 miles from the centre of the City of York, south and west of the City of York, to the L.N.E.R. main railway line at Tollerton Station, thence following that railway line to the county boundary between Yorkshire and Durham. Centre: York.]

^{***}The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals; and, except where otherwise stated, all the addresses are in Wakefield.

Honorary Secretary.

R. Jackson [A], 60 Leonard Street, Hull.

The York and East Yorkshire Architectural Society was founded in 1882, the objects being to afford facilities for the study of Architecture, sanitary engineering, and other subjects identified with the architectural profession; and to advance the professional interest of the members. It has endeavoured to carry out these objects by means of (1) Papers and discussions upon all subjects and questions connected directly and indirectly with Architecture; (2) The preservation of ancient and historical architectural monuments and buildings; (3) The advancement and encouragement of professional knowledge and study in the younger members of the profession by the foundation of classes for study and the award of prizes for satisfactory work; visits to works in progress, and to buildings ancient and modern; sketching, and such other methods as may be determined from time to time. Further, by supporting and protecting the character and uniformity of practice of the profession, and promoting personal acquaintance and good feeling between the members and honourable conduct in the profession generally. The members consist of four classes, viz., Fellows -architects who have been in practice at least three consecutive years, or hold chief public appointments; Associates—persons who are engaged in the study and practice of Architecture, who are not eligible as Fellows; Students-persons engaged in the study of Architecture as pupils (or assistants not yet twenty-one years of age); Honorary Members—those who have any direct or indirect interest in Architecture, or in some of the collateral arts and sciences. The Annual General Meeting is held in April.

SCOTLAND.

THE ROYAL INCORPORATION OF ARCHITECTS IN SCOTLAND.

Telegraphic Address: "Architects, Edinburgh."

(Year of Alliance 1921.)

Secretary and Treasurer.

J. T. Middleton, w.s., 15 Rutland Square, Edinburgh.

The Incorporation of Architects in Scotland was founded in 1916 and obtained a Royal Charter on 6th May 1922.

The Incorporation maintains local divisions of its members known as Chapters, to each of which a definite portion of the whole territorial area of Scotland is assigned as its sphere of influence and action.

The Incorporation consists of three classes of Active Members: Fellows, Associates, and Students; and two classes of Honorary Members: Honorary Fellows, and Honorary Corresponding Fellows. Fellows must be over thirty years of age, engaged as principals for at least five successive years, or engaged in professional education under an educational body in Scotland, recognised as such by the Council. Associates must be over twenty-one years of age and resident in Scotland, who, having completed a term of pupilage or the equivalent in the Schools, are engaged in the practice of Architecture as principals, or employed as assistants in an architect's office recognised as such by the Council, or are engaged in professional study or education. Students must be over sixteen years of age and resident in Scotland who are pupils in an architect's office or are engaged in the study of Architecture in the Schools or in such other way as the Council recognises as equivalent; candidates for the studentship are recommended to have the Leaving Certificate of the Scottish Education Department or its equivalent. Associates who have been engaged as principals for five years and who are otherwise eligible for Fellowship must apply for admission as Fellows, failing which the Council may consider they have resigned; in like manner Students on becoming eligible must apply for admission as Associates, or have their names removed from the list. Membership of the Incorporation is conditional on concurrent membership of the Chapter within whose territory the member's office is situated. Each Chapter has its territorial designation as a Chapter of the Incorporation, but it may with the consent of the Council of the Incorporation, retain a proper name or title other than its designation as a Chapter of the Incorporation. The Chapters number six, viz.

> ABERDEEN SOCIETY OF ARCHITECTS. DUNDER INSTITUTE OF ARCHITECTS. EDINBURGH ARCHITECTURAL ASSOCIATION. GLASGOW INSTITUTE OF ARCHITECTS. INVERNESS ARCHITECTURAL ASSOCIATION. STIRLING SOCIETY OF ARCHITECTS.

Each Chapter has its own President and Council, who manage the affairs of the Chapter and prepare an Annual Report for submission to the Annual Convention of the Incorporation. Each Chapter Council appoints from its own Chapter representatives to serve on the Council of the Incorporation. The Presidents of the several Chapters are Vice-Presidents of the Incorporation. Each Chapter may frame Rules and Regulations for its own government subject to the approval of the Council of the Incorporation. The Annual Convention of all the Members is held in or about the month of June at the place fixed at the preceding Annual Meeting. At the Annual Convention the New President is elected and installed.

WALES.

THE SOUTH WALES INSTITUTE OF ARCHITECTS.

. (Year of Alliance 1893.)

[Province: Glamorgan, Brecknock, Radnor, Cardigan, Pembroke, Carmarthen, and Monmouth. Centre: Cardiff.]

Hon. Secretary.

Ivor P. Jones [A.], 10 Cathedral Road, Cardiff.

The South Wales Institute of Architects was founded in 1800, and consists of Fellows, Associates, Students and Honorary Members. Fellows must be practising Architects, not combining any other business with their profession of Architecture, except those of Land and Quantity Surveying, Land Agency and Valuing and Civil Engineering, and must either have served articles to Architects of recognised qualifications, or be members of the Royal Institute of British Architects, or Architects' Assistants who are Associates or Licentiates of the R.I.B.A., unless the Council shall see reason to relax this rule in any special case. Associates must be Architects' Assistants or Students of a recognised School of Architecture. They must be twenty-one years of age or over, and shall be Students of the R.I.B.A. Students must be Architects' Articled Pupils, or Day Students in any recognised Architectural School. No one shall be eligible for election as a Student of the South Wales Institute of Architects unless he has been accepted as a Probationer of the R.I.B.A. Honorary Members must be persons who have rendered or may be in a position to render to Architecture or the South Wales Institute of Architects such service as in the opinion of the Council entitles them to that distinction.

IRELAND.

THE ROYAL INSTITUTE OF THE ARCHITECTS OF IRELAND.

(INCORPORATED.)

(Year of Alliance 1889.)

8 Merrion Square North, Dublin.

[Centre: Dublin.]

Hon Secretary.

R. C. Keefe [L.]; 8 Merrion Square North, Dublin.

The Royal Institute of the Architects of Ireland was founded in 1839, and incorporated in 1909. The objects of the Institute are inter alia:-(1) The general advancement of Architecture; (2) To foster and promote union, professional integrity and honourable practice and relations in the profession, and (3) To promote the efficiency, elevate the attainments, and watch over and support and protect the status, privileges and interests of Architects practising in Ireland. The Institute consists of Probationers, Students, Members, Fellows, Honorary Members and Honorary Corresponding Members. Fellows and Members are known as "Registered Members." Class I (A). Probationers shall be persons of good repute intending to follow the profession of Architecture, and who shall have (a) signed articles to serve for a period of at least three years as pupil to a Member or Fellow of the Institute, or of the Royal Institute of British Architects, or of any Society for the time being allied to either Institute or to an Architect approved by the Council, or who, being a person pursuing a Degree Course in Architecture (approved of by the Council) shall have been exempted by the Council from serving under Articles of Apprenticeship for the whole or part said period of three years; and (b) who shall have passed the Preliminary Examination

of the Institute, or who shall have been exempted by the Council from passing such Preliminary Examination. Class I (B). Students, shall be (1) persons who have been admitted as students of the Institute prior to the 1st October 1926, or (2) persons of good repute who have attained the age of nineteen years, and (a) have signed articles to serve for a period of at least three years as pupil to a Member or Fellow of the Institute, or of the Royal Institute of British Architects, or of any Society for the time being allied to either Institute or to an Architect approved by the Council, or who, being a person pursuing a Degree Course or holding a University Degree in Architecture (approved of by the Council) shall be exempted by the Council from serving under Articles of Apprenticeship for the whole or part of said period of three years; and (b) who shall have passed the Intermediate Examination of the Institute, or who shall have been exempted by the Council from passing same. Class II. Members, shall be (1) (a) Students of good repute who shall have attained the age of twenty-three years, and who shall have been students of the Institute for two years commencing not later than 1st October 1926; (b) Students of good repute who have been admitted as Students after 1st October 1926 shall have attained the age of twenty-three years and who shall have passed the Final Examination of the Institute. (2) Persons of good repute who shall have attained the age of twenty-three years and who shall have passed the Associateship Examination of the Royal Institute of British Architects, or who shall have obtained a University Degree in Architecture of a standard approved by the Council. (3) Architects in actual practice as principals, of good repute and approved of by the Council, who shall have attained the age of twenty-eight years, and who shall have passed a Special Final Examination. (4) Assistants or persons following the profession of Architecture (without being in actual practice as principals), of good repute and approved of by the Council, who shall have attained the age of thirty years, and who shall have passed a Special Final Examination. Class III. Fellows, shall be such persons as shall be elected from the rank of Class II by a general vote of Classes II and III, provided they shall be architects of good repute, who have (a) attained the age of thirty-three years, have (b) been members of the Institute for at least ten years, or who are Associates of the Royal Institute of British Architects, and are (c) in the opinion of the Council worthy of that distinction. Persons, not being in practice in Great Britain, Saorstat Eireann or Northern Ireland, who are eminent for their works or scientific acquirements, shall be eligible to be associated to the Institute without any contribution under the designation of Class IV Honorary Members, if resident within Great Britain, Saorstat Eireann or Northern Ireland; or of Class V Honorary Corresponding Members, if resident elsewhere. Meetings of the Council are held the second Friday in the month at 4 p.m., except during July, August and September. The ordinary General Meetings are held on a convenient Thursday in February, April, Iune and November. The Annual General Meeting is held in December at which meeting the Council for the ensuing year is elected. There are Standing Committees for Professional Practice, Arts and Publication, with Special Committees for Premises and Finance Town Planning and Library, and a Board of Architectural Education. The Annual Subscription for a Student is half a guinea, for a Member two guineas and for a Fellow four guineas.

THE ROYAL SOCIETY OF ULSTER ARCHITECTS.

(Incorporated.)

(Year of Alliance 1923.)

7 College Square North, Belfast.

[Centre: Belfast.]

Hon. Secretary.

Valentine Smyth [A.], 7 College Square North, Belfast.

The Royal Society of Ulster Architects was founded in January 1901, and incorporated on the 6th February 1923, under the Companies' Acts, 1908 to 1917, its objects being:—(a) The general advancement of architecture; (b) The maintenance of the interests, status and uniformity of practice of the profession and standardisation of fees; (c) The maintenance of communication and friendly relations with other bodies associated for similar purposes; (d) To afford mutual assistance, by advice or mediation in cases of misunderstanding, either among members themselves or between them and their clients, or between members and those employed in works under their superintendence and generally to promote personal acquaintance and good feeling among members of the Society; (e) To obtain and consider information respecting competitions and other matters affecting the profession, and where practicable to advise with committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards upon the suggestions for the conduct of competitions issued by the R.I.B.A.; (f) To facilitate and encourage the education of the students connected with the Society.

The membership consists of the following classes: - Members, Associates, Students and Honorary Members. (1) Members shall be architects of good repute, who have been engaged in practice as principals for a period of not less than seven years, or who are Fellows or Associates of the Royal Institute of British Architects, or Fellows or Members of societies allied with the R.I.B.A. (2) Associates shall be architects in practice, but not yet eligible as Members, or assistants (exceeding the age of twenty-one years). Students shall not be less than sixteen years of age and engaged in the study of architecture under articles (having a period of at least three years) in the office of an architect who is a member of this or other society in alliance with the R.I.B.A., and who have been registered as probationers of the R.I.B.A. (4) Honorary Members shall be persons who are eminent for their works or scientific acquirements, or who have rendered services to the Society or Profession.

^{*.*} The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals; and, except where otherwise stated, all the addresses are in Belfast.

OVERSEAS ALLIED SOCIETIES. AFRICA.

THE INSTITUTE OF SOUTH AFRICAN ARCHITECTS.

(Year of Alliance 1928.)

The Architects' and Quantity Surveyors' (Private) Act No. 18 of 1927 provides for the establishment and incorporation of "The Institute of South African Architects," which comprises four Provincial Institutes of Architects and a Chapter of Quantity Surveyors.

At the time of the passing of the Act, 18th June 1927, there existed in

the Union of South Africa the following Institutions:-

In the Transvaal, "The Association of Transvaal Architects," incorporated under the Architects' (Private) Act No. 39, of 1909, of the then Colony of the Transvaal;

In Natal, "The Natal Institute of Architects," incorporated under

Act No. 10, of 1902, of the then Colony of Natal;

In the Cape of Good Hope, "The Cape Institute of Architects" and the Port Elizabeth Society of Architects;

In the Orange Free State, an Institute of Architects;

In South Africa, "The South African Institute of Quantity Surveyors,"

incorporated under Ordinance No. 56, of 1903, of the Transvaal.

These respective enactments were duly repealed under the new Act of 1927, wherein is incorporated "The Institute of South African Architects," within which is the Chapter of South African Quantity Surveyors.

From the professional point of view the most important provision of the Act of 1927 is the protection of the titles of "Architect" and "Quantity Surveyor." These titles can only be used by registered Architects and enrolled Quantity Surveyors. Any unregistered person using either title is liable, on conviction, to a fine not exceeding one hundred pounds for each offence.

The Register (of Architects) and the Roll (of Quantity Surveyors) consist of those members of both professions who at the time of the passing of the Act were either bona fide performing the work of an Architect or Quantity Surveyor, respectively, or who were assistants in the respective professions, who duly made application for membership of the Institute and whose applications were approved by the Inaugural Board appointed by the Minister

under the Act; and those who have since qualified for admission.

After the expiration of the time prescribed for such inaugural registration or enrolment, the conditions materially altered inasmuch as no person can now be registered or enrolled unless he passes certain examinations, prescribed by the "examining authority" (i.e. the Universities of Cape Town, the Witwatersrand, and Pretoria) appointed by the Hon. the Minister of Education, and possesses certain training, or was, prior to the passing of the Act, a member of a Society or Institute recognised by the Minister as "of equivalent standing."

In the Act provision is made for the framing of Regulations governing the administration of the Act, which Regulations duly framed by the Inaugural Board, and gazetted, became law on the 14th April 1928. These Regulations deal with the management, powers and duties of the Institute, the Provincial Institutes and the Chapter; with the classes and designations of Members and the defining of their rights and liabilities;

with the procedure, duties and powers of the Central Council, of the Provincial Committees and the Board of the Chapter; with what in an architect or quantity surveyor shall constitute "unprofessional conduct"; with the scale of professional fees, etc. Provision is made also in the Regulations for the direction and co-ordination by the Central Council of architectural and quantity surveying education in South Africa.

THE CENTRAL COUNCIL.

The Central Council is a body representative of both professions in South Africa, elected by the four Provincial Institutes and the Chapter in proportion to their membership. The present Central Council is composed of twelve members, ten being elected by the Provincial Institutes and the Chapter (Transvaal, 4; Cape, 2; Natal, 1; Orange Free State, 1; the Chapter, 2), and two being Government nominees, one an Architect and the other a Quantity Surveyor, appointed by the Hon. the Minister of Public Works.

In the main the work of the Central Council, as the executive body of the Institute, pertains to the administration of the Act in relation to all architectural and quantity surveying matters of principle throughout the four Provinces of the Union; while each Provincial Institute controls the domestic affairs of its members in its Province, and the Chapter deals with the domestic affairs of quantity surveyors. The work formerly done by the Inaugural Board re registration and enrolment, the framing and amending of Regulations, the issuing of certificates, etc., is now performed by the Central Council.

THE CENTRAL COUNCIL, 1936-1937.

President-in-Chief. H. J. Brownlee [F.].

Vice-President-in-Chief. Ernest M. Powers [F.].

Registrar.

THE CAPE PROVINCIAL INSTITUTE.

(Year of Alliance 1907.)

Secretary.

Major P. Milne Duncan, O.B.E., F.S.A.A., Markham's Buildings, Hout Street, Cape Town.

The Cape Institute of Architects, founded in 1899, and admitted to alliance with the Royal Institute of British Architects in 1907, was incorporated under the Architects and Quantity Surveyors (Private) Act, 1927, and became known as the Cape Provincial Institute, one of the Provincial Institutes forming the Institute of South African Architects established under the same Act.

The Act provides for three classes of members, viz. :- Practising Members,

Salaried Members and Retired Members.

The Act restricts the use of the titles of Architect and Quantity Surveyor to persons who are members of the Institute. Admission to membership (subsequent to Inaugural Registration) is subject to the following conditions: (1) Applicant must not be less than 21 years of age; (2) he must have passed a qualifying examination approved by the Minister, or (3) he must have been a member of one of the Institutes incorporated under the Act or of any other Society of Architects which the Minister may declare by proclamation to be of equal standing.

Office-Bearers and Provincial Committee.

THE ORANGE FREE STATE PROVINCIAL INSTITUTE.

Hon. Secretary.

Fredk. W. Masey [F.], 16 National Mutual Buildings, Maitland Street, Bloemfontein, O.F.S.

The first movement for the formation of an Architectural Body in the Orange Free State resulted from an invitation issued by Mr. Fredk. W. Masey to Messrs. John Williams, H. G. de la Cornillère, Cyril Dyer, A. Schultz and Mr. G. A. Stewart—the City Engineer—who met at the Bloemfontein Club to discuss matters appertaining to the interests of Architects on 14th March 1913. Matters dealt with included Government Licences, Professional Fees, Quantities, Public Works Departmental Work, Town Council Bye-laws.

After the close of the Great War other meetings were held in November and December 1920; June, August, September and October 1921, when a voluntary Association of Licensed Practising Architects of Bloemfontein

was changed to the Orange Free State Institute of Architects.

Messrs. Fitt and Masey were appointed Delegates from the Orange Free State to a Congress of Architects from all four Provinces in September 1921, when united action was started for the South African Architects Parliamentary Bill.

The Institute, since the passing of the Bill by the South African Union Parliament, changed its title to that which it now possesses.

THE TRANSVAAL PROVINCIAL INSTITUTE.

(Incorporated).

(Year of Alliance 1923.)

67 Exploration Building, Commissioner Street, Johannesburg.

Secretary.

A. S. Pearse, 5 Kelvin House, 100 Fox Street, Johannesburg.

The Association of Transvaal Architects was incorporated by Private Act No. 39 of the Transvaal, assented to on the 7th July 1909.

The Transvaal Provincial Institute replaces the old Association of Transvaal Architects, now incorporated under the new Institute of South African Architects.

The management of the affairs of the Provincial Institute is conducted by a Committee consisting of a President, two Vice-Presidents and nine other members (of whom four may be in salaried employment).

They are elected annually at the General Meeting of the Institute held in March in each year. Members of the Committee retire annually, but are

eligible for re-election.

R.I B.A

Special Meetings of members are held as circumstances require or upon the

signed requisition of twelve members.

The clerical work of the Provincial Institute is carried out by a permanent Secretary. The work of the Committee is assisted by several advisory committees, viz.: Finance, Practice, Journal, Building Bye-laws, Art and Education, Board of Examiners, etc., whilst it has representatives on several outside Associations in which its members are directly interested.

The Committee, through its Art and Education Committee, has been instrumental in establishing the South African Academy, an annual exhibition of paintings, architectural studies, modelling, sculpture and craft work. By the initiative of the old Association of Transvaal Architects, coupled with monetary contributions from a considerable section of the members, the first Chair of Architecture in South Africa was established at the University of the Witwatersrand, Johannesburg.

The Transvaal Provincial Institute publishes its own monthly journal, "The South African Architectural Record," which is also the official journal of the Natal and Orange Free State Provincial Institutes and the Chapter of South African Quantity Surveyors.

The Association of Transvaal Architects entered into affiliation with the Royal Institute of British Architects in the year 1923.

EAST AFRICA INSTITUTE OF ARCHITECTS.

(Year of Alliance 1915.)

Hon. Secretary and Treasurer.

Guy C. Nixon, P.O. Box 1124, Nairobi, Kenya Colony, East Africa.

The East Africa Institute of Architects was founded in 1913. The objects of the Institute are :-

For social intercourse amongst Architects and for the upholding of the dignity of the profession.

For the education of the Student and the public in Architecture, and all the arts and sciences pertaining to Architecture, and the encouragement of Civic planning in the Cities or Towns of East Africa and Uganda.

The Institute consists of three classes, viz.: (1) Members, who shall be practising Architects; (2) Associates, who shall be Assistants; (3) Student Members, and (4) Hon. Members, who shall be retired Architects or Sculptors, Craftsmen and persons who follow the Allied Arts.

The Annual Subscriptions are Two Guineas, One Guinea and Half a Guinea respectively.

The scale of fees and professional charges is identical with that of the Royal Institute of British Architects.

THE INSTITUTE OF SOUTHERN RHODESIAN ARCHITECTS.

(Year of Alliance 1926.)

Hon. Secretary and Registrar.

Andrew A. Hotson, P.A.S.I.; P.O. Box 482 (Bechuana House), Salisbury, S. Rhodesia.

The Rhodesian Institute of Architects, founded in 1925, was admitted to alliance with the Royal Institute of British Architects in 1926. The objects of the Institute include the general advancement of Civil Architecture, promoting and facilitating the acquirement of knowledge connected with the various arts and sciences connected therewith; the regulation, guidance and protection of those engaged in the practice of Architecture, and for educational and benevolent purposes.

This Institute promoted the Registration of Architects practising in Southern Rhodesia, and the Architect's (Private) Act of 1929 was promulgated and received the consent of His Excellency the Governor, July 5th, 1929.

The Act established The Institute of Southern Rhodesian Architects as a corporate body with perpetual succession and defined the rights, powers, privileges and duties of Members thereof, and sets out the Qualifications for Registration of Architects practising in Southern Rhodesia prior to the passing of the Act; and the experience and qualifications necessary for subsequent Registration which includes the passing of certain examinations, possession of Architectural Diploma or the production of completed Articles duly signed by a recognised Architect of British nationality and proof of bona fide as an Architect.

Corporate Membership of the Royal Institute of British Architects also

qualifies for Registration.

Provision is made in the Act for the making of Regulations governing the management of the Institute by a Council, and procedure for the election of the Council.

The Act protects the Title as well as the Work of an Architect and imposes a heavy penalty upon the wrongful use of the title "Architect" and professional practice by unregistered persons.

AUSTRALASIA.

THE ROYAL AUSTRALIAN INSTITUTE OF ARCHITECTS.

(Year of Alliance 1922.)

4A Bligh Street, Sydney, N.S.W.

On April 15th 1915, the Institutes of Architects in Australia founded the Federal Council of the Australian Institutes of Architects. This body was allied with the R.I.B.A. in 1922. On September 6th 1929, the Federal Council gave way to the Australian Institute of Architects, and this in turn gave way to The Royal Australian Institute of Architects, which was incorporated on August 18th 1930.

The Royal Australian Institute is supplementary to the State Institutes where such continue to exist or to function; this position obtains in Victoria, South Australia and Tasmania: in New South Wales and Queensland the State Institutes have voluntarily suspended operations and Organised

Chapters of the Royal Australian Institute have taken their place.

In those States where State Institutes still function, duplication of authority is obviated by action taken under an agreement (the Agreement of 1930) whereby these State Institutes ceded to the Royal Australian Institute sole authority in respect of (1) Promotion of Commonwealth Acts of Parliament; (2) Examinations; (3) Granting of Diplomas and the right to use initials; (4) Ethics; (5) Scale of Fees; (6) Competition Code; (7) Conditions of Contract; (8) Contracts between Architect and Client; (9) Quantities.

The Organised Chapters or State Institutes (as the case may be) act as the representatives of, and executive authorities for, the Royal Australian

Institute within their particular territories.

The Royal Institute of the Architects of Western Australia is not a party to the Agreement of 1930, nor allied with the Royal Australian Institute.

President.

G. St. J. Makin.

Vice-President.

THE QUEENSLAND CHAPTER.

(Year of Alliance 1913.)

Secretary.

The Queensland Institute of Architects was founded in 1888, and its Rules and Regulations were revised in 1904 and again in 1910. The objects of the Institute are the advancement and elevation of Architecture as an art; the promotion of friendly intercourse and maintenance of a uniform system of practice amongst its members; and the protection of the public against unqualified men. There are four classes of members, viz.:-Fellows, who must be architects who have been in regular or responsible official practice for not less than five years; Associates, who must be duly qualified architects who have been not less than five years in practice, and architectural assistants over the age of twenty-one years who have been for five years actually engaged in the study of architecture in an architect's office; Students, who must be actually engaged in the study of architecture in an architect's office; Honorary Members, who must be persons who have distinguished themselves by their researches or practice in science, literature, or art. The Annual General Meeting is held in March, and General Meetings are held as required.

SOUTH AUSTRALIAN INSTITUTE OF ARCHITECTS.

(Incorporated.)

(Year of Alliance 1912.)

Hon, Secretary.

Dean W. Berry, Trustee Building, Grenfell Street, Adelaide.

The South Australian Institute of Architects was founded in 1886. There are three classes of members: Fellows, Associates, and Honorary Members. Fellows must have attained the age of 30 years, and practised as principals for at least ten years. Associates must not be less than 21 years of age and have served at least three years' articles to a practitioner approved by the Institute and have passed such examinations as may be required by the Council. The Articles of Apprenticeship of Pupils have to be registered with the Institute, and the date of registration will be taken as the date of commencement of apprenticeship. No articles will be registered until the Pupil has complied with the University of Adelaide's requirements for the Bachelor of Engineering Course of Architecture or the School of Mines Diploma in Architecture; i.e. by having passed the Leaving Examination in five subjects, including the necessary compulsory subjects. Candidates for Associateship must submit Testimonies of Study required by the R.I.B.A. and pass an examination following the lines of the R.I.B.A. Intermediate and Final. The Annual General Meeting is held in July or August.

Officers and Council.

L. Laybourne-Smith, B.E. [F.], President. W. H. Bagot [F.]. H. H. Cowell, Vice-President.

ROYAL VICTORIAN INSTITUTE OF ARCHITECTS.

(Incorporated.)

(Year of Alliance 1910.)

53-55 Collins Place, Melbourne.

Hon. Secretary.

W. O. McCutcheon, 419 Collins Street, Melbourne.

Secretary.

John B. Islip, 53-55 Collins Place, Melbourne.

The Royal Victorian Institute of Architects was founded in 1871, and incorporated under the Statutes of the Parliament of Victoria, Nos. 109 and 764, in 1890. Its objects are the advancement, protection, and elevation of Architecture as an art, and the cultivation of friendly intercourse between members. The Institute consists of Life Fellows, Fellows, Associates, and Honorary Fellows. Life Fellows are architects elected by the Institute for eminent services rendered to the Institute. Fellows are architects who have attained the age of thirty years, and have served articles for at

least three years to a recognised practitioner or have satisfied the Council as to their qualifications and have been engaged as principals for at least seven years in the practice of Architecture and have erected buildings of sufficient importance in the judgment of the Council. The Institute has power to declare that every person desiring to be admitted as a Fellow shall be required to have passed such examination or examinations as may be directed by the Institute. In special cases the Council have power to dispense with such Examination. Honorary Fellows are gentlemen not practising as architects in Victoria, and distinguished by scientific, artistic, or literary attainments. Associates must be persons engaged in the study or practice of Architecture who have attained the age of twenty-one years, and have served at least four years' articles, or otherwise can satisfy the Council as to training, and who have passed such examination or examinations as the Institute may direct. Associates of the Royal Institute of British Architects, or of any other incorporated Association of Architects which the Council may from time to time recognise as upholding a sufficiently high standard of membership, may be admitted to ballot without being required to pass an examination. The Institute has power to hold examinations at such times and places within the State of Victoria, or elsewhere, and in such a manner as the Council may determine. The Institute has power to grant diplomas or certificates in connection with examinations as the Council may prescribe.

Officers and Council.

TASMANIAN INSTITUTE OF ARCHITECTS.

(Year of Alliance 1925.)

Hon. Secretary.

F. H. Button, c/o Government Architect's Department, Davey Street, Hobart, Tasmania.

The Tasmanian Institute of Architects was founded in 1904 as the Tasmanian Association of Architects, and did not change to its present name until 1012.

The Institute consists of Life Members, Members, Retired Members and Students.

The Council consists of a President, the Past President, and Vice-President, who shall be Members, and an Hon. Treasurer and Hon. Secretary, and three other Members, all of whom must be Members. They are elected annually at the Annual General Meeting of the Institute held in July or August of each year. Members of Council retire annually but are eligible for re-election.

Officers and Council.

THE ROYAL INSTITUTE OF THE ARCHITECTS OF WESTERN AUSTRALIA INCORPORATED.

(Year of Alliance 1910.)

City Mutual Building, St. George's Terrace, Perth, Western Australia.

Hon. Secretary.

O. V. Chisholm, T. & G. Buildings, St. George's Terrace, Perth.

The Royal Institute of the Architects of Western Australia was founded in 1892, incorporated in 1902, and admitted to alliance with the Royal Institute in 1910. The Institute consists of Life Fellows, Fellows, Associates and Honorary Fellows. The Institute has power to grant diplomas or certificates in connection with examinations or otherwise in such manner as the Council may prescribe.

Since the passing of the Architects' Act, 1921, the Architects' Board Examination for registration has been adopted as the qualifying examination for Associate of the Institute; it embraces all the subjects included in the R.I.B.A. "Intermediate" and "Final" examinations, and is almost at a similar standard.

. The objects for which the Institute was established and the qualifications and attainments of candidates for membership are, in general, similar to those of the Royal Victorian Institute—see page 704.

Officers and Council.

A. D. Cameron, President.

W. G. Bennett [A.]. H. H. Bonner, Hon. Treasurer.

NEW ZEALAND INSTITUTE OF ARCHITECTS.

(Year of Alliance 1912.)

[Registered Office: 39 Johnston Street, Wellington, N.Z.] Secretary.

D. G. Johnston, P.O. Box 1527, Wellington.

The New Zealand Institute of Architects was established in 1905 for the following, among other objects:-To represent generally the views of the profession, to preserve and maintain its integrity and status, and to suppress any dishonourable or unprofessional conduct or practices; to afford means of adjusting professional differences, and to decide all questions of usage or courtesy in connexion with the profession; to promote good

feeling and friendly intercourse amongst its members; to watch over, protect, and promote the interests of the profession generally; to hold annual conferences in the principal towns of New Zealand: to publish an annual journal, giving an account of the proceedings of the Institute, including Papers read, and illustrations of architectural works in New Zealand; to acquire, form, and maintain an Art and Science Library and Museum; to encourage the study of the profession by articled pupils, and to give prizes and rewards. District Branches of the Institute are located at Auckland, South Auckland, Hawkes Bay, Wanganui, Wellington, Canterbury, Otago and Southland. Each District Branch is governed (subject to the Rules of the Institute) by a Committee of its own election, consisting of a President, Vice-President, Hon. Secretary, and two other members. An Annual Meeting of each Branch is held in the month of December, not less than fourteen days before the Annual Meeting of the Institute, and at this meeting the Committee present a report on the affairs of the Branch. The Annual General Meeting of the Institute is held in February.

Officers and Council.

. The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals.

CANADA.

THE ROYAL ARCHITECTURAL INSTITUTE OF CANADA.

(Year of Alliance 1909.) 627 Dorchester Street West, Montreal.

Hon. Secretary.

Alcide Chaussé, J.P., F.R.A.I.C. [F.], 706 St. Gabriel Street, Montreal.

Secretary.

I. Markus, 74 King Street East, Toronto 2.

The Royal Architectural Institute of Canada was founded as the Institute of Architects of Canada, 19th August 1907; was incorporated by Special Act of the Dominion Parliament, 16th June 1908 (7 & 8 Edward VII, Chap. 82), under the corporate name of "The Architectural Institute of Canada," and was granted Royal permission to adopt the prefix "Royal" to its corporate name, 2nd June 1909.

The Charter of the Institute was amended by a Special Act of Parliament, sanctioned 1st April 1912, and on the 10th June 1929. The Council is composed of the delegates of the various provincial associations of architects in Canada. This completes the Federation of all the Canadian architectural bodies, which has been the aim of the founders of the Institute since the

date of its formation on the 19th August 1907.

The Federated Societies consist of the Alberta Association of Architects, the Manitoba Association of Architects, the Ontario Association of Architects, the Province of Quebec Association of Architects, the Saskatchewan Association of Architects, the Architectural Institute of British Columbia, the Nova Scotia Association of Architects, and the Architects' Association of New Brunswick.

The objects of the Royal Institute, as set forth in its Charter, are "to facilitate the acquirement and interchange of professional knowledge among its members, and more particularly to promote the acquisition of the species of knowledge which has special reference to the profession of architecture, and further to encourage investigation in connection with

all branches and departments of knowledge connected with that profession." There are three classes of members-viz.: (1) Honorary Fellows, who are persons eminent in Architecture or kindred sciences; (2) Fellows who are nominated by the Council; (3) Members, who are members of Federated Societies. A Code of Ethics, Schedule of Usual and Proper Minimum Charges, and Regulations for Architectural Competitions, were adopted in the General Annual Assembly on the 21st February 1931, held in Montebello (Lucerne-in-Quebec), Quebec. Revised Bye-laws were adopted on the 28th December 1929, at Montreal, Quebec. The General Annual Meeting is held in February.

INDIA.

THE INDIAN INSTITUTE OF ARCHITECTS.

(Year of Alliance 1925.)

[Province: India. Centre: Bombay.]

Joint Hon. Secretaries.

L. F. Shroff, B.A., B.E. [L.], Kamer Building, 106 Cowasji Patel Street, Fort, Bombay. S. C. Pastakia [A.], Kolah House, 685 Tardeo Road, Bombay.

The Indian Institute of Architects was founded as the Architectural Students Association in 1917; its constitution and bye-laws were thoroughly revised and its name altered in 1922 to the Bombay Architectural Association. In 1929 the constitution was again revised and the name altered to the Indian Institute of Architects. The objects of the Association as set out in its constitution are :-

To encourage the study of Architecture, to elevate the standard of architectural practice and, by mutual support, to promote the interests of Architects throughout India.

There are three classes of Members, viz.: (1) Fellows: Any person shall be eligible for election as a Fellow who is a Fellow of the Royal Institute of British Architects. A Fellow shall be at liberty to use the abbreviation "F.I.I.A." after his name, but not after the name of his firm; (2) Associates: Any person engaged in the profession of an Architect either as a Principal or Assistant shall be eligible for election as an Associate who is an Associate or Licentiate of the Royal Institute of British Architects, or who was at the time of the formation of the Indian Institute of Architects an ordinary Member of the Bombay Architectural Association or who holds the Diploma in Architecture granted by the Government of Bombay, or who has passed the Advanced Examination of the School of Architecture, Bombay, between the years 1909 and 1922. An Associate shall be at liberty to use the abbreviation "A.I.I.A." after his name but not after the name of his firm; (3) Subscribers: Any person shall be eligible for election as a Subscriber who was at the time of adoption of this constitution a Member of the Bombay Architectural Association or any person who by reason of his artistic, scientific or literary attainments may appear to the Council as likely to render assistance in promoting the objects of the Institute. A Subscriber shall neither use the full designation of the Institute nor any abbreviation thereof.

The activities of the Institute include Monthly Meetings from June to April, visits to works or places of architectural interest, the award of an Institute Studentship each year, and the publication of a Quarterly Journal.

The Institute also owns and conducts a Library, which is known as The Sohrab F. Bharoocha Architectural Library, so named after the name of the late Mr. Sohrab F. Bharoocha, one of the past Presidents of the former Bombay Architectural Association.

Several Committees are also engaged in deliberations, and report to the Council from time to time, viz.:—A Practice Committee, a Library Committee, a Journal Committee, a Finance Committee, and a Salaried Members Committee, and Earthquake Enquiry Committee and Entertainment Committee.

The Indian Institute is also allowed to hold the R.I.B.A. Final and Special Final Examinations in India. For this purpose a Board of Examiners in India is appointed annually (three representatives of the R.I.B.A. and three representatives of the I.I.A.).

Officers and Council.

P. P. Kapadia, B.A., J.P. [F.], President [Member R.I.B.A. Council].

^{*} The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals; and, except where otherwise stated, all the addresses are in Bombay.

STRAITS SETTLEMENTS.

THE INSTITUTE OF ARCHITECTS OF MALAYA.

[INCORPORATED.] (Year of Alliance 1923.)

[T.A. Architrave, Singapore.]

Secretary.

C. J. Stephen, A.R.I.A.W.A., 12D Union Building, Singapore.

The Institute of Architects of Malaya was founded as the Singapore Society of Architects in 1923, was admitted to alliance with the Royal Institute in the same year; and was incorporated by special licence of the Governor-in-Council of the Straits Settlements on the 26th April 1928.

In 1930 owing to the increase of membership throughout the peninsula and the formation of a Local Branch of the Society in the Federated Malay States it became necessary to re-incorporate, and to change the name of the Society to the Institute of Architects of Malaya which re-incorporation and change of name was approved by the Governor-in-Council of the Straits Settlements on the 2nd May 1931.

The objects of the Society are: The advancement of Architecture, the promotion of Architectural Education, the facilitation of friendly intercourse between local Architects, and the promotion of the profession

generally.

R.I.B.A.

In 1926 the Society obtained the assent of the Straits Settlements Government to the passing of The Architects Ordinance (1926), which came into force on the 1st of January 1927. The Ordinance was passed for the registration of persons practising, and for the regulation of the profession of Architecture in Singapore and Penang, to provide a qualification for admission to the Register of Architects, to restrict the use of the title of Architect to qualified persons, and to provide a penalty for wrongful use of the title.

VI. PROFESSIONAL ACTIVITIES.

THE R.I.B.A. REGISTER OF ASSISTANTS SEEKING ENGAGEMENTS.

Members and Students of the R.I.B.A. and the Allied and Associated Societies are reminded that a Register of Assistants seeking engagements is kept at the offices of the Royal Institute.

An assistant seeking employment should obtain from the Secretary R.I.B.A., the necessary form (to be filled up in duplicate) on which particulars must be given as to the applicant's age, qualifications, salary required, references, etc.

The application will hold good for one month from the date of receipt, after which it must be renewed on a fresh form unless the applicant has meanwhile obtained employment.

Architects, whether members of the R.I.B.A. or not, will be furnished on application with the names and addresses of persons desiring employment as assistants, improvers or clerks of works as the case may be. Architects applying for assistants should give the following particulars of their requirements:—(1) Whether temporary or permanent engagement; (2) junior or senior assistants; (3) particulars of duties and style of work; (4) salary offered.

OVERSEAS APPOINTMENTS.

Members contemplating applying for appointments overseas are recommended to communicate with the Secretary R.I.B.A., who will supply them with any available information respecting conditions of employment, cost of living, climatic conditions, etc.

SCALE OF PROFESSIONAL CHARGES.

First issued in 1872; Revised in 1898, 1919 and 1933.
Clause 1 (h) was further revised in 1935.

(To be obtained at the office of the Institute, price threepence.)

- 1. Conditions of Engagement and Principles to be Observed in Interpreting the Scale.
- (a) Members of the R.I.B.A. are governed by the Charters, Bye-laws and Code of Professional Practice of the Royal Institute.
- (b) The Architect shall give such periodical supervision and inspection as may be necessary to ensure that the works are being executed in general accordance with the contract; constant supervision does not form part of the duties undertaken by him.

- (c) In cases where constant superintendence is required a Clerk of Works shall be employed for this purpose. He shall be nominated or approved by the Architect, and appointed and paid by the Client. He shall be under the Architect's direction and control.
- (d) The Architect shall not make any material deviation, alteration, addition to or omission from the approved design without the knowledge and consent of the Client.
- (e) The Architect has authority to give orders on behalf of the Client if such are necessitated by constructional emergencies, provided that the Contract Sum shall not thereby be materially increased and the Client shall be notified thereof.
- (f) The Architect shall, if requested to do so, at the completion of the work, supply free of charge to the Client, drawings sufficient to show the main lines of drainage and other essential services. Copyright in all drawings and in the work executed from them will remain the property of the Architect.
- (g) The following Architects' charges do not include for Surveyor's work for which see clauses 9 to 15 which are those of the Chartered Surveyors' Institution adopted by the R.I.B.A.
- (h) The employment of Consultants shall be at the Architect's discretion in agreement with the Client and the payment of their fees shall be a matter of arrangement between Architect and Client.

Where it is agreed to retain the services of a Consultant in no case shall the Architect's fee be reduced by more than 1 per cent. on the cost of the work upon which the services of the Consultant are retained.

(i) An engagement entered into between the Architect and the Client may be terminated at any time by either party upon reasonable notice being given.

2. FEES.

(a) New Works.

For taking the Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, preparing drawings and specifications for the purpose of obtaining tenders, advising on tenders and preparation of contract, selecting and instructing Consultants (if any), furnishing to the Contractor two copies of the contract drawings and specification and such further details as are necessary for the proper carrying out of the works, general supervision as above defined, issuing certificates for payment, and passing and certifying accounts, the charge in respect of new works exclusive of the services enumerated in Clause 2 (h) is to be a percentage on the total cost of all executed works or orders as follows:—

- (i) If the contract and/or order exceeds £2,000 the percentage is 6 per cent.
- (ii) If the contract and/or order does not exceed £2,000 the percentage is 10 per cent in the case of works costing £100 graduated to

6 per cent in the case of works costing £2,000 as the special character of such works may render appropriate.

(iii) These percentages apply to the great bulk of an Architect's work, but the charge may he reduced to 5 per cent in the case of extensive works of a simple character which involve continuous repetition of units.

(b) Alterations and Additions.

In the case of alterations of and additions to existing buildings a higher percentage may be charged, not exceeding twice the amount due under Clause 2 (a) for new works of the same cost.

(c) Fittings, Decorations, etc.

In works in which designs for fittings, furniture, appointments, decorations, garden work or complex detail or construction are main features, special fees will be charged adequate to the circumstances.

(d) Omitted Works.

In addition to a percentage on the total cost of executed works, the Architect is entitled to charge in respect of all works included in the tender and/or order, but subsequently omitted not being merely provisional or contingent sums, two-thirds of the charge due upon them had they been executed.

(e) Partial Service.

If the project or part of it be abandoned, or if the services of the Architect are dispensed with the charges in respect of the abandoned project or services for which the Architect was employed are as follows:—

- (i) For taking Client's instructions and preparing preliminary sketch plans to illustrate possibilities of a site or cost of a scheme the charge is on quantum meruit.
- (ii) For taking Client's instructions, preparing sketch design sufficient to indicate the Architect's interpretation of the Client's instructions (hut not in detail adequate to enable quantities to be prepared) and making approximate estimate of cost, the charge is on quantum meruit and should not exceed one-sixth of the percentage stated in Clauses 2 (a) or 2 (b) (as the case may be) on the estimated cost of such works.
- (iii) For taking Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities to be prepared by an independent Quantity Surveyor or a tender obtained, the charge is two-thirds of the percentage stated in Clauses 2 (a) or 2 (b) (as the case may be) on the estimated cost of such works.

Note.—The Architect is entitled to the fees in (i) and (ii) of this Clause when the work has been performed. If the work set forth in (iii) has been done and no tender has been received within six months of the completion of that work, then the Architect is entitled to the payment set forth therein.

(f) Payment by Instalments.

On a tender or estimate being received or upon a contract being entered into or an order given for the works the Architect is entitled to an instalment of two-thirds of the charge calculated on the total amount of the contract and/or order, as laid down in Clauses Nos. 2 (a), 2 (b) and 2 (c) and no part of such payment shall be reclaimable from the Architect in the event of the subsequent abandonment of the works. The remainder of the Architect's remuneration is payable by instalments from time to time as the work proceeds.

(g) Work Executed with Old Materials, Etc.

When work is executed wholly or in part with old materials, or where material, labour or carriage is provided by the Client, the percentage shall be calculated as if the works had been executed throughout by a Contractor, and with new material.

(h) Services Not Included in Percentage.

Additional charges are to be made in accordance with the amount of work involved for:—

- (i) Advising as to the selection and suitability of sites. Negotiating as to sites or buildings. Surveying sites or buildings and taking levels, and making surveys, measurements, and plans of existing buildings.
- (ii) The preparation of further sketch designs necessitated by a material alteration in, or addition to the Client's instructions, or altering the working drawings and specification in consequence thereof prior to the commencement of the works. Altering drawings, or preparing new drawings, and other services occasioned by variations or additions required by the Client after the commencement of the works. Making additional drawings for the use of the Client, Clerk of Works, Contractors, or Sub-Contractors, drawings for and negotiating with ground landlords, adjoining owners, public authorities, licensing authorities or others. Services in respect of:—
- (iii) Party Walls, Rights of Light and other easements, reservations or restrictions.
 - (iv) Litigation, arbitration, or valuation.
- (v) Delay in building operations by causes beyond the control of the Architect, such as *force majeure*, bankruptcy, obstruction by parties.

3. Surveys.

For making inspection, preparing report or giving advice on the structural or sanitary condition of premises, the charge is by time in accordance with Clause 7, the minimum fee being 3 guineas in addition to the cost of assistance.

4. LITIGATION AND ARBITRATION.

For qualifying to give evidence, settling proofs, conferences with Solicitors and Counsel, attendance in Court or before Arbitrations or other tribunals,

and for services in connection with litigation, the charge is based upon the time occupied, but is in no case to be less than 5 guineas per day.

5. DILAPIDATIONS.

For estimating dilapidations and furnishing or checking a schedule of the same, the charge is 5 guineas per cent on the sum agreed, the minimum fee being £5. 5s. For negotiating settlement of claim and for other services, the charge is by time in accordance with Clause 7.

6. TRAVELLING TIME.

An additional charge may be made if the work should be at such a distance as to lead to an exceptional expenditure of time in travelling.

7. TIME CHARGES.

In cases in which charges are based upon time occupied the minimum fee is five guineas per day exclusive of charges for Assistant's time.

8. EXPENSES.

The foregoing Scale is, in all cases, exclusive of the cost of appliances, copies of documents, lithography, travelling and hotel expenses and all other reasonable disbursements, which are to be charged in addition.

- Note.—The following Clauses are sanctioned by the Chartered Surveyors'
 Institution and are adopted by the Royal Institute of British
 Architects.
- 9. FOR APPROVING PLANS SUBMITTED BY LESSEES AND INSPECTING BUILDINGS DURING PROGRESS.

One guinea per cent up to £20,000 on the estimated cost of each building. Half a guinea per cent on the residue. (Minimum fee, 3 guineas.)

10(a). Levelling, Preparing Drawings and Setting Out Estates for Road-Making, Drainage, etc., and Superintending the Execution of the Works.

The charge for the preparation of a general development scheme must necessarily vary with the character and size of the estate. For Road Construction, the preparation of drawings and specifications, obtaining the approval of the Authority, obtaining tenders and superintending construction of roads and sewers, 5 per cent upon the outlay.

- Note.—Where the work is not proceeded with, half the above scale will be charged.
- (b) For Land Surveying and the Preparation of Plans and Maps. Fee by arrangement depending on the intricacy of the work.

11. Preparing Bills of Quantities and Valuing Work Executed.

Note.—The following Scale is to be read in conjunction with the "Principles" issued by the Chartered Surveyors' Institution.

The Scale of Charges for the preparation of Bills of Quantities set out in I (a) below is an over-all Scale, based upon the inclusion of all provisional amounts which do not normally call for measurement.

The measurement and valuation of variations and the preparation of statements of account at the conclusion of the works are separate services for which the Scale set out in I (b) provides.

1. Lump Sum Contracts: Architectural Work.

When acting in the capacity of a Quantity Surveyor in connection with:-

- (a) Taking out and preparing Bills of Quantities:-
 - (i) Basic Scale.

2½ per cent upon the estimated cost of the work up to £10,000. 2 per cent upon the balance above £10,000.

(ii) Works of Alteration.

The charges in sub-paragraph (i) shall be increased by $\frac{1}{2}$ per cent in respect of works of alteration.

(iii) Generally.

Fees are to be calculated upon the basis of the accepted tender for the whole of the work. In the event of no tender being accepted, fees are to be calculated upon the basis of the lowest original bona fide tender received. In the event of no tender being received, the fees are to be calculated upon a reasonable valuation of the work, based upon the original Bills of Quantities.

In calculating the amount on which fees are payable, the total of the Credit Bill (if any) and the total of any Alternative Bills are to be added, but any Omission Bill forming part of an Alternative Bill is not to be included unless actual measurement is necessary to arrive

at the omission.

The cost of lithographing or printing the Bills of Quantities is not included in the above Scale, but is to be charged in addition at the net amount payable to the lithographer or printer.

(b) Measuring and making up accounts of variations upon Contracts, including pricing and agreeing totals with Contractors:—

2½ per cent upon the amount of the additions, and

1½ per cent upon the amount of the omissions, less the total of Provisional sums or work omitted as a whole.

No charge shall be made for the adjustment of provisional lump sums in cases where the exercise of professional skill is not involved.

(c) Taking out and preparing Bills of Quantities, or measuring for and making up accounts of decoration contracts:—

2 per cent above the rates in the foregoing paragraphs.

- (d) Estimating upon Bills of Quantities:—
- (e) Preparing approximate Quantities and estimating upon same:— ½ per cent upon the estimated cost, or, alternatively, a charge to be based upon the time involved.
- (f) Surveying works in progress, taking particulars and reporting for Interim Certificates:—

 $\frac{1}{2}$ per cent upon the amount of each valuation less the amount of any previous valuation or valuations upon which fees shall have been paid, or alternatively, a charge to be based upon the time involved.

(g) Taking particulars on site and writing specifications for works of alteration or repair, including supervision if required:—

7½ per cent upon the amount expended, or alternatively, a charge to be based upon the time involved.

Note.—In cases where any of the materials used in construction are supplied by the building owner, the percentage charge to be made upon the estimated or actual value thereof.

II. Schedule Contracts: Architectural Work.

Preparing, pricing and agreeing schedules of prices:—
A charge to be based upon the time involved.

Measuring under Schedule and making up accounts, including pricing and agreeing totals:—

 $2\frac{1}{2}$ per cent upon the gross amount of the account.

The above percentage applies only to the complete measurement and valuation of the buildings or building operations when undertaken as a whole and included in one account. When the measurement proceeds by stages involving the preparation of periodical bills, then the percentage charge shall be increased by $\frac{1}{2}$ per cent.

Note.—In cases where any of the materials used in construction are supplied by the building owner, the percentage charge to be made upon the estimated or actual value thereof.

III. Prime Cost Contracts.

Checking prime costs in "Cost plus Profit" Contracts and making up final accounts of works executed:—

 $1\frac{1}{4}$ per cent except on work necessitating measurement which is to be paid for at the rates previously laid down.

12. VALUATION OF FREEHOLD, COPYHOLD OR LEASEHOLD PROPERTY.

One guinea per cent on the first £1,000 of the valuation.

Half a guinea per cent on the next £9,000 of the valuation.

And a quarter guinea per cent on the residue of the valuation.

Note.—In valuations for mortgage, if an advance is not made, one-third of the above charges, with a minimum fee of five guineas, may be made provided that the intending mortgagee is informed of the arrangement.

- 13. Work Under the Lands Clauses Consolidation Act or other Acts for the Compulsory Acquisition of Property.
- (a) To the Valuer who prepares the case (including negotiation for a settlement where required), one-third additional to the scale set out below.
- (b) To any additional Valuer who qualifies to give evidence, the scale set out below.

Amount	Gns.	Amount	Gns.	Amount	Gns.	Amount	Gns.
£		£	-!	£		£	
100	5	2,400	25	5,600	41	8,800	57
200	5 7	2,600	26	5,800	42	9,000	57 58
300	9	2,800	27	6,000	43	9,200	59
400	II	3,000	28	6,200	44	9,400	60
500	13	3,200	29	6,400	45	9,600	61
600	14	3,400	30	6,600	46	9,800	62
700	15	3,600	31	6,800	47	10,000	63
800	16	3,800	32	7,000	48	11,000	68
900	17	4,000	33	7,200	49	12,000	73
1,000	18	4,200	34	7,400	50	14,000	83
1,200	19	4,400	35	7,600	51	16,000	93
1,400	20	4,600	35 36	7,800	52	18,000	103
1,600	21	4,800	37	8,000	53	20,000	113
1,800	22	5,000	38	8,200	54		
2,000	23	5,200	39	8,400	55	Half a Guinea	
2,200	24	5,400	40	8,600	56	per cent on the remainder.	

Where works of reinstatement are negotiated by the Surveyor the cost of these works should be taken into account in calculating the fee; and any amount set off in respect of Betterment should be added to the amount of settlement for that purpose.

Note.—This Scale, known as Ryde's Scale, does not apply to Arbitrators or Umpires, nor in cases of easement. It is exclusive of attendance on Juries or Umpires or at Arbitrations, in respect of which the minimum fee is 5 guineas per diem.

14. SALES OF FREEHOLD AND COPYHOLD ESTATES AND HOUSES AND GROUND LEASES.

Negotiating a sale by private contract or introducing a purchaser:-

5 per cent on the first £300.

 $2\frac{1}{2}$ per cent on the next £4,700.

 $1\frac{1}{2}$ per cent on the residue.

15. Effecting a Purchase.

(Including advising as to value if required.) One half the fee charged on sales.

Note.—When more than one property has been reported upon, an extra fee will be chargeable. Where no purchase is effected, the usual fee for valuation should be charged.

Note.—Particular attention is drawn to the fact that this Scale does not cover fees for Speculative Building Work for a minimum of Ten Houses, nor fees for Local Authorities' and Public Utility Societies' Housing Work. Special Scales for these works are issued separately and can be obtained on application to the Secretary, R.I.B.A., 66 Portland Place, W.1. Attention is also called to the Scale of Charges issued by the Town Planning Institute which covers fees for Town Planning work.

SCALE OF ARCHITECTS' CHARGES FOR LOCAL AUTHORITIES' AND PUBLIC UTILITY SOCIETIES' HOUSING WORK.

Approved by the Council of the Royal Institute on 17th July, 1933.

(To be obtained at the office of the Institute, price threepence.)

Having in view the desirability of employing qualified architects for the design of houses of the smaller types likely to be erected by Local Authorities and Public Utility Societies, and in order to assist in the solution of the Housing problem, the charges for this work have been revised in accordance with the following scale.

In municipal housing, it may, in some cases, be desired that the Council Surveyor shall carry out part of the work, and the scale has been arranged so that if desired the architect's services can be limited, but it is preferable that the architect should be employed to carry the scheme through all its stages in order that it may be satisfactorily interpreted, and it is believed that the new scale will be found to be so reasonable that this method will be widely followed.

The scale is exclusive of reasonable travelling and out-of-pocket expenses, and printers' charges for additional copies of drawings and documents.

A. Fees for Services in connection with Houses or Two-Storey Flats for a minimum of 10 Houses or Two-Storey Flats (Two Flats = One House) to include one distinct type in 10 Houses. If more than one type in 10 Houses is required an additional charge may be made.

Services.

(1) Preparing \(\frac{1}{8} \)" scale sketch plans.

Submitting to Committee—making variations to suit requirements (2) and re-submitting.

Preparing 1" scale working drawings.

(3) (4) Submitting plans to the Local Authority as required by building regulations.

Obtaining quotations for P.C. Sums.

(5) (6) Preparing specification.

Preparing necessary 1" and full size details.

- (8) Obtaining tenders from Contractors—submitting to the Committee and arranging the Contract.
- (9) General supervision of the work, but not constant superintendence.

(10) Reporting to the Committee on the progress of the work.

(11) Instructing Clerk of Works.

(12) Supplying drawings and instructions to the Contractors as provided for in the Conditions of Contract.

(13) Issuing Certificates.

(14) Making out report under the maintenance clause of the Contract.

(15) Settling Final Accounts.

Fees.

£7 per house or two-storey flat up to 50.
£6 ,, ,, ,, ,, from 51 up to 100.
£5 ,, ,, ,, ,, ,, ,, 101 and onwards.

If the Architect is only employed for Services 1-8 then the above fees shall be reduced by £2 per house or two-storey flat.

B. Layout.

Services.

(1) Conferences with Local Authorities and other officials.

(2) Lay-out to 1/2500 scale.

(3) Detailed lay-out to 1/500 scale.

Fees.

When the Architect is employed to do this work in conjunction with house-planning the fees are to be:—

£1 per house or two-storey flat up to 25.

15/- ,, ,, ,, ,, from 26 up to 50. 10/- ,, ,, ,, ,, ,, 51 up to 100. 7/6 ,, ,, ,, ,, ,, ,, ,, 101 onwards.

Where a fully contoured plan of the site is not provided, an extra charge will be made for taking levels based on the time expended.

C. Roads and Sewers.

Services.

Preparing working drawings and specifications for roads and sewers in accordance with the layout plans prepared under Section B, advising on the same and on the preparation of contract, furnishing to the contractor one copy of the drawings and specifications, general supervision, issuing certificates, passing and certifying the accounts.

Fees.

When the Architect is employed to do this work in conjunction with house-planning the fees are to be:—

f.i. ios. for each house served from a new road.

D. Flats and Tenements for the Working Classes exceeding Two-Storeys in Height.

Services.

The Architect's services shall be the same as those laid down for Section A of this Scale.

Fees.

Five per cent on the cost of a contract up to £10,000.

Four-and-a-half per cent on the cost of a contract exceeding £10,000, with a minimum fee of £500.

In cases where a block of flats, the subject of one contract, is repeated on an adjacent site, the above fees may be reduced.

E. Additional Services.

The following services for which the Architect may be employed will be charged on a quantum meruit basis:—

Negotiations relating to the site.

Making surveys, measurements and plans of the site or existing buildings and taking levels.

Making drawings for and negotiations with Ground Landlords and Public Authorities not referred to in Section A., para. 4.

Making arrangements in respect of party walls, rights of light and other easements.

Making extra drawings for the client or contractor or Clerk of Works use.

F. Abandoned Works.

Where any of the Architect's services have been rendered under Sections A-D of this Scale and the whole or part of the proposed scheme is subsequently abandoned, reduced fees shall be payable in accordance with the amount of work done.

SCALE OF ARCHITECTS' FEES FOR SPECULATIVE BUILDERS' WORK FOR A MINIMUM OF TEN HOUSES.

Approved by the Council of the Royal Institute on 12th June, 1933. (To be obtained at the office of the Institute, free of charge.)

I. Plans for Houses of £400 up to £850 (Selling price or capitalized letting value).

For the first of each distinct type £10 0 0

Repetitions up to 10 houses 2 0 0 per house

Do. 11 up to 50 houses ... 1 10 0 ,,

Do. 51 up to 100 houses ... 1 5 0 ,,

Do. 101 and over... ... 1 0 0 ...

The above fees will be subject to a reduction of 10 per cent for houses of a value of less than £400 and an addition of 10 per cent for houses of a value of more than £850 up to a maximum of £1,100, above which the ordinary R.I.B.A. Scale will apply.

Services.

The above fees cover the following services:-

Preparing \(\frac{1}{4}\)-inch scale drawings or \(\frac{1}{8}\)-inch scale drawings with \(\frac{1}{2}\)-inch details as the Architect prefers upon which the materials are to be indicated as far as practicable.

Preparation of plans for Local Authorities including block plan.

Supplying two copies of drawings to the builder.

Minor variations to suit circumstances.

Personal interest and reasonable advice to enable the design to be carried out.

II. Layout, Roads and Sewers.

In cases where the Architect is employed to do this work in conjunction with house-planning an additional charge of 25 per cent on the above fees is to be made. If it is found necessary to take levels an extra charge is to be made by the Architect for this work, based on the time expended.

Services.

Preparation of lay-out plan of estate to 1/500 scale.

Working drawings of roads and sewers.

Preparation of plans for Local Authorities.

Supplying two copies of drawings to the builder.

Note.—This part of the Scale does not apply in cases where the Architect is only employed to lay out the estate and roads and sewers, and there is no contract to employ him for the design of the houses.

Services in connection with legal documents and valuations for the purpose of mortgage are not included in this scale.

ASSESSORS IN COMPETITIONS.

Members of the Institute who have been requested to act as Assessors subsequent to the conditions of the Competition having been drawn, should obtain a copy of the conditions and consider their conformity with the Regulations issued by the Royal Institute, and should also notify the Secretary of the Institute that they have been asked to act.

AN EXPLANATORY MEMORANDUM ON THE SYSTEM OF ARCHITECTURAL COMPETITIONS.

The system of architectural competitions has been recognised for many years as the best method of obtaining designs for, and architects to supervise the erection of, all buildings, particularly where the expenditure of public funds is involved. For a modest expenditure which represents a very small proportion of the cost of the building the promoters can obtain designs from competent architects in all parts of the country. If the competition is properly organised in accordance with established practice there can be no question but that the building promoters will benefit from the concentrated study of a large number of architects, all of whom will submit differing solutions of the problem.

During the past century most of our important buildings were erected as the result of architectural competitions, and since the Great War over 440 competitions have been held under the auspices of the Royal Institute of British Architects, including 108 town halls, law courts, fire stations or art galleries, 74 schools and other buildings of an educational character, 48 housing and town planning schemes, 39 hospitals, between 30 and 40 war memorials, 13 churches or Sunday schools, and over 130 for buildings of a miscellaneous character. Of these totals—38 municipal buildings, law courts, fire stations or art galleries, 24 educational buildings, 18 housing and town planning schemes, 9 hospitals, 3 churches and 29 miscellaneous buildings have been competitions promoted since the spring of 1933.

During many years' experience in the conduct of architectural competitions the Royal Institute of British Architects, representing the great majority of the practising architects in the country, has built up a series of Regulations governing the Promotion and Conduct of Architectural Competitions which are recognised as most satisfactory and equitable to all concerned, and have been used as a model in other countries. Whilst modifications in these regulations may be made in certain instances, particular clauses, such as that providing for the appointment of fully qualified professional assessors, and that stipulating that no promoter nor assessor nor employee of either shall compete or assist a competitor or act as architect for the work, are regarded as essential.

Promoters should have no hesitation in agreeing to accept the award of an assessor as being that of one who has heard and assimilated their views and requirements, and who, through his technical qualifications, is able to act judicially in selecting the best of the designs anonymously submitted. Moreover, promoters have the right to ask that reasonable modifications shall be made in the winning design before the building is carried out should they desire to do so.

The Royal Institute of British Architects is always ready to nominate assessors and to offer suggestions or guidance in the conduct of competitions. In the interests of architecture and of the public those concerned in prospective building schemes are strongly recommended to avail themselves of the competition system.

REGULATIONS GOVERNING THE PROMOTION & CONDUCT OF ARCHITECTURAL COMPETITIONS

AS APPROVED BY THE R.I.B.A. AND ITS ALLIED SOCIETIES.

[Re-issue after revision: December 1910, February 1921, March 1924, June 1926, December 1928, October 1931, October 1933, January 1934 and January 1936.]

(To be obtained free of charge at the office of the Royal Institute.)

It is assumed that the object of the Promoters is to obtain the best design for the purpose in view. Where the Promoters desire to achieve this end by means of a Competition experience shows that this object may best be secured by conducting all Competitions upon the lines laid down in the following Regulations, which have been framed with a view to securing the best results to the Promoters with scrupulous fairness to the competitors.

Members of the Royal Institute of British Architects and Members of its Allied Societies do not compete excepting under conditions based on these Regulations.

The Conditions of a Competition shall contain the following Regulations (A) to (F) as essential:—

- (A) The nomination for every Competition of an Assessor or Assessors who shall be Architects of acknowledged standing to whom the whole of the designs shall be submitted.
- (B) Each design shall be accompanied by a declaration, signed by the competitor, or joint competitors, stating that the design is his or their own personal work, and that the drawings have been prepared under his or their own supervision. A successful competitor must be prepared to satisfy the Assessor that he is the bona-fide author of the design he has submitted.
- (C) No Promoter of a Competition, and no Assessor engaged upon it, nor any partner, associate or employee of either shall compete or assist a competitor, or act as Architect, or joint Architect, for the proposed work.

This regulation shall also preclude the regular staff and present students of a School of Architecture from taking part in a Competition in which a member of the regular teaching staff is acting as sole Assessor, but not in cases where a Jury of three or more Assessors is concerned of whom only one is a member of the regular teaching staff.

The Assessor must not act as Consulting Architect, unless he has been appointed as such before the inception of the Competition, nor in any other professional capacity in any matter connected with the work which has been the subject of the Competition, provided always that he may act as Arbitrator in any dispute between the Promoters and the selected Architect.

If under the special conditions referred to above the Assessor is acting as Consulting Architect, it should be clearly stated in the published conditions of the Competition.

- (D) The premiums shall be paid in accordance with the Assessor's award, and the author of the design placed first by the Assessor shall be employed to carry out the work, unless the Assessor shall be satisfied that there is some valid objection to such employment, in which case the author of the design placed next in order of merit shall be employed, subject to a similar condition. The award of the Assessor shall not be varied for any other reason.
- (E) If no instructions are given to the author of the design selected by the Assessor to proceed within twelve months from the date of the award, then he shall receive payment for his services in connection with the preparation of the Competition drawings of a sum equal to $1\frac{1}{2}$ per cent on the amount of the estimated cost stated in the conditions up to £50,000, but if the estimated cost of the work exceeds £50,000 he shall be paid a sum equal to $1\frac{1}{2}$ per cent upon the first £50,000 plus $\frac{1}{2}$ per cent upon any sum in excess of that amount. The first premium shall be deducted from the sum so paid. If the work is

subsequently proceeded with, this sum shall form part of his ultimate commission.

If within twelve months of the award, the Promoters shall decide to proceed with part of the work only, the author of the selected design shall be paid, including the premium and in addition to the scale fees on the work which is being carried out, a sum equal to $1\frac{1}{2}$ per cent on the difference between the cost of the work carried out and his estimate of cost up to £50,000, and if the total estimate exceeds £50,000, then a further $\frac{1}{2}$ per cent on any sum in excess of this amount, which sum shall also merge into the commission when the remainder of the work is subsequently executed.

(F) The selected Architect having been appointed to carry out the work shall be paid in accordance with the Schedule of Charges sanctioned and published by the Royal Institute of British Architects, and the premium already paid shall be deemed to be a payment on account.

1. The Promoters of an intended Competition should, as THEIR FIRST STEP, appoint one or more professional Assessors, Architects of acknowledged standing, whose appointment should be published in the original advertisements and instructions. The selection of an Assessor or of two or more Assessors to act as a Jury should be made with the greatest possible care, as the successful result of the Competition will depend very largely upon their experience and ability. The name or names of the Assessor or Assessors should always appear in the conditions governing a Competition or in any advertisement or other announcement relating thereto. The Promoters may, if thought desirable, appoint a representative to confer with the Assessor or Assessors during the progress of the Competition.

The usual R.I.B.A. Scale of Charges for Assessing Competitions is the sum of Fifty Guineas, plus one-fifth per cent upon the estimated cost of the

proposed building.

. The foregoing Scale is exclusive of travelling and other out-of-pocket

expenses, which are to be charged in addition.

In the event of more than ONE ASSESSOR being appointed, the remuneration shall be decided by mutual arrangement between the Assessors and the Promoters.

The President of the Royal Institute of British Architects is always prepared to act as honorary adviser to Promoters in their appointment of Assessors.

If an Architect is officially approached by the Promoters for advice as to the holding of a Competition with a view to his acting as Assessor, and eventually it is decided not to hold a Competition, but to appoint an Architect to carry out the work, the Architect originally approached in an advisory capacity is precluded from acting as Architect for the work in question.

2. The duties of Assessors are as follows:—

(a) To confer with and advise the Promoters on their requirements and on the questions of cost and premiums to be offered.

(b) To draw up instructions for the guidance of competitors and for the conduct of the Competition, incorporating the whole of the clauses of these Regulations which are applicable to the particular Competition.

Note.—It is essential in drawing up the Instructions to state definitely which of the conditions must be strictly adhered to, under penalty of disqualification from the Competition, and which of them are optional. Binding conditions should be reduced to a minimum. Instructions to competitors should as far as possible take the form of suggestions, which both they and the Assessor may follow as they deem fit.

(c) To answer queries raised by competitors within a limited time during the preparation of the designs, such answers to be sent to all

competitors.

(d) To examine all the designs submitted by competitors and to determine whether they conform to the Conditions and to exclude any which do not.

(e) To report to the Promoters on the designs not so excluded and to award the premiums in strict accordance with the Conditions.

(f) To inform the Promoters if necessary that modifications may be made in the winning design by the successful Architect, if so desired by the Promoters.

3. Competitions may be conducted in one of the following ways:-

(a) By advertisement, inviting Architects willing to compete for the intended work to send in designs. For Competitions for Public Works this method is recommended.

(b) By advertisement, inviting Architects willing to compete for the intended work to send in their names by a given day, with such other information as they may think likely to advance their claims to be admitted to the Competition. From these names the Promoters, with the advice of the Assessor, shall select a limited number to compete, and each competitor thus selected shall receive a specified sum for the preparation of his design.

(c) By personal invitation to a limited number of selected Architects to join in a competition for the intended work. Each competitor shall

receive a specified sum for the preparation of his design.

Note.—Where a deposit is required for supplying the Instructions it shall be returned on the receipt of a bona-fide design, or if the applicant declines to compete and returns the said Instructions within four weeks of the date for submitting designs.

4. The number, scale, and method of finishing of the required drawings shall be distinctly set forth. The drawings shall not be more in number or to a larger scale than necessary clearly to explain the design, and such drawings shall be uniform in size, number, mode of colouring and mounting. As a general rule a scale of 16 feet to 1 inch will be found sufficient for plans, sections, and elevations, or, in the case of very large buildings, a smaller scale might suffice.

Unless the Assessor advises that perspective drawings are desirable, they

shall not be admitted.

- 5. No design shall bear any motto or distinguishing mark; but all designs shall be numbered by the Promoters in order of receipt.
 - 6. A design shall be excluded from a Competition—
 (a) If sent in after the period named (accidents in transit excepted);

(b) If it does not give substantially the accommodation asked for;

(c) If it exceeds the limits of site as shown on the plan issued by the Promoters, the figured dimensions on which shall be adhered to:

(d) If the Assessor shall determine that its probable cost will exceed

by 10 per cent the outlay stated in the Instructions;

(e) If any of the Conditions or Instructions other than those of suggestive character are disregarded:

(f) If a competitor shall disclose his identity or attempt to influence

the decision.

7. All designs and reports submitted in a Competition, except any excluded under Clause 6, together with a copy of the Assessor's Award, should be publicly exhibited for at least six days. Due notice shall be given to all competitors of the date and place of such exhibition. It is desirable that competitors should be furnished with a copy of the Assessor's Award.

8. All drawings submitted in a Competition, except those of the design selected to be carried out, shall be returned carriage paid to the competitors

within fourteen days of the closing of the Exhibition.

9. The conditions of a Competition issued by a Corporate Body must bear the Common Seal of that Body affixed thereto.

(This regulation is not applicable to Scotland and other countries where the law is different from that of England in respect of the "sealing" of contracts).

10. In the case of limited or private competitions where the Royal Institute are satisfied that special circumstances may exist, modification of

these regulations may be approved by the Royal Institute.

11. Provided always that the Council of the Royal Institute or the President shall be entitled to sanction an exception to the Regulations where, in their or his view, the interests of the Client and the best interests of the profession clearly justify this course.

REGULATIONS FOR

INTERNATIONAL ARCHITECTURAL COMPETITIONS.

Settled at Paris. November 1908, by the International Competitions Commission appointed by the VIIth International Congress of Architects (London, 1906).*

1. International Competitions should be reserved for exceptional occasions of a really international character.

2. International Competitions may be either open to all architects without invitation, or limited and by invitation.

Limited and invited Competitions may consist of a single stage. Competitions open to all should be held preferably in two stages.

3. The "Conditions" of International Competitions are to be identical

for all competitors.

No drawing, model or document shall be taken into consideration except those specified in the Conditions, nor shall any other drawing, model or document be exhibited.

4. The Instructions to Competitors should state definitely the

^{*} See report of the British delegate, Sir John W. Simpson, JOURNAL R.I.B.A., 9th January 1909.

Conditions of the Competition, and matters considered desirable should not be left to the option of Competitors.

5. In limited and invited Competitions, the Conditions should be fully

detailed and require the scheme to be fully developed.

In Competitions open to all the Conditions should express the technical requirements in general terms and limit the number and scale of the drawings to the minimum necessary for the jury to understand the design.

The Conditions should require designs to be submitted anonymously under the motto in the first stage, and to be signed by the Authors in the

second stage.

Competitors are forbidden under penalty of exclusion to act in any way

which would tend to disclose their identity.

6. In double Competitions the Conditions in the first stage should be as those for Competitions open to all, and in the second stage as those for limited and invited Competitions.

Designs selected in the first stage only can be admitted to the second stage.

7. The Conditions of a Competition should be published and placed at the disposal of the Competitors as nearly as possible on the same date in all countries.

Any design not dispatched by the date of closing the Competition shall be excluded; the Carrier's receipt shall be accepted as proof.

8. The Conditions should be prepared in consultation with experienced Architects.

They shall be published in the French language.

9. The jury is to be nominated by the Promoters of the Competition; it is recommended that Promoters, before nominating the foreign members, should place themselves in communication with the Comité Permanent.

The jury of an International Competition shall be composed of Architects, each of different nationality, one of whom shall belong to the country which institutes the Competition. A legal authority, nominated by the Administration promoting the Competition, shall preside in order to ensure regular procedure, but shall have no vote.

The members of the jury, by accepting nomination, shall be held to have declared themselves to have no material interest, either directly or

indirectly, in the result of the Competition.

10. It is desirable in International Competitions, and especially in the preliminary stages, that the limit of cost shall be only approximately fixed in order to leave some liberty to the artistic conception of Competitors.

When the sum available for carrying out the work is specified, the Conditions of Competition should give the information required for preparing

approximate estimates on a uniform basis.

11. The total value of the premiums to be awarded shall be $2\frac{1}{2}$ per cent on the cost for works not exceeding £100,000 in value, 2 per cent on those not exceeding £200,000, and $1\frac{1}{2}$ per cent for works beyond that value.

The principle must be enforced that the carrying out of the work be entrusted to the Architect placed first, subject to the conditions in force in the country prematicable C

in the country promoting the Competition.

The amount of the prize shall not be deducted from the amount of the fees payable.

In the event of the person or Corporation promoting the Competition

wishing to reserve the right to pass over the Architect placed first, the Conditions of Competition must state the terms of compensation.

Should the work not be executed, the same compensation shall be due.

In all cases the authors of designs submitted retain the artistic copyright in their design, and in the building which is a reproduction thereof.

12. In single-stage Competitions all the designs shall be exhibited in a suitable place and for a sufficient time to enable all Competitors to visit the Exhibition, which should be advertised beforehand in the professional papers.

In double Competitions there shall be no Exhibition after the first award; all the drawings shall be placed under seal and exhibited subse-

quently, together with the designs in the final Competition.

The authors of designs selected in the first stage shall have the right to

make tracings thereof for use in preparing their final designs.

The full report of the jury, giving their reasons for the award, shall be published before the opening of the Exhibition and communicated to all the parties interested.

GENERAL ADVICE TO PROMOTERS AND OTHERS REGARDING THE CONSERVATION AND REPAIR OF ANCIENT BUILDINGS.

[First issued in 1865, revised and enlarged in 1888, and re-cast in 1926.]
(To be obtained at the Office of the Institute, price One Shilling.)

GENERAL PRINCIPLES.

Few subjects are more generally misunderstood than that relating to the repair or conservation of ancient buildings. Whether clergy or laymen, the promoters of the so-called restoration of old buildings are often more bent upon altering old work or carrying out new works than on preserving what exists. It cannot, therefore, be too strongly insisted that renewal should be avoided, and this even when such a process would be effective from a practical standpoint, for every renewal changes the character of old The object should be to preserve carefully an ancient building, be it ecclesiastical or other, by repairs carried out with sympathy and reserve so that it may continue to be an authentic specimen of the ancient art of our country. Every old building has its historical value, and is a physical expression of the craftsmanship of past ages, and it should be remembered that these values are lost when authenticity is destroyed. Above all, no old work should be destroyed, except under the most imperative necessity. The duty, therefore, of all concerned with ancient buildings is conservation, and this embraces every portion of original work.

Ancient buildings, generally, have been altered at various periods. All old work should be preserved to show the history of the fabric. A guard should be kept against the indulgence of individual preference for, or dislike of, particular features or styles, and especially against the theory once commonly held that a building must be purged of all features other than those of a favourite period.

It is upon the broad principles so outlined that the suggestions embodied in this document are based. It is intended that they shall be of use to those

who are concerned with the preservation of old buildings and ancient examples of craftsmanship.

General Remarks.—The following suggestions and remarks have been drawn up with special reference to the repair of churches. The same spirit, however, ought to actuate those who have the care or ownership of ancient civil or military buildings, as from their comparative rarity they may be more valuable as historical monuments even than churches.

Old Materials.—It should not be forgotten that the practice of despoiling old buildings of materials, either for the repair of buildings or for other purposes, has resulted in the destruction of many valuable works. This practice cannot, therefore, be too strongly deprecated and should never be countenanced.

Preliminary Steps to be Taken.—Before any work is decided on a competent architect should be consulted. The architect should be one whose training and qualification are such as fit him to deal with work of conservation. He would make careful record drawings of the building, with measurements, of those parts which are likely to be affected, and photographs, including an indication of the scale, should be taken under his directions.

Deposit of Plans.—In the case of churches these photographs and copies of the drawings should be deposited with the Church Authority, and it is also suggested that they should be placed on the inventory to be seen by the archdeacon at his visitation.

Retention of Furniture, etc.—No clearance of objects such as furniture, old wall linings, pavements, flooring, galleries, pews, box-pews, wall partitions or other work of interest should be carried out except under imperative necessity.

Enquiry for Missing Portions of Old Work.—With a view to their preservation in a proper place, careful enquiry should be made for any portions of church furniture including masonry, old glass, stained or clear, brasses or other old works which may at any time have been removed from the building.

Floor Levels.—Ancient floors should be maintained. Only in cases where it appears certain upon investigation that the level of an existing floor is not the original should a change be considered.

Plastered Surfaces, Internal or External.—All plastered surfaces should be carefully examined with a view to discover any remains of painting upon them, and all ancient paint or whitewash cautiously cleaned, so that no injury may be done to any painting, diapering, powdering or other decoration, if such exist. Where it is proposed to repair the roofs, all cleaning should be deferred until after the plastered surfaces are protected from the weather. Ancient plastered surfaces on walls and ceilings should, wherever possible, be preserved; and this often applies to external plastering, harling or rough cast.

Ancient Glass.—Ancient glass with the original leading and iron framework should be carefully preserved, and never allowed to be taken out of the building save for the purpose of necessary repair, and this only by competent workmen. It is seldom desirable to remove ancient glass from the place it occupies even when small fragments only remain. If new glass has to be put in old windows care should be taken to fit it to the irregularities of the

tracery. Old clear or Crown glass should also be preserved. The possibility of placing in the windows old glass found during the work should be considered.

Stonework of Windows.—There are various ways of repairing the stonework of traceried windows, each of which is useful according to circumstances. The advice of an architect experienced in conservation work is especially necessary in such cases.

Ironwork of Windows.—Ancient ironwork of windows should be preserved, and if it shows signs of splitting the stone it should be carefully removed,

have new copper ends welded on and as carefully reinstated.

Treatment of Stonework.—In the repair of walling no scraping or tooling of the surface should be permitted. The fact that masonry is decayed or damaged is not in itself a sufficient reason for re-building or renewal, and no new stonework should be used unless it is the best material to make the building structurally sound and weatherproof. Those parts only which are thus defective should be cut out and carefully renewed, but it does not follow that stone is the best material for the purpose. The same principles apply to walls of other materials.

Walls Out of Plumb.—Walls can usually be repaired without pulling them down. It is seldom necessary to straighten a wall which is not upright.

Old Roofs.—A new roof is rarely necessary where an ancient one exists; even if defective it can almost invariably be repaired. Often the ends of beams or rafters alone are decayed. Such timbers should not for this reason be discarded, but should be repaired by scarfing or otherwise. Where for some reason a new roof is to be put on ancient walls it should be constructed, preferably in English oak, without attempt to reproduce the forms of any past styles. Tie beams or rods should seldom be omitted in these circumstances.

The pitch of a new roof depends on many considerations. It must be left to the judgment of the architect, but indications of the old roof may be a guide.

Roof Coverings.—Old roof coverings—lead, tile, thatch, slate or stone—should be retained, and if repair is necessary new material of like nature

should be procured. Worn-out lead should be re-cast.

Monuments, Effigies, etc.—In no case should anything be done to monumental effigies, brasses, figures, heraldic devices, foliage, or other such works, either under cover or in the open beyond carefully cleaning or, when necessary, re-setting. Care should be taken to protect them from injury.

Fonts, etc.—Pulpits, fonts, piscinæ, etc., like other stonework, should on no account be scraped or re-tooled as has been too often the case. If these objects are to be brought into use, repairs for this purpose should be confined to essentials and not be allowed to extend to the renewal of decorative features.

Screens, etc.—Screens, seats and other furniture should not be removed from their original position. In this case, again, repairs should be confined to structural essentials.

Paintings.—Wall or other old paintings should not be touched nor, if covered, should attempt be made to expose them until expert advice has been obtained. Neglect of this precaution has resulted in irreparable damage to much valuable ancient work. For the preservation of wall paintings the first essential is that the wall itself shall be made safe from damp.

Fragmentary Remains.—The specification should contain a clause stipulating that the contractor has no claim upon old materials, excepting any which may be specially exempted. Fragments of sculpture, tiles, glass, metal work, and the like should be preserved in the building, with a record of

the place in which they were found.

Contract.—It is nearly always undesirable to enter into a lump sum contract for repair works. It is, however, sometimes convenient to arrange contracts for sections of works of which the nature and precise extent can be determined beforehand. Repair work, because of its nature, must be of a piecemeal or conjectural character, and the danger of a lump sum contract is either that the contractor under-estimates—leading to unsatisfactory work—or he too amply covers himself, which causes a higher expenditure than is actually warranted. The architect will advise as to the best form of contract applicable to each case. A usual form of contract provides that the builder shall render an account of the time and materials, as directed by the architect, at a fixed rate of profit on the net cost of the work.

General Conclusion.—In the principles and methods advocated in this document the Royal Institute has the support of the Society for the Protection of Ancient Buildings, of 20 Buckingham Street, Adelphi, W.C.2. Working in co-operation with that body the Institute is in a favourable position to afford advice to those who may require it on the subject to which this document relates, particularly in those cases where doubt may exist as to the correct procedure to be followed to secure effective protection or preservation of ancient structures or old examples of craftsmanship.

Such enquiries, explaining the special circumstances on which advice is sought, should be addressed to the Secretary of the Royal Institute at

No. 66 Portland Place, W.1.

Note.—Some supplementary information or advice, on points of technical detail, is appended to this document.

SUPPLEMENTARY ADVICE ON POINTS OF TECHNICAL DETAIL.

It is assumed that the work of repair will be directed by an architect and that no action of consequence will be taken without his definite instructions.

Excavation.—In making excavations in or about an ancient building, care should be taken to preserve every fragment of wrought stone, tiles or other ancient objects which may be met with. It is necessary to sift the earth in places where small objects are likely to be found.

Old foundations, bases of pillars, ancient tombs, stone coffins, pavements, or other work which appear to be in their original position should not be removed, but carefully exposed to view, in order that proper records of them may be made so that if possible they may be left permanently in their places.

In excavating and laying drains round old buildings projecting footings, however rough, should not be cut off and care should be taken in exposing them. Work which was clearly not intended to be exposed should not be left open to view or to the air. Drains should be so managed as to draw water from the foundations and not towards them.

Scaffolding.—Wherever scaffolding is necessary it should always be erected independent of the walls, and no support should be obtained from the walls themselves. A greater care should be taken to protect features liable to be damaged than is customary in new building work.

Stonework.—If it is necessary to clean off whitewash or paint from internal or other stonework, it should be remembered that the object of so doing is to bring to view the original surface and not to destroy it. The best way of removing the whitewash without in any degree disturbing, much less removing, the ancient surface must therefore be studied. The mode of tooling or working the ancient stone is a subject of interest, and the old tool marks must therefore not be damaged. If indications of ancient colouring be found on the surface of the stone the attention of the architect should be drawn to it before any attempt at exposing the colour is made.

The mode of removing whitewash depends much on the nature of the materials. In each case experiments should be made under direction to ascertain the best mode. It is preferable to leave the whitewash wholly or partially on the stone, rather than to use any tool which would damage the surface of the stone itself; for it is better to leave the old surface of the stone with the whitewash than to risk injuring it.

When in the course of repair traces of ancient string-courses, weatherings, windows, etc., are found, they should not be concealed again without instructions nor yet tooled off. No tool should be used upon the surface of ancient stonework.

Broken or decayed work should never be removed except where it is necessary to do so for the sake of stability, or where leaving it would be a source of danger. On no account should a stone be renewed simply because it has lost its original form; it is better to have broken or half-decayed authentic work than the most perfect reproduction. The cleaning of old work to make it harmonise with the new should be avoided. The old work is better left with its characteristic tone.

Lichen should not be removed from old surfaces except under expert direction.

In repairing walls, great care should be taken of any old mouldings or other wrought stones found embedded in them, and note taken of where they were found, for the fragments have usually been stowed away near to their original place. If windows or other features should be found, they should not be disturbed until they have been seen by the architect. Encaustic tiling or other ancient paving should be preserved in the places where they are found. Ancient monumental remains should nearly always be kept in their old position.

Carving.—The same principles as are laid down for stonework apply to carving. The re-dressing or restoration of old carving should never be attempted.

Plaster.—If plastering is to be removed it should first be examined for old painting by carefully removing the whitewash here and there, and if it be found to retain old painting nothing further should be done until the attention of the architect has been called to it.

Ancient plastering, even when defective, should not be removed, but only repaired where necessary.

New plastering on old walls should be thin, and carefully tailed off to meet the stone dressing as in ancient work.

Woodwork.—An ancient roof, or other piece of timber work, should not be condemned simply because it is defective. An ancient roof carefully preserved by splicing and other means is infinitely more valuable than a copy of the same in new timber; and even very serious defects can be

repaired if proper methods are employed. By failure to realise this possibility comparatively trifling defects have in the past been made the excuses for

destroying some of the finest ancient roofs.

An old roof should never be entirely taken off for purposes of repair, but should be dealt with in its place, bay by bay, and should be kept dry by tarpaulin or other means during the operations. Exposure to wet is very harmful to old timber.

Old timber should not be coated with oil, varnish or stain.

All remains of coloured decoration on old woodwork should be preserved

untouched with the greatest care.

Ancient seating should be preserved in its proper place, and any necessary repairs should be carried out on the spot if possible. Every remnant of old woodwork, of whatever description, should be carefully preserved and

where possible kept in its place.

Leadwork.—When ancient lead on roofs is to be repaired or relaid, care should be taken to preserve any inscriptions or ornamentations which have been cast on to the old lead. When old lead has to be relaid, the old lead should be re-cast—on the site if possible—to at least seven or eight pounds per foot super, and the rolls should be hollow rolls. Milled lead should not be used on old buildings. It is as well to remember that lead should not be laid on oak boards or cement without some intervening substance as both materials quickly decompose the lead, turning it to whitelead powder.

Glass.—Great care should be taken to preserve ancient stained and clear Crown glass. It should never be removed from the windows in which it is found, however rough and imperfect it may be or however small the fragments, unless under special direction. It should be repaired carefully

in its place.

Painting.—All remnants of ancient painting should be protected, and their preservation or cleaning should not be attempted unless under special

direction; above all no attempt should be made to touch them up.

Ironwork.—All remnants of ancient metal work such as hinges, locks, casement fastenings, etc., should be preserved in their place if possible and old saddle-bars or stanchions should never be removed from windows except under instructions from the architect. Ordinary iron dowells or clamps should not be used where ancient ironwork, fixed into stone, is likely to split or has already split the stone. The ironwork should be removed carefully and metal substituted which will not corrode. In the case of ancient stanchions and saddle-bars in windows, copper ends should be electrically welded or riveted on to the iron bars and carefully re-fixed.

Generally it needs to be borne in mind that the reparation of an ancient church or of any other ancient building, however simple it may be, is a work to be entered upon in a totally different spirit from that in which a

new work is approached.

The object is not only to put the work into good repair, but to preserve and perpetuate an authentic specimen of the ancient crafts of our country. Every ancient building has historical value, and even though at first sight its state of disrepair may suggest renewal, or that the work might be better executed if done anew, it must be remembered that all that value is gone when authenticity is destroyed, and that not renewal but preservation is the duty of those charged with the work.

SIZES FOR STANDARD BRICKS

In 1904 the R.I.B.A., in consultation with the Institution of Civil Engineers and the Brickmakers Association, was able to obtain agreement to a partial standardisation of the sizes of common or backing bricks. In 1919 the Institute was requested to make some changes in the standard and after consultation with various interested bodies it was agreed that a second standard should be added more in conformity with the practice in the North of England.

In 1928 a deputation of the Institute of Clay Workers attended a conference called by the Science Standing Committee to discuss again the question of standardisation, and in 1934 the R.I.B.A. suggested to the British Standards Institution that the time had come when more complete agreement might be secured so that one size should be standardised for the whole of the country and carry to its logical conclusion the work commenced thirty years ago by the R.I.B.A.

As a result of this suggestion the British Standards Institution appointed a committee representing the—

National Federation of Clay Industries, National Federation of Building Trades Employers, Institution of Municipal and County Engineers, The Railway Companies of Great Britain and Ireland, and the R.I.B.A.

In addition, the standard brick sizes have been approved by the Admiralty, the War Office and the Institution of Civil Engineers.

The recommendations of this committee, which have been incorporated in the British Standard Specification for Dimensions of Clay Facing and Backing Bricks No. 657, 1936, are as follows:—

- (a) The length of a standard brick to be 83 inches.
- (b) The width of a standard brick to be $4\frac{3}{16}$ inches, which assumes that the thickness of the vertical joint is $\frac{3}{8}$ of an inch.
 - (c) There should be three standard depths—
 Type I to have a depth of 2 inches.
 Type II to have a depth of $2\frac{5}{8}$ inches.
 Type III to have a depth of $2\frac{7}{8}$ inches.

a toleration of $\frac{1}{8}$ of an inch, plus or minus, being permitted in the standard length of $8\frac{3}{4}$ inches, and a toleration of $\frac{1}{16}$ of an inch, plus or minus, being permitted in the dimensions of width and depth.

Thus the British standard specification provides for three standard sizes for clay bricks differing in respect of depth only, the length and width remaining constant in each case.

The standard bricks laid dry shall measure as follows:-

- (a) Eight bricks laid as stretchers end to end in contact in a straight line (see Diagram, Fig. 1) to have a maximum length of 71 inches and a minimum length of 69 inches.
- (b) Eight bricks laid as headers side by side in contact in a straight line (see Diagram, Fig. 2) to have a maximum length of 34 inches and a minimum length of 33 inches.

(c) Eight bricks laid on edge, bedding surface to bedding surface and back to back in contact in a straight line (see Diagram, Fig. 3)—

Type I to have a maximum length of 16½ inches and a minimum length

of 15½ inches.

Type II to have a maximum length of 21½ inches and a minimum length of 20½ inches.

Type III to have a maximum length of $23\frac{1}{2}$ inches and a minimum length of $22\frac{1}{2}$ inches.

(d) The length of snap headers shall conform to the standard width, namely $4\frac{3}{16}$ inches.

This more complete standardisation deals only with the dimensions of machine and hand-made clay bricks; it is not concerned with sand-lime and glazed bricks, nor with the kind, variety, texture or colour of bricks that an Architect may wish to use.

THE CUBING OF BUILDINGS

On account of the wide divergencies in the systems at present employed by architects for the cubing of buildings, the Practice Standing Committee decided to draw up standard methods of measurement for the guidance of members of the Institute.

In addition to the general advantages to be gained from the cubing of buildings by standard methods, their application would—

- (1) Simplify the comparison of approximate estimates of cost; and
- (2) Ensure that the cubic contents of buildings submitted in architectural competitions were all calculated on the same basis.

In order that the Committee should receive as much assistance as possible in the pursuance of its purpose, Members of the Institute were requested in May 1926 to fill in and return to the Secretary the following two forms:—

- (a) A Questionnaire; and
- (b) A Schedule.

A Sub-Committee appointed by the Practice Standing Committee have devoted much care to the scrutiny and analysis of the returns, which have been of considerable value to the Committee in formulating the Standard Methods of Computation here set forth.

No. 1. LENGTH AND WIDTH MEASUREMENTS.

To be taken between the outer faces of the walls.

No. 2. HEIGHT MEASUREMENT.

To be taken from the top of the concrete foundation to (in the case of a pitched roof):

a line midway between the point of intersection of the outer surfaces of wall and roof, and the apex; or

(in the case of a flat roof):

a height of 2 feet above the roof.

In the case of a Mansard roof, its cubic contents are to be calculated separately.

No. 3. Projections.

After measuring the main structure an additional cube is to be made for the following projections:—

- (a) Porches.
- (b) Bays and Oriels.

September 1927.

VII. LIBRARY & PUBLICATIONS THE LIBRARY

THE R.I.B.A. Library which contains about 40,000 volumes is probably the most complete collection of architectural books in the world. The books are arranged in three series, the main series consisting of all books in general demand, a store room series of little used books and an early works and rare books series which includes all books which on account of their rarity or quality deserve special care. The Loan Library, of books which may be taken out of the Institute building, consists of duplicate copies of books in the main series. Particular care is taken to keep the loan collection up to date and stocked with sufficient copies of books to meet the demand.

All the books in the library with a few exceptions are on open access.

From the 1st October till the end of July the Library is open from 10 a.m. to 8 p.m. (Saturdays 5 p.m.); in September it closes at 7 p.m. (Saturdays 2 p.m.). The Reference Library is closed during the whole of August, but the Loan Library is open daily between the hours of 12 noon and 2 p.m. (Saturdays 12 noon to 1 p.m.), and the Periodical Room is open daily between the hours of 10 a.m. and 5 p.m. (Saturdays 10 a.m. to 1 p.m.).

GENERAL NOTES ON THE USE OF THE LIBRARY.

- r. The Library is primarily for the use of Members of the Institute (Fellows, Associates and Licentiates). Probationers and Students, on registration in the books of the Institute, are furnished with a card of admittance to the library which they must bring with them and show if required to do so by the librarians. Cards are also granted on the recommendation of members of the Institute, heads of colleges and schools and other suitably qualified sponsors, who are required to certify, on a form to be obtained at the Institute, that the persons they recommend are fit to be admitted to the privileges of the Reference and Loan Libraries.
- 2. All readers are requested to sign the Attendance Book either in the Periodical Room or the Main Library. One signature only is required from each reader in any single day however many visits he makes.
- 3. The Study room is particularly intended for the use of readers making prolonged research. Application for its use should be made to the librarians. The room contains lockers in which readers can keep their papers.
- 4. A Reader can reserve a seat during temporary absence from the library by placing a hat, note book or some other personal article on the chair. If a Reader is absent for more than an hour when the library is crowded the librarian may free the seat for use by another reader.
- 5. Readers are requested not to replace books on the shelves unless they are absolutely certain of the exact places from which they were taken.
- 6. All books left on tables and not obviously in actual use are liable to be replaced on the shelves by the staff. Readers who wish books to be kept out for them during temporary absence can reserve them by placing a slip of paper with their name on it on the volumes. Books so reserved may be recovered for use by another reader if urgently wanted.

LIBRARY RULES.

1. No book or other work forming part of the Reference Library is allowed to be taken from the premises of the Institute, except by special permission. Permission will not be given except in cases of the utmost urgency.

2. Readers desiring to trace must apply to the librarians for permission. Sheets of cellophane will be supplied to protect valuable works while they are being traced. Soft pencils only may be used. No compasses or dividers may be applied directly to any book or drawing, and the use of ink is prohibited at any table on which valuable works are placed.

3. Marking any book by writing, turning down leaves, etc., is strictly prohibited; this applies even to correction of a misprint, or to a single additional

mark to a book, however much previously disfigured.

4. Quietness in the Library is essential, and all conversation should be conducted in an undertone.

5. Not more than one volume at a time is issued to any one borrower, except by permission of the Librarian, and no volume may be retained longer than fourteen days, unless permission has been obtained from the Librarian.

6. Members and Students of the Institute who do not live nor work within

the London Postal Area can have books sent to them by post.

Probationers can also borrow by post, provided that a recommendation to this effect has been received by the Librarian from a Member of the Institute.

Books sent by post are dispatched at the cost of the Institute and returned

at the cost of the borrower.

7. A borrower is required to sign a voucher for each book he takes out, and is responsible for the work so long as the voucher remains uncancelled. A book will not be accepted as returned unless it be delivered by hand to the official in charge at the Library during Library hours. In the case, however, of a Member, Student or Probationer of the Institute borrowing through the post, his letter of request shall be countersigned by the Librarian on the day when the volume is dispatched, and shall be regarded as the borrower's voucher. On the return of the book the Librarian shall at once send the borrower a receipt. Books due for return on days when the Library is closed must be returned on the first following day when it is open.

8. Application for renewal must be made personally or by postcard in sufficient time to allow of the book being punctually returned if it cannot be renewed; if renewed, a written renewal from the Librarian will be sent, which

must be produced when the book is returned.

9. A fine of 3d. must be paid for every week or part of a week during which any volume is retained beyond the date of return stamped on the volume, or the date authorised after application for a renewal.

A borrower whose fines are unpaid will not be permitted to use the Loan Library and, if not a member of the Institute, he will also be debarred the

use of the Reference Library.

10. A borrower is liable to be called upon to replace at his own expense any work lost, marked, or injured while in his possession or to pay a fine, and is expected to wrap the book for postage so as to assure every reasonable protection.

PUBLICATIONS

Every Paper read or taken as read at General Meetings by any person may be published by the Council in any way and at any time that they may think proper, unless there shall have been a previous engagement with its author to the contrary.— Extract from the Bye-laws.

THE JOURNAL.

The JOURNAL (now commencing Vol. XLIV, 3rd Series) is usually published on the Saturday following the previous Monday's General Meeting. It consists of twenty numbers annually, fortnightly during the session and monthly in the recess, price 1s. 6d. each. It is also issued in annual volumes, price 3os. Special subscription for members of R.I.B.A. Allied Societies 12s. per annum (post free).

Communications relating to the literary part of the Journal should be addressed to the Editor. The business connected with the advertisements in both Journal and Kalendar is conducted by the R.I.B.A. Journal Advertisement Department, 66 Portland Place, W.I, under the direction of Mr. E. O'Shaughnessy.

PAPERS FROM THE TRANSACTIONS AND JOURNAL.

FORMS OF AGREEMENT AND SCHEDULE OF CONDITIONS FOR BUILDING CONTRACTS (1931).

The new Form of Contract as revised by drafting Counsel and finally approved by the respective Councils of the Royal Institute of British Architects, the National Federation of Building Trades' Employers, and the Institute of Builders, was issued, together with a Form suitably modified for use where quantities do not form part of the contract, on 21st July 1931, on which date all previous forms were withdrawn from circulation. The Forms are obtainable at the R.I.B.A., price 1s. 6d. each. A Joint Tribunal has been appointed to watch the working of the new Form and to report as to any amendments which may appear desirable as the result of any difficulties which may be brought to their notice by architects and builders.

NOTICE FORMS, &c., FOR USE UNDER THE LONDON BUILDING ACT.

Form A.—Party Structures.

Form B.—Intention to Build within Ten Feet of, and at a Lower LEVEL THAN, ADJOINING OWNER'S BUILDING.

Form C.—EXTERNAL WALLS WITH FOOTINGS PROJECTING INTO Adjoining Owner's Premises.

Form D.—PARTY WALLS ON LINE OF JUNCTION OF ADJOINING LANDS.

Form E.—APPOINTMENT OF THIRD SURVEYOR.

These Forms, prepared by the Practice Standing Committee, and approved by the Institute Council, are the copyright of the Institute, and copies may be obtained, printed on hand-made paper, at the Office, price 4 \(d \). each.

FORMS OF ARTICLES OF PUPILAGE.

(1) FORM FOR PAYMENT OF PREMIUM IN ONE SUM.

(2) FORM FOR PAYMENT OF PREMIUM BY INSTALMENTS.

These forms were approved at a General Meeting of the Institute on the 13th January, 1890. They are the copyright of the Institute, and are on sale at the Office, price One Shilling and Sixpence.

The following publications, the full text of which appears earlier in the KALENDAR, may also be obtained at the Institute (see note of price attached to each):--

Scale of Professional Charges (p. 753).

SCALE OF ARCHITECTS' CHARGES FOR LOCAL AUTHORITIES' AND PUBLIC UTILITY Societies' Housing Work (p. 761). Scale of Architects' Fees for Speculative Builders' Work for a Minimum

of Ten Houses (p. 763).

REGULATIONS GOVERNING ARCHITECTURAL COMPETITIONS (p. 765).

GENERAL ADVICE ON REPAIR OF ANCIENT BUILDINGS (p. 771).

VIII. BUILDING SURVEYING EXAMINATIONS, EDUCATION, ARCHITECTURE MEDALS.

(For particulars of Membership qualification and examinations, formerly included here, see separate pamphlet, Membership of the R.I.B.A., obtainable from the Secretary.)

BUILDING SURVEYING EXAMINATIONS. EXAMINATION QUALIFYING FOR CANDIDATURE AS DISTRICT SURVEYOR IN LONDON.

The London Building Act, 1930, cap. clviii, sect. 156, provides :--

The Royal Institute of British Architects may cause to be examined by such persons and in such manner as they think fit all candidates presenting themselves for the purpose of being examined as to their competency to perform the duties of District Surveyor, and shall grant certificates of competency to the candidates found to deserve them, and a person who has not already filled the office of District Surveyor shall not be qualified to be appointed to that office unless he has received a certificate of competency from that Institute or has been examined in such other manner as the Council may direct and been found competent.

The Candidate must be prepared to answer orally, in writing, and by means of drawings, questions upon the following points in order to satisfy the Board

as to his competency for the office of District Surveyor.

1. Graphic Question. To test the Candidate's general knowledge of planning and construction of buildings, a site plan will be supplied on which he will be expected to develop the layout of a building with the main constructional features, and illustrate these by sections. The provisions of the London Building Act must be complied with. A high standard of draughtsmanship is not expected.

2. At least two compulsory questions will be set relating to buildings of metal skeleton and reinforced concrete construction. Candidates must, therefore, be intimately acquainted with those provisions of the London Building Act, 1930, that have reference to buildings of metal skeleton construction, and also with the regulations

thereunder relating to reinforced concrete buildings.

3. The materials most in use in building, their mechanical properties and composition, distinction between good and inferior materials, nature and prevention of decay to which they are subject, and simple tests for quality such as can be made on the site of works. The bonding of masonry and brickwork, use of mortar and cement, framing of carpentry.

4. The design of arches, retaining walls, the different parts of timber, reinforced concrete, steel and other structures, and the modes of calculating stresses in them, especially such rapid modes as can be employed readily on the site. The testing and fixing of constructional steel work. The force of storms and stability of high

structures.

5. Foundations in various kinds of soil, and precautions to be taken, expedients when the bottom is bad or under water. The risks of accident due to interference with foundations after they have been put in, or to increasing the load on them. The foundations of high chimney shafts. Indications of the failure of foundations.

6. Common defects in construction. Decay of structures. Neglected and dan-

gerous structures. Shoring, underpinning, repair of walls tving buildings together,

and forming openings in existing walls.

7. The behaviour of various materials and modes of construction with reference to fire. Fire-resisting construction. Precautions necessary in heating and lighting buildings. Precautions to be taken in the storage of water.

8. The London Building Act, 1930, together with the regulations thereunder and the Bye-laws in force. The ordinary procedure thereunder. Defects or deficiencies in plans for a proposed building.

The Examination is held twice a year, in the months of April or May and October. Application forms, to be filled up by persons desirous of being examined, can be obtained free of charge at the Office of the Royal Institute.

For particulars as to attendance, fees, etc., see page 790.

CONDITIONS OF THE APPOINTMENT.

No person is accepted as a candidate for the appointment of District Surveyor unless he shall have attained twenty-eight years of age and be under fifty years of age, and every candidate must deliver with his application satisfactory evidence of his age.

Every candidate in required to sign a declaration and deliver it with his application that he becomes a candidate, and will accept the appointment if he should be appointed, on the following understanding:—

(a) That he will personally discharge the duties of the office, subject to Section 158 of the London Building Act, 1930.

(b) That he will give his whole time to the duties of the office.

(c) That he will not during his continuance in office (except in the discharge of the duties thereof) carry on business as an architect, surveyor or builder, or directly or indirectly, as a partner or otherwise, be interested in such business.

(d) That he will keep his District Office open from Monday to Friday (both inclusive) between the hours of 9.30 a.m. and 5 p.m., and on Saturday from 9.30 a.m. until 1 p.m. and give his personal attendance there daily from 9.30 to 10.30 a.m.

(e) That, in the event of any change in the status or terms of appointment or the duties of district surveyors being made by statute, he agrees that he shall not be entitled to compensation for any loss which he may sustain either in consequence of his continuing to hold office under such altered conditions or of his resignation due to his non-acceptance of such altered conditions.

(f) That he will in any event retire on his attaining the age of 65 years.

Every appointment of District Surveyor is subject to the person appointed passing

satisfactorily a medical examination by the Council's medical officer.

The County Council reserves to itself the exercise of its powers of dismissal if the District Surveyor so appointed should not act consistently with the understanding above set forth in any of the matters referred to therein, or for other sufficient reason.

EXAMINATION QUALIFYING FOR CANDIDATURE AS BUILDING SURVEYOR UNDER LOCAL AUTHORITIES.

The Candidate must be prepared to answer orally, in writing, and by means of drawings, questions upon the following points in order to satisfy the Board as to his competency for the office of Building Surveyor.

1. Graphic question. To test the Candidate's general knowledge of planning and construction of buildings, a site plan will be supplied, on which he will be expected to develop the layout of a building with the main constructional features, and illustrate these by sections. A high standard of draughtsmanship is not expected.

2. At least two compulsory questions will be set relating to buildings of metal skeleton and reinforced concrete construction. Candidates must, therefore, be

intimately acquainted with these forms of construction.

3. The materials most in use in building, their mechanical properties and composition, distinction between good and inferior materials, nature and prevention of decay to which they are subject, and simple tests for quality such as can be made on the site of works. The bonding of masonry and brickwork, use of mortar and cement, framing of carpentry.

4. The design of arches, retaining walls, the different parts of timber, reinforced concrete, steel and other structures, and the modes of calculating stresses in them, especially such rapid modes as can be employed readily on the site. The testing and fixing of constructional steel work. The force of storms and stability of high structures.

5. Foundations in various kinds of soil, and precautions to be taken, expedients when the bottom is bad or under water. The risks of accident due to interference with foundations after they have been put in, or to increasing the load on them. The foundations of high chimney shafts. Indications of the failure of foundations.

6. Common defects in construction. Decay of structures. Neglected and dangerous structures. Shoring, underpinning, repair of walls, tying buildings

together, and forming openings in existing walls.

7. The behaviour of various materials and modes of construction with reference to fire. Fire-resisting construction. Precautions necessary in heating and lighting buildings. Precautions to be taken in the storage of water.

8. The sanitary precautions needed to secure healthiness of site. The materials used in and the mode of executing house drainage works, and the ventilation of houses and drains.

9. The Model Bye-laws and general practice and the administration thereof. The Public Health Act and Allied Acts. Factory and Workshop Act, together with any other Acts as far as they apply to buildings.

Particulars applicable to both Examinations.

The Examination will occupy three days and will be conducted as follows:

1st day: Graphic Question, 10 a.m. to 1 p.m. and 2 to 3 p.m. Written Examination, 3 to 5 p.m.

2nd day: Written Examination continued, 10 a.m. to 1 p.m. and 2 to 5 p.m.

3rd day: Oral Examination upon the Candidate's papers.

Candidates must provide for themselves a half-imperial drawing board, a tee-square and other drawing instruments.

No books nor written memoranda may be brought into the examination room.

On the third day, the Examiners meet to inspect the papers and drawings, and to put such questions as they may think advisable to be answered orally by the Candidates; and they will ask for further particulars in those cases where the written answers are imperfect, insufficient, or incorrect.

The Examination Questions are not published. Copies of the Examination Questions are on no account to be taken away from the Royal Institute.

Each candidate, on sending in his application form, duly filled up, must pay a fee of Three Guineas.

The Statutory Examination for the Office of District Surveyor and the Examination for the Office of Building Surveyor under Local Authorities will be held on the following dates in 1937:—

5th, 6th and 7th May 1937 (last day for receiving applications 5th April) and

6th, 7th and 8th October 1937 (last day for receiving applications 6th September).

LIST OF PERSONS TO WHOM THE ROYAL INSTITUTE OF BRITISH ARCHITECTS HAS GRANTED CERTIFICATES OF COMPETENCY TO ACT AS DISTRICT SURVEYORS IN LONDON,

1856.—Thomas Meyer; Robert Booth; George Elkington; Sidney Godwin; William R. Gritten; Henry Parsons; Henry Hart; Chailes J. Badger; Henry A. Darbishire; W. R. Kinipple; H. S. Ridley; John J. Cole; Samuel S. Markham; Henry Simpson Legg; Daniel Cubitt Nichols; Charles Stephenson; William Young.

1860.—Thomas Miller Rickman.

1861.—Alexander Peebles; A. S. Chatworthy Baker.

1862.—James Tolley; Edward Adams; George Saunders; Francis Philcox Hughes; Richard Smith Lander; William Marshall.

1863.—Cæsar A. Long; Thomas Allom.
1864.—William Arthur Baker; T. Hovenden Hendry; John Young; John Hudson; Frederick Wallen; Newton Edward Jennings; Edward William Power.
1865.—Rowland Plumbe; Vincent John Grose; Henry J. Hansom.

1866.-William Candler Reed; Albert Parkinson Howell.

1867.—Edward Dru Drury; Robert Edward Purchas; T. H. Raiman; J. Lightfoot; George Lansdowne; Charles Innes; Charles Augustus Gould; Benjamin Tabberer; Henry Jarvis; George Scamell; Sir Alexander Stenning; Thomas William Willis.

1868.—Frederick Marrable; John Clarkson; Charles Humphreys; J. Douglass Matnews: Arthur Allom; Robert C. James; Lacy W. Ridge.

1869.—Chas. de Witt Hanbury; Harry Siddon Greaves; Robert Pledge Notley; Wilson T Piper; William Waine; Chester Foulsham; John S. Quilter; Augustus Wm. Tanner.

1870.—Daniel Robert Dale; Banister Fletcher; James William Forge; Horace Gundry; John Goldicutt Turner; Thomas Blashill; Arthur Hardy; John A. J.

1871.—Charles Aldridge; Alfred Bovill; Joseph Hewitt; Ebenezer Gregg; Thomas Henry Eagles; William Fogerty.

1872—Lewis Solomon; W. Hilton Nash; Thomas Roger Smith.
1873—Ernest Carritt; William Alfred Large; Thomas Henry Watson; Wm.
Chris. Leonard; Alfred Millwood; Alexander Payne; Hyman Henry Collins;
George Inskipp; Lewis Karslake.
1874.—Henry Lovegrove; Fred. Richard Meeson; Robert Walker; Thos.

Barnes-Williams; George Treacher; Russell B Bell.

1875.—John Hebb; Fred Charles Notley; Thomas Charles Sorby; John Barlow Badock; William Seymour; Thomas Stone; Edward Street; Frederic Hammond.

1876.—Joseph Benson; Geo. Elkington; Fred. Wm. Hugh Hunt; John M. Ferguson; Gordon T. Legg; George McDonell; W. H. Scrymgour; William Tasker; Alfred Conder; Wm. Holditch Stevens.

1877.—Rob. Lempriere Hesketh; Francis H. Hummel; John C. Nicol; Sydney Turner; Jasper Wager; William J. Buxton; Frederick Stone; Joseph Bromilow; Charles William Brooks; Edwin Rich. Hewitt; Jas. Stanning Edmeston; Robert Henry Burden.

1878.—Horace Cheston; Walter G. Doolin; Henry Hewitt Bridgman; Samuel

Flint Clarkson; Percie Cowper; William Grellier; William Smallpeice.
1879.—Percy Hunter; James Walter James; George Ashby Lean; Andrew Thomas Taylor; George Gray Jarvis; Walter Freeman; William Hewson Lees; Ellis Marsland.

1880.—Robert Edward Pownall; Thomas Edward Mundy; Henry Adam

Rawlins; Hugh McLachlan; Arthur Ashbridge; Walter Edward Blake. 1881.—Oliver Renton; Henry William Stock; George Jackson.

1882.-Martin Luther Saunders; John Hamilton; Walter Lewis Spiers; Arthur Sutton Gover; Cecil Haden Stock.

1883.—Edward Haslehurst; Reginald F. C. Francis; Francis Grinham Howell;

George Edwards; Robert C. Murray.

1884. - Arthur Harland; Thomas Batterbury; Edm. Woodthorpe; Wilfred J. Hardcastle.

1885.—G. W. Hamilton-Gordon; Herbert A. Pelly; Henry York.

1886.-Henry Blackburn; James W. Brooker; Arthur Crow; Frederick E. Eales; Charles Evans-Vaughan; Frederic R. Farrow; Josiah Goodchild; Frederick W. Hamilton; Austin Heyes; Stanley F. Monier-Williams; Edward W. Mountford; Cecil George Saunders: Edward L. Swatman.

1887.—Clarence T. Coggin; Herbert S. Saunders; John Slater; Henry Heugh

Tasker.

1888.—Ralph Nevill; Walter Scott; John Darch; Edward John Tarver.

1889.—Bernard John Dicksee; Ravenscroft Elsey Smith; John William Stevens; W. Henry White; George Lay Crickmay.
1890.—Arthur Herbert Belcher; Augustine Cadie Green; Thomas Henry

Hitchin; Frank Cecil Ryde; Cecil Orr; John Hudson.
1891.—Lawton Robert Ford; James McCurrey Cable.
1892.—John Albert Gill Knight; George Arthur Lansdown;

Waldemar Leverton; Robert Williams; Watson Hall.

1893.—Albert William Cleaver; Reginald Molesworth Gruggen.

1895 .- Arthur Henry Wharton Glasson; Harold Griffiths.

1806.—Osborn Cluse Hills; George Tolley.

1898.—Arthur Baldwin Hayward; George Henry Blagrove. 1899.—Harold Douglas Eldridge; Henry Hoyne Fox; Harry George Leslie;

Christopher William Surrey; Charles Archibald Daubney.
1900.—Henry Nathaniel Kerr; Walter Henry Woodward; Ernest Alexander
Young; Herbert Alfred Legge; Richard Dominic Hansom.
1901.—Sidney Joseph Halse; Frank Sizer Capon; Clement Osmund Nelson.

1902.—Thomas Handy Bishop, jun.; Arthur Maryon Watson; William George

Perkins; Arthur Halcrow Verstage.

1903.-Walter Godfrey Green; Ernest William Leea; Arthur George Morrice; Albert Perkins Stokes.

1904.—Percy John Black; John Moir Kennard; John Todd.

1905 .- Albert Anthony Fillary; Edgar Walsh Knight; Edwin Palser; Harry Tom Boden Spencer; Alexander Lionel Woodward.

1906.—Horace William Cubitt; William Robert Davidge; Percie Ion Elton; Herbert Kenchington; Gilbert Henry Lovegrove; William Herbert Rogers;

Herbert Shepherd; William George Shipwright; Collings Beatson Young.
1907.—Thomas James Bee; Percy Boothroyd Dannatt; Robert Henry Jewers
Mayhew; Henry Blinman Mackenzie; John Douglas Scott; Thomas Percival
Tinslay; Stanley Towse.

1908.—Frederick William Charles Barker; Alfred Ernest Biggs; Henry Thomas Bromley; Richard Thomas Grove; George Arthur Turner; William Ernest Watson.

1909 .- Baxter Greig; John Hatton Markham,

1910.—Alfred Rowland Conder; Otto Sigismund Doll; John Frederick Fogerty; Alexander Clark Meston; Frederick Percy Watson.

1911.—Reginald Seymour Andrews; Joseph Edward Mundell; Herbert Henry Young.

1912.—Sidney Walter Bensted; Benjamin Chaikin; John Dovaston; Lawrence Alexander David Shiner.

1913.—William Edward Brooks; John Percival Edwards; Frederic Snowden Hammond; Hubert Clovell Sands.

1914.—James Douglas Hunter; Henry George Warren.

1915 .- Ernest Fiander Etchells; Frederick Edward Mennie; Walter Stephen Tucker.

1916.—William Doddington; Harold Edward Watkinson.

1917.—Henry Colbeck.

1921.—Horace Raymond Chanter.

1922.—Clifford Cyril Knowlea. 1925.-Walter George Whincop.

1026.—Thomas Reuben Leonard Gibson; Thomas Stanley Hosking Cecil Kennard; Alfred Ernest Mayhew.

1927.—Reginald Arthur Cabel; Eric John Fisher; Geoffrey Murray Hall; Alfred

Lane: Richard Bertram Ling.

1928 - Percy Sidney Dixon; Arthur Lonsdale Handley; Harold Walter Humphry; Thomas Harry Nunn.

1929.—David Whyte.

1930.-Gordon Welch; Samuel George Skrimshire.

1931.-Robert Rodolph Sorrell Dean; Walter Albert Scott.

1932.—Frederick Charles Button; Edgar Lionel Campbell; Desmond Seeley Jones; Richard Herbert King; Eric Douglas McDowall.
1933.—Alfred Thomas Alkin; Ernest Philip Featherstone; Ian Drummond Walker.

1934.—George Stanley Bowers; Hubert Arthur Hesketh; Cyril Mitchell; John

Isaac Padget; Joseph Fogden.

1935.—Henry Goodwin Castleman; Gerald Leo Goulden; William Jones; John Hendrick Whittaker; Walter Bushell Young. 1936.—Donald Duncan Joseph Clarke; Philip Thomas Dean.

LIST OF PERSONS TO WHOM THE ROYAL INSTITUTE OF BRITISH ARCHITECTS HAS GRANTED CERTIFICATES OF COMPETENCY TO ACT AS BUILDING SURVEYOR UNDER LOCAL AUTHORITIES.

TRAVELLING CARDS

Members, Students, and Probationers R.I.B.A. can obtain from the Institute a travelling card, or credential for travel abroad, available for a stated period. Persons requiring the cards for use in Italy must have them visé'd by the Italian Consul of their district. Cards are also available for use in the United Kingdom. Applications for the cards must be made in writing to *The Secretary R.I.B.A*. at the Office of the Institute; and in the case of non-members, the application must be accompanied by a letter from a member.

REGULATIONS GOVERNING THE

MEASURING OF PUBLIC BUILDINGS AND MONUMENTS

IN EUROPEAN COUNTRIES

France.—A special permit must be obtained from the Direction des Beaux-Arts, Commission des Monuments Historiques in France. An application for a special permit must be accompanied by a letter from the British Embassy in Paris, to which the R.I.B.A. Travelling Card should be produced.

AUSTRIA.—The Federal Monuments Committee, I, Auerspergstr., Vienna VIII, will render every assistance to holders of the R.I.B.A. Travelling Card by giving letters of introduction to the responsible authorities.

BELGIUM.—Students should apply for permission to the Town Council of

the town in which they wish to pursue their studies.

Sweden.—Public buildings may be sketched and measured without any special permission from the authorities.

GERMANY.—Students should apply to the British Embassy in Berlin for letters of introduction to the Ministry of Art who grant the necessary permits.

DENMARK.—Students should apply for permits to the Department of

Public Instruction at Copenhagen.

SWITZERLAND.—Students should apply for permits to the Town Council

of the town in which they wish to pursue their studies.

Holland.—Students should apply to the Commission of Care for Monuments, The Hague, which will render every assistance to holders of the R.I.B.A. Travelling Card.

ITALY. (A) The entry to all National Museums and Monuments is now free, but the visitor is required to produce his passport for entry in a visitors' book.

(B) The student who wishes to sketch, measure or photograph must obtain a letter of permission from the Director of Monuments in the particular district where he is working. It is necessary to specify the type of work to be done, and applications to work upon unpublished monuments recently excavated are rarely entertained. Students are advised to communicate well in advance with The Director, British School at Rome, Valle Giulia, Roma (51), who will furnish them with advice.

Spain.—Students should apply for permits to the Department of Fine Arts,

Madrid, and should state in their applications:—

- 1. The names of the monuments they desire to study.
- 2. The kind of work they wish to carry out.
- 3. The number of students in the tour.
- 4. By whom they are accompanied (where applicable).

HUNGARY.—There are no formalities, but students are advised to apply for permits from the Commission of Historical Monuments, Budapest.

GREECE.—Students are advised to make application for permission to study antiquities in Greece to the Director of the British School at Athens,

Rue Spefsippe, Athens, Greece.

If the application is made between June and November it should be addressed to the Director of the British School at Athens, 50 Bedford Square, London, W.C.I.

Students should be prepared to produce other evidence of identity, e.g., their passports.

R.I.B.A. PRIZES AND STUDENTSHIPS:

Registers of Winners.

[A Pamphlet containing full particulars of the R.I.B.A. Prizes and Studentships, together with the names of the Prize Juries, can be obtained at the R.I.B.A., price 1s. per copy.]

ARCHITECTURE MEDALS

(For Royal Gold Medallists, see page 23.)

THE R.I.B.A. LONDON ARCHITECTURE BRONZE MEDAL.

With a view to encouraging excellence of design in architecture it has been decided to examine annually the buildings built during the three years ending 31st December, within a radius of eight miles from Charing Cross, and to award a Bronze Medal for the design of a building of exceptional merit.

THE MEDAL.—The architect of the selected building will receive a bronze medal, presented by the Royal Institute, together with a diploma signed by the Jury. A suitable tablet will be affixed to the chosen building.

Conditions.—(a) The building must front to a street, road, square or court, to which the public has access. (b) The architect whose name is submitted must himself be the designer of the building. (c) Any member of the Royal Institute shall be at liberty to nominate any building for consideration by the Jury. Forms of Nomination will be issued with the first two numbers of the Journal in each Session. These forms must be in the hands of the Secretary R.I.B.A. by the end of February. The Jury do not bind themselves to confine their selection to the buildings nominated.

PRESENTATION.—The presentation of the bronze medal to the architect will be made annually at a meeting of the Royal Institute, of which the date will be announced in the Press.

CONSTITUTION OF THE JURY.—(See page 35).

Register of London Architecture Bronze Medallists.

- 1922 W. Curtis Green, R.A. [F.], Wolseley House, Piccadilly.
